A certain journal not long ago said that if two people were put in the same bed, the one with a cold and the other in love, the one with toothache would go to sleep first. Will somebody who knows please testify to the truth of this statement for the benefit of our readers.

Many of the women who are entitled to vote at the municipal elections are too old and frail to go to the polling booth and cast their votes, and more active women are not enfranchised.

The W. C. T. U. wishes that every woman whose name is on the voter's list should have her ballot on Monday, Jan. 6. We appeal to the women voters to vote early, vote wisely, and vote independently. Let no woman refrain from casting her ballot because she is old and frail. Women do not vote intelligently. At the last provincial election 34 men voted in Lindsay who were unable to mark their ballots. Are we to suppose that 34 men voted as good sense and intelligence dictated? We consider the ballot a sacred trust, and we women should be afraid not ashamed to use it.

On Monday, Dec. 30th, water began to run over the dam above the locks for the first time in months. Next day the quantity had increased considerably.
