Left Hip Affected—Suspected Kidney Trouble—Relieved and Perfectly Cured by Dodd's Kidney.

Toronto Junction, Jan. 18 (Special)—Mr. H. Playter is not a difficult man to find, as everybody here knows that he is foreman at No. 1 Fire Hall. He was the picture of health when he called upon your correspondent, and told his story thus:—  
"In April 1896 I suffered from a severe attack of Sciatica affecting my left hip and leg to the tip of the toe. I suspected it came from some sort of kidney trouble, and as they had been recommended, I procured a box of Dodd's Kidney Pills.  
"At the end of the fourth day I was entirely relieved, but desiring a permanent cure, I continued to use them and another box, and am now perfectly cured and as well as ever in my life. Another of mine living at Pine Orchard has been cured by Dodd's Kidney Pills."

**TWO WAYS OF LOOKING AT IT.**

The snow is beautiful to see, and to the poet dries delight when over lawn and over lea.  
It lies, a mantle, pure and white.  
But when, six inches deep or no,  
It lies, at morn, beside his door,  
And must be shovelled off, the snow  
The poet deems a woeful bore.
