KENT STREET, LINDSAY

THE Bobcaygeon Independent AND MIDLAND COUNTIES' HERALD

FRIDAY, MARCH 11, 1899.

LOCAL NEWS.

AUD. REPORT.—The Auditors Report of the Village, appears on the fourth page.

WHEELS.—A heavy made its appearance on Sunday, and the Lindsay stage went on wheels on Wednesday. Sleights are still coming in, but the bridges are done for.

LITTLE BOB.—The Little Bob hockey players believe they are just about the stuff, and it is proposed that the weather is favorable, the Boyd Co., employees will contest against all comers.

WOOD.—There has been great activity in the forest produce business, and the old Gilmore depot, in Harvey, is reported as having a greater accumulation of logs and ties than has been collected since the Gilmore's closed.

HOCKEY.—Saturday night, the return match was played at Bobcaygeon v. Bobbly, and resulted in a Waterloo for Bobcaygeon. After a very hot game the score was five to four in favor of Bobbly. Now for the rubber, if weather permits.

CURLING.—The curlers met Lindsay last week and Fenelon Falls on Tuesday, and in both games the visitors were the victors.

FISHERIES.—The entire control of the inland fisheries is now in the hands of the Provincial Government. It is most important to the summer business that the fish should be preserved. What action is to be taken this year for protecting the fish during the spawning season? Something should be done, and done quickly.

TO WHITNEY.—The County Council of Victoria interviewed the Provincial Government this week to urge their assistance to the line that is proposed from Haliburton to Whitney and Mattawa. They were very favorably received, and have great hopes both of favorable consideration of the project, and the ultimate construction of the road.

HE WARNED.—It is reported that shoddy peddlers are on the prowl. To be forewarned is to be forearmed. Now look out for yourself, and do just as you please, if you think you can play the peddler at his own game, and beat him, why go ahead. You may be all frost smart, but there is just a chance that you may be wiser when you get through.

BAD CUT.—Mr. Olf Anderson, of Harvey, met with rather a bad accident, last week. He was in the woods chopping, and through a glance of the axe, it landed lengthways on his big toe, taking off a piece of the bone and making a nasty gash. Medical assistance was obtained, and the foot is now making good progress, though the extent of the gash is indicated when it is mentioned that thirteen stitches were required to draw it together.

JERSEY.—Mr. W. H. Hamilton has imported a tremendous swell cow, a thorough bred Jersey, from the celebrated herd owned by Mr. Freeman, of Smith. It is a very pretty animal. The Jerseys are coming much into favor as a village cow. The flow of milk is not large, but the quality is exceptionally fine. A cross of Ayrshire and Jersey is said to give very desirable results, being more hardy than the thoroughbred Jersey, and having a larger flow of milk.

PERSONALIA.—Mr. John Sedgewick, of Collet, was in town on Saturday. Mr. Sedgewick was laid up most of the winter with rheumatism, but is now himself again.

PERSONALIA.—Mr. Geo. McLaughlin, of South Victoria, was in the village on Tuesday evening, and was interviewed by the local political friends. Miss Ross is visiting Mrs. L. W. Ross, for a short time. Mrs. McCaughey is seriously ill. Mrs. E. Pearson is in a dangerous state of health, but hopes are entertained of her recovery.

PERSONALIA.—Mrs. Armstrong is visiting her daughter, Mrs. A. E. Bottum, of N. Y. Davey, has been laid up with a heavy cold, and together with her brother-in-law is not having a very pleasant time of it lately.

OPERATION.—Some few weeks ago, John Johnston, of North Verulam, was sent to the Nichols Hospital, suffering from a case of strangulated hernia, which is a break in the inner lining that supports the bowels, through which a portion, more or less of the bowel protrudes. It was not expected that he would recover, but after an operation by Dr. McCullough, the protrusion was put back and the rupture or break is healing. This case was in very bad condition when operated upon, and the recovery has been retarded by the formation of an abscess, but a recent receipt this week from the Hospital, shows that Johnston is gaining in flesh.

PERSONALIA.—Last Monday Mr. William Frew, of Fenelon Falls, came to the village for advice being scarcely able to move. After an examination Dr. Bonnell arranged by telegraph for his admission to the Hospital, and he went off immediately. The protrusion in his case was much larger than Johnston's, but Dr. McCullough at once performed a most skillful and successful operation. The rupture was on the left side, and so large as the protruding bowel that an incision of seven inches had to be made. The bowel had formed several adhesions that had to be liberated, and one of the peculiarities of the case was that the vermiform appendix which should be on the right hand side was firmly adhered to the bowel and was part of the protrusion at the rupture. The operations by skilled surgeons are most astonishing. There was a man deliberately cut open his bowels, trimmed, cleaned, and coiled comfortably into his hold in neat shipshape, and four hours after the operation his temperature was only a trifle over normal, and twenty-four hours after he was right as a fiddle.

BIRTH.—PEARSON.—On the 10th, in Bobcaygeon, the wife of Richard Pearson of a son.

MARRIED.—BEAVIS.—STEEL.—On the 15th, at the residence of the bride's father, Mr. Fredk Steele, by the Rev. J. W. Creighton, Archie Beavis, and Lizzie Jane Steele, both of Verulam.
