LINDSAY, FRIDAY, JAN. 4, 1895.

EDITORIAL NOTES.

The British warship Blenheim, with the body of Sir John Thompson on board, arrived at Halifax on New Year's day.

The state funeral took place yesterday (Thursday).

As we go to press we learn that Premier Bowell was taken suddenly ill Thursday at Halifax.

With the other members of his cabinet the state funeral of the late Sir John Thompson. It is sincerely to be hoped that Canada will not have to mourn the sudden taking off of a four-time premier in the life of the present parliament.

Premier Tallon in his budget speech quotes the total debt of the province of Quebec as \$82,732,922, of which \$38,198,754 is funded.

The excess of liabilities over assets is \$21,842,854. Quebec has enjoyed forty government since confederation, except a few months when Mr. Joly was premier and a couple of years when Mr. Mercier was at the head of affairs.

GOOD WORK ON THE STREETS. Coun. TOUCHBURN, chairman of the committee, read a detailed account of the work done during the past season.

It appears in another part of the paper. He wished to thank every member of the committee for their assistance and help in carrying out what he thought was best for the interests of the town.

All the deliberations of the committee had been harmonious and united. There never had been anything like the same amount of work done for so little money as in the past year.

They only do the amount of work laid out early in the season. The cost would have been under the estimate. The report was received and filed.

THE CLIMAX REACHED. Moved by Coun. ANDERSON, seconded by Reeve KYLIE, that the treasurer be instructed to deposit the taxes in dispute with the town and Mr. Mallon, less the interest.

Mr. TOUCHBURN—"That's a silly thing to do." Mr. KYLIE—"Now, I don't agree with you, Coun. TOUCHBURN—I don't think it's a silly thing to do."

LOCAL MATTERS.

LINDSAY TOWN COUNCIL.

A SPECIAL MEETING TO WIND UP THE YEAR'S BUSINESS—MR. MALLON'S CASE.

ONCE MORE DISCUSSING THE TOWN'S REPORTS. A special meeting of the town council was held in the council chamber on Thursday evening of last week to dispose of all business for the incoming council.

The minutes of the last regular meeting were read and confirmed. MR. MALLON SCORES A WIN.

Mayor WALTERS said the council had better try and dispose of the Mallon claim. Both Mr. Mallon and Mr. Jewett were present and he would suggest that they heard.

Mr. JEWETT briefly explained that he had attempted to collect the taxes from Mr. Mallon's tenant, but had received a lawyer's letter stating that the furniture belonged to the wife, and he had been advised by the town solicitor to let the matter drop.

Mr. MALLON had said "Do the best you can," or words to that effect. Coun. STAPLES—"Why did you not collect them from the other tenants?"

Mr. JEWETT—"I couldn't do that—he was not assessed; it would be contrary to law."

Coun. ANDERSON remarked that there seemed to be a little misunderstanding regarding the matter—Mr. Mallon was prepared to pay the taxes if the council would throw off the accrued interest. He thought it would be wise to do that and end the trouble.

Coun. STAPLES said the matter had been referred to the town solicitor, who had reported that Mr. Mallon had no claim against the town for redress.

Mr. TOUCHBURN said he held the same opinion—it was merely a dispute between the town collector and Mr. Mallon, and anyone who knew the two men could decide at once which one deserved to be believed. He would not abate one jot of interest.

Mr. MALLON claimed the right to say a word or two. He did not think the matter should be presented fairly to the town solicitor, and he had the opinion of the highest legal authority in the town as to the justice of his claim.

Mr. JEWETT said he would prefer to pay the money out of his own pocket rather than reduce the family to want, but they were well able to pay, and he could indemnify him against possible consequences.

Dep. Reeve CHANDLER held that Mr. Mallon's claim was a sound one, and would be sustained by the courts. He knew that no landlord who gave instructions to collect from a tenant could be again sued for the amount.

Coun. ANDERSON—"I have a resolution to offer that will settle the matter." Coun. ROBINSON said he had known Mr. Mallon for some 40 years and never knew him to tell an untruth.

He was very sorry to hear any such thing thrown upon his word by Coun. TOUCHBURN.

Coun. TOUCHBURN—"Mr. Mayor, why is this discussion not shut off? The town solicitor declares that Mallon has no case against the town—it should be against Jewett. It is nonsense for Chandler and Robinson to get up and talk as they were doing simply to try and catch a few votes."

Coun. ROBINSON says he has not known Mallon to tell a lie in 40 years. He is a man who would never have a much shorter period, yet I have caught him in an untruth.

Mayor WALTERS—"Order, Coun. TOUCHBURN—this has gone far enough."

A CHARITY MATTER. Mr. R. J. McLaughlin addressed the council relative to a sum of money advanced to the express company by himself and Mr. George McHugh, being charges on the corpse of a poor man who had died in the timber at the hands of the north.

