

Stop Reckless Driving!

If you drive recklessly and have not made up your mind to stop it, you are going to find yourself in serious trouble — soon! The Department of Highways is determined to put reckless drivers off the road and keep them off. If you need your car in business, stop and think for a minute what would happen if you had your driving license cancelled. You might lose your job. But what is your job compared to the death, crippling, or injuring of a good citizen!

Reckless drivers are criminals going along our highways breaking laws, maiming and killing defenseless people. Our laws are adequate and fair. Obey them and you will keep out of trouble; break them and take the consequences.

You cannot say you have not been warned. Stop speeding! Stop cutting in! Stop passing on hills. Stop taking chances of any kind. If you must drive slower than the average traffic, keep well to the right side of the highway or use the side roads. Do not block other traffic.

ONTARIO MOTORISTS WILL CO-OPERATE

to put reckless drivers where they belong. Here is what to do. When you see a motorist driving in a manner dangerous to the public, take his number, make a careful note of the actual time and place and when you reach your destination write to the Motor Vehicles Branch, Department of Highways, Toronto, giving full details. We do not invite reports of minor infringements of the traffic laws; you are requested to use sound judgment. We will deal adequately with offenders.

Under the heading "Honourable Earl Rowe states our party's stand on Labor" the campaign committee of the Liberal Conservative party in Ontario issues this statement.

"The national policy of the Liberal-Conservative Party, Provincial and Dominion for many years has been to create industry for the purpose of providing work and wages for

labor, and a profitable home market for the farmer, the lumberman and other primary producers. The party's sympathetic attitude towards labor is evidenced by the social legislation on our statute books

"The Liberal-Conservative party believes that labor should receive a fair share of the fruits of industry and is entitled to organize in order to improve the lot of the workers as regards wages, hours, security in old age and other conditions of industrial life.

"The Liberal-Conservative Party reaffirms its industrial policy of insisting up on the maintenance of law and order in all industrial disputes and pledges itself firmly and scrupulously to uphold the laws of Canada.

"The Liberal-Conservative party in Ontario stands for the following

"1. The right for the worker to bargain collectively through their own representatives chosen without dictation coercion or intimidation.

"2. It is and has for many decades been a fact that both capital and labor or international in their organization. Accordingly the right of the worker to belong to the union of his choosing. Canadian or international craft or industrial, is fully established provided always that the unions must observe and that capital must observe in all their actions the laws of Canada.

"3. The Liberal Conservative Party is unalterably opposed to the intro-

duction into Ontario of sit-down strikes, sabotage or other violations of our law, and for the purpose of clarity hereby places itself on record as being opposed to such illegalities whether they are introduced into Ontario by labor unions affiliated with the C.I.O., the A.F. of L., or any other organization, capital or labor.

"4. That representatives from other countries both of capital and labor, shall be subject on the same immigration laws and that they shall when admitted to this country strictly observe the laws of the land.

"5. The primary function of the state in all industrial disputes is, first—To take no sides and to maintain law and order without the principles as other people to our play of unnecessary or provocative force, and, second to enact and impartially administer adequate legislation for the conciliation of industrial disputes.

"6. The right to work in Canada is not dependent upon membership in any organization

"7. That no strike shall take place until all reasonable methods of conciliation are exhausted and the worker should have the right of secret ballot free from improper influence or coercion in all decisions relating to the dispute.

"8. The Liberal-Conservative party will continue in the future as in the past to defend the principle of freedom of association within the law. The party re-affirms its belief that the essence of democracy is trust in the people and to rely on freedom and not on dictatorship that public opinion may be led but not driven, and that the greatest safeguard of orderly progress and reform is the sound common sense of all classes of the Canadian people."
