Send the "INDEPENDENT" to that absent son or daughter.

Agricultural Instruction Coaches

The Canadian Pacific Railway and the Ontario Department of Agriculture are co-operating in running a couple of demonstration cars over the C. P. R. lines in Ontario. The route will be about the same as that followed two years ago last spring and nearly all the points to be visited were included in the former itinerary. The result following the instruction of two years ago, and the appreciation shown by the farmers, leads us to anticipate a very successful series of meetings, especially since plans have been made to hold evening meetings at most places, when a leading feature will be moving pictures.

The work will begin in October 4th and continue until November 15th. Thirty-seven places will be visited, a whole day being spent at each point. At most places the cars will be open for inspection from 10 o'clock until 5 or 5.30. Please see special announcements as to the time to be spent at each place. Not only the farmers, but the women and children will find much of interest in the exhibits and literature to be distributed. All should be deeply interested in the evening meetings.

Live Stock and Other Equipment
The Live Stock Coach will contain animals exhibiting desirable characteristics of our heavy horses, beef and dairy cattle, poultry swine and sheep. Arrangements will be made at most points to have some stock belonging to the farmers in the locality concerned brought to the train to be compared with that furnished by the Department. Placing before the farmers typical animals of our leading breeds and comparing them with the best to be found in the local herds should prove very instructive. One coach will be devoted to exhibits illustrating seed selections and improvement, identification of weeds, testing of seed, drainage, soil moisture, growing of alfalfa, corn, insect pests, protection from lightning, dairying, poultry raising, etc. All farmers should find much of interest and value in this demonstration car as well as in the judging of stock.

Judging Stock
Capable, experienced men will demonstrate the judging of live stock each afternoon from 2 to 5 p. m. Raised seats will be provided, and, if the weather demands it, a tent will be erected so that the work can be carried on with comfort to both instructors and audience.

School Children Invited
Trustees and teachers are requested to allow pupils of the High school and the larger pupils of the Public schools to visit the demonstration cars, say, in the late forenoon, or at such other time as may be arranged with the instructors in charge. All children are invited to view the moving pictures to be shown at evening meetings, where electricity is available.

All Should be Interested
The horse-breeder, the beef producer, the dairyman, the sheep farmer, poultryman, and especially the general farmer, will find much of interest on the train and in the lectures given. They should prove more attractive than a regular exhibition, because we will not have so much to see that the visitor will become confused, and besides there will be no counter attractions. We shall hope to spend together a very profitable day devoted to agricultural matters.

At most points the Women's Institutes are planning for a special meeting in the afternoon, and a joint meeting will be held in the evening.

Townpeople Should be Interested
Merchants, manufacturers, financiers, public officials, and others not directly identified with farming, are coming to appreciate the value to the country of the great wealth producers, the farmers; and we trust that many townspeople will visit the coaches and attend the evening meetings, which will not only be devoted to agriculture matters but also to health problems. Dr. J. W. S. McCullough, Secretary of the Provincial Board of Health, has arranged for a representative of his Department to operate the moving picture machine and to show on the screen moving pictures illustrating the production of milk and the necessity for controlling the fly nuisance. We also have a number of moving picture films illustrative of up-to-date Ontario agriculture, which will be exhibited at the evening meetings.

The Women's Institutes, the Farmers' Clubs, and all local organizations which are either directly or indirectly in farming, are asked to co-operate in making the visit of the Agricultural Instruction Coaches the greatest success possible.

We shall be glad to have the co-operation of any interested persons in thorough-

HOMESEEKERS' SPECIAL TRAIN LEAVES TORONTO 10.45 P. M. EACH TUESDAY.

For the accommodation of Homeseekers' and general tourist traffic to Western Canada, through train carrying Tourist Sleepers and Colonist Cars leaves Toronto 10.45 P. M. each Tuesday until further notice, running through to Winnipeg.

Attention is directed to the remarkably low round trip fares in connection with Homeseekers' Excursion to Western Canada via Canadian Pacific Railway. Tickets are on sale each Tuesday until October 26th, inclusive, and are good to return within two months from date of sale.

Apply to any C. P. R. Agent for full particulars or write M. G. Murphy, District Passenger Agent, Toronto.

ly advertising the meeting in which they are interested. By applying to this office for additional leaflets advertising the Coaches and meetings, we shall gladly supply the same. Do not forget to give the boys and girls an opportunity to take advantage of the visit to the train and if possible to also attend the evening meeting. When visiting the Coaches, ask questions, get literature, and take full advantage of the opportunity afforded for securing up-to-date information along Agricultural, Household and Health lines.

These farming Coaches will be at Lindsay on Monday, Oct. 18th, and the coaches will be open 11.30 to 5.30 p. m. An afternoon meeting for women and girls will be held in the Town Hall, where the evening meetings will be held. Everybody will be made Welcome to the Train and Lectures

Private Jones was hauled up before the Captain with whom was an angry civilian.

"Jones, this gentleman accuses you of killing his dog," said the officer, sharply.

"A cruel thing to do," snorted the bereaved owner. "You have done to death a defenceless animal, who never harmed anyone in his life."

"Dunno about 'armless,'" said Private Jones, heatedly. "E bit pretty deep into my leg when I was on sentry go, so I ran my bayonet into him."

"Rubbish," retorted the dog's master. "He was such a gentle little animal. Why didn't you drive him off with the butt-end of your rifle?"

"Why didn't he bit me with 'is tail?" countered Jones, with suspicious meekness.
