Warning Against Hugh Mitchell. The Montreal Weekly Star and Family Herald of last week publishes the following warning: "A man representing himself as Hugh Mitchell, utterly unknown to the publishers of this paper, has been obtaining subscriptions in Lindsay, Ont., Midland, Ont., Penetang, Ont., Havelock, Ont., and other places in that district, for this and other papers, under false pre-tences and promises, and failing to remit sub-scriptions to the publishers. Mitchell is a crafty and dangerous impostor. He is a man about 25 years of age, about 5 feet 5 inches in height and is a crippie, having lost one leg; he walks on crutches. The public are warned against this man, as he has no au hority or commission from us of any kind. He works on sympathy through the instrumentality of his infirmity." We desire to repeat the warning so far as THE Post is concerned. People are warned not to give him money for subscriptions to THE Post or for printing or advertising.

A large circle of friends in town, including many of the old residents, will learn with deep regret of the death of Mrs. Claressa Carey, relict of the late John B. Carey of this town, which occurred in Chicago, Jan. 8th, after a short illness from typhoid fever. Deceased was born in Whitby towaship, being a daughter of the late Barber Nicholls, a well-known resident of that township. With her husband she came to Lindsay, then Purdy's Mils,) in 1819, and settled in the eastern part of the town, then unbroken fore-t, the north ward containing only two houses. She was a member of the Presbyter an church, but in dispensing charity and the doing of good works she recognized no creed, and was greatly beloved by all who knew her. Two sone and three daughters—Mr. Geo. Carey, Vanc uver, and Mr. W. E. Carey. Houston, Texas; Mrs. J. B. Mills, Hamilton; Mrs. W. Masten, Chicago and Mrs. Frank Crandell, Lindsay - mourn the loss of a kind and loving parent, and they have the sympathy of the community in their affliction.

The Gurd-Brandon By Law. The defeat of the by-law submitted to the ratepayers Monday last proposing to grant a bonus of \$12,000 to the Gurd—Brandon wooden-ware factory of Toronto is to be regretted inasmuch as the vote polled clearly shows that the property owners generally were in favor of it: all that was regut ed was a little organization in getting the vote out, and the lack of this was fatal. The opinion is held by a considerable number of our citizens that the town has done enough of benusing, and that any factory that cannot be induced to locate here by the effor of a free site and exemption from taxation de-mands too much. Others, there are, who main-

-A pleasing event took place at the residence of Mrs. Thomas Robertson of Ops on Tuesday the 29th of December, when her daughter, Rebecca, was united in marriage to Mr. Neil McEachern, so long and favorably known as a successful teacher in this vicinity. The wedding was a quiet one, only the immediate relatives of the bride being present, but the good wishes of her many warm friends follow her to her new home. We congratulate Mr. McEachern, not only on his success as a teacher while here, but on his success in winning at the same time a bride so charming and a wife who will so efficiently aid him.

Bound to Have It. I must and I will have it, exclaimed the little man and he dashed the paper to the floor, jump ed from his chair and brought his clinched hand down on the table vigorously, then, mopping his brow and adjusting his glasses, he seated himself, seized his pen and in a nervous exciteable hand wrote: D. As I buy considerable quantities of vegetable and flower seeds each spring, I would esteem it a favor if you would mail me your catalogue. My neighbors say it is the best. Very truly yours,

A Rumor Contradicted. An impression appears to have got abroad, caused no doubt by the large page advt. appear ing in THE POST, that Patterson & Co. of the

While they desire to sell goods and have cut the prices so low that it is no wonder the rumor that they are conducting a sacrifice sale took the popular fancy, they do not wish to do business under false pretence—they like the town, think it has a bright future, and in short have come to stay and enjoy the rights of citizenship. Collegiate Institute Notes. There has been plenty of excitement in our school life this week, reading room and corridor being thronged with excited students. The reasons for this thusness lare as hereinafter

reasons for this thusness are as hereinatter given.

First the nominations last Friday evening evoked considerable interest, and a fine array of names was recorded by our genial president. This nomination was succeeded this week by a meeting on Wednesday, at which the candidates for public position laid their claims before the constituents. This meeting was an enthusiastic success and the speeches were the best of the kind yet heard in the assembly hall, the gems being Mr. Kenny's, Mr. Blackwell's, Mr. Coate's and Mr. Weldon's. Secondly the energetic canvassing is now working to a climax, which aforesaid climax is to be reached this which aforesaid climax is to be reached this Friday evening, when the elections are to take place. It is expected that about two hundred votes will be cast. The price being paid for first-class votes is not definitely known as yet,
