Interruption to Travel in England and Many Other Inconveniences, London, Jan. 24.-The snowstorm which began on Friday continues and is causing many interruptions to travel and other inconveniences. Many sheep and other animals have perished, and the losses sustained by farmers and others will be quite heavy. The snow is so deep between Hastings

and Brighton that a number of trains

have been blocked, an occurrence which is seldom heard of in that part of the country. The heavy wind which accompanied the snowstorm has done considerable damage along the coast. Some of the fishing boats which have arrived at Lowestoft report the loss by drowning of several members of their crews. A number of boats were quite badly damaged. Quantities of wreckage is being washed ashore on the Norfolk coast, indicating the loss of
