

**"Great Fortunes From Little Savings Grow"**

THE founders of fortunes fought their ways from poverty. They started small, and grew great by saving. With ready money, they were able to take advantage of the opportunities that made them wealthy and famous. Make your start today. Open an account in the Savings Department of The Bank of British North America and save something every week or month, until YOUR opportunity presents itself.

**DISTINCTLY MARKED** is our method of doing business.

In the first place we know good meat when we see it and in the next place we insist on getting that kind or none at all. So our meats are Tender and Juicy and have a flavor that comes from properly and generously fed cattle. One enthusiastic old lady says our meat is as easy to chew as a soft boiled egg and tastes better. It won't cost you any more than you sometimes pay for tough, stringy meat. See how nearly our meat answers to her description.

**Foolish Saving**

A penny saved is not always a penny earned.

Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate-glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers, is very properly regarded as a good investment.

Advertising is a good investment---just as plate-glass windows are. Advertising sells more goods than shop-windows do.

**A Word to The Public**

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures?
