-Messre. W. H. Beatty and W. G. Gooderham of Toronto; F. H. Walker of Walkerville and J. P. Wiser of Prescott, had interviews with the ministers of customs and inland revenue with reference to the proposed sale of 16,000 gailons of smuggled whisker, besides rum, brandy and gin, seized by customs officials in the Gulf this autumn. The distillers fear that if this liquor is sold at auction it would pring such a low price as to injuriously affect their business. The ministers promised to endeavor to dispose of the stuff in the manner that would be least injurious to the market.

English experts on the subject were sought and have been given to the public. These have particular reference to a statement credited to a Brooklyn physician that life insurance companies would have to revise their tables of mortality in consequence of Dr. Koch's lymph. It has been pointed out that the jymph has yet to be proved capable of curing or even materially allement of curing or even materially allement of curing or even materially allement to suffering of those affected with tuberculosis. By the aid of the new Hydro-Carbon Gas Furnace he can make indestructible porcelain fillings and restore broken and decayed teeth to their original shape, contour and color. By this process old roots can have porcelean crowns attached; consequently there is no

Gas, Vitalized Air, administered with great success for nearly 23 years, extracting teeth for thousands of persons without a particle of pair. He uses the latest approved oppliances for administering the Gas. He studied under Dr.Col ton of New York, the inventor of gas for ex-tracting teeth, who has given it to over 160,000 persons and not a fatal case. MR. NEELANDS uses Ball's Local Anaes thetic for extracting teeth. He is now using a new style of forcep which he had expressly

manufactured while on his last visit to New York, which removes the teeth without danger of injury to the gums or jaw, the gums healing up beautifully in a few days and no consequent trouble. Artificial Teeth inserted on all the popular bases and by the most approved styles and appliances for their retention and comfort, Numbers of persons are wearing teeth made by Mr. Neelands over 20 years and never required repairs. Prices from \$10 to \$65 for an upper or under set.

Persons from a distance will please send postal card before coming. Office, Kent-st., Lindsay, nearly opposite Congress Hall, Lindsay, Oct. 24, 1889.-72.
