-Letters lately received by our townsman, Mr. W. F. O'Boyle, from A NEW YEAR'S GREETING

The undersigned desire most heartily to wish the numerous friends and policy-holders of the North American Life Assurance Company of this town and surrounding districts a most happy and prosperous New Year.

It will be gratifying to all policy-

holders to learn that this well managed Canadian company is again upon the close of 1897 still leading the procession of all Life Insurance Companies in profits paid and business done. At the close of 1896 wonderful results were achieved, but now another year has shown even better results than ever. In refering to the Lindsay agency for the year 1896, most magnifi--Mr. Richard Ware, of Cambray, | cent results were obtained for that year, but it is a pleasure indeed to announce that even the splendid business of 1896 has been exceeded this year by 42 per cent. These results gor far beyond our expectations, and just here most hearty congratulations are certainly due and are cordially extended to all our staff for the earnest and active co-operation in aiding us to close the best year in the company's Kinmount, was here Tuesday on busi- history for our districts. We believe, however, that the magnificent result is largely owing to the handsome profits realized by the Company under its various forms of insurance. It should always be gratifying to policy-holders to realize that they are connected with a first-class Canadian Company, whose earning power is unexcelled on this continent, and whose business shows a larger increase each

We again wish to extend many thanks for past favors, and we hope in the future to be remembered as in the past.-Respectfully yours, CAMPBELL BROS.