Mayor WALTERS added a few explanations, and it was agreed that the money should be refunded.

REPORT OF THE FINANCE COMMITTEE. Coun. STAPLES, chairman, presented the following report:

Table with 2 columns: Item, Amount. Includes Prizes, Hurler & Brady, F. Rowland, George Barn, etc.

Dep. Reeve ROBINSON enquired if Mr. Hugg's account did not belong to last year. Reeve KYLIE—"Yes, several years ago. It is purely my fault that it was not presented to the council."

Coun. STAPLES—"This year's council had had to pay a number of old accounts left by previous councils."

THE MEETING WATER RATES. Mayor WALTERS, in answer to an inquiry by Mr. Wilson, stated that the dispute about water rates with Dr. Wilson had been adjusted and the Dr. would pay his assessments.

GOOD WORK ON THE STREETS. Coun. TOUCHBURN, chairman of the committee, read a detailed account of the work done during the past season.

It appears in another part of the paper. He wished to thank every member of the committee for their assistance and help in carrying out what he thought was best for the interests of the town.

A Conscription. [Is the Editor of The Post?] Sir—In connection with the islands in Stony and other lakes in the counties of Peterborough and Victoria, which are the property of the department of Indian Affairs, I hear that it has been stated in Peterborough that I have been in the habit of holding them for parties who have made no payment on them.

I desire to state publicly that there is no ground whatever for such an assertion. Any unimproved land between Lakefield and Galloway, in the county of Victoria, with the exception of those reserved for Indians, and one or two withdrawn from sale by the department for special reasons, is for sale by me at a fixed price to anyone.

A CALAMITY AVERTED.

AN ACCIDENT AT ST. MARY'S WITH ALMOST FATAL RESULTS.

The Victim St. Mary's for Months, During Which Time He Was Forced to Sit in a Chair—His Case Finally Pronounced Hopeless—How his Restoration Was Bought About.

How different are the feelings that take possession of one as they read the particulars of some great railway or steamship disaster where scores of lives with whom we have no acquaintance have been lost, and reading the particulars of the runaway of a span of horses attached to a carriage from which one of our acquaintances has been thrown and killed. In the former case, although the loss of life has been great, you say "I can't believe it," but in a few days the news has probably passed from your mind while in the latter instance the minutest particulars of the runaway. And so it is when we read the particulars of cures really remarkable, but because the facts are soon forgotten. But when a case can be submitted right at home, with which a large number of our readers are familiar, it will, we are sure, be of special interest and carry conviction.

Our readers will remember that over two years ago, while Mr. Gideon Elliott, James street, St. Mary's, was teaming a coach he was thrown from a load and received such severe injuries to his spine that he was unable to walk or sit down in that he suffered great pain in his back. For long months he lived night and day in a chair, and not able to do the slightest thing to help himself. And with no prospect of help before him he began to feel that life was a burden and he had a desire to die. Two physicians attended him, but after exhausting their powers Mr. Elliott was told that "if he had anything he wanted settled he had better attend to it at once," the last doctor telling him he could not be cured. To an Argus representative Mr. Elliott gave the above facts and said that after having suffered a great deal of pain, and notwithstanding the fact that he was incurable, he determined to try the Pink Pills treatment, and purchased a dozen boxes of the renowned Dr. Williams' Pink Pills for Pale People.

Inside of three weeks he began to feel the effects of the pills and now most emphatically declares that they have made him as well as he is to-day. When he started taking them he was not able to help himself in any way, but during the past fall he took up the potatoes in his garden, and has now done all the chores around his house. This is a wonderful change in a man who spent months in a chair unable to help himself or even to lie down and who was crippled and exhausted by the time he was taken by physicians that his only hope lay in the selection of Dr. Williams' Pink Pills over disease.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing remedy for neuralgia, St. Vitus' dance, sciatica, rheumatism, nervous headache, the after effects of a grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors, and all cases of general debility. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood, and restore the glow of health to pale and wasted cheeks. In cases where they are radical cures in cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Sherrill, N.Y., and are sold only in boxes bearing their trade mark and wrapper in red ink, at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address.

For the Holidays!

The joyous season of Christmas is here, and the homes of the County will ring with gayeties and rejoicings and the welcoming of those long absent.

"Good cheer" will be dispensed with a lavish hand, and business cares and worries will be forgotten for the time being, at any rate. The pleasure of all will be seriously marred, however, if the supply of Christmas "good things" is scanty or inferior in quality. To be really fit for such an occasion the Christmas Groceries should be fresh and of first quality, and should be procured from us. Never have we had such a choice stock to offer holiday buyers, and the prices will be found most reasonable.
