LINDSAY, FRIDAY, FEB. 17, 1839.

Bills Introduced by Members and Given First Readings.

DEPUTATIONS WERE

The Rumored Resignation of Hon. J. M. Gibson, Commissioner of Crown Lands, Denied-The Provisions of the San Jose Scale Bill-The Question of Labor Legisla-

tion Enforcement. Toronto, Feb. 14.-The sitting of the Legislature yesterday would have been devoid of interest had it not been for the inquiry by Mr. Whitney respecting the statement which bad received publicity that Hon. J. M. Gibson intended resigning his portfolio as Commissioner of Crown Lands. The Attorney-General promptly gave the story a denial, which Mr. Gibson afterwards corroborated in

Mr. Crawford (West Toronto), seconded by Mr. For (South Toronto), moved for leave to present his bill for an act to prevent the overgrowding of street cars. The bill passed its first reading.

The San Jose Scale. Hon. Mr. Dryden (South Ontario) introduced his bill to prevent any further spread of the San Jose scale, and to extirpate the pest, if possible. The bill sion of the subject was a sign of progress. contains three main clauses. The first | But the question must be decided on pure clause provides that in case of the dis- business principles, not from a missionary sovery of a scale in nursery stock, the or religious aspect. nurseryman is so be notified not so dispose of any of the stock till the inspector makes a full examination and reports it is safe to do se. A second provision permits the destruction of orchards, the irees of which are evidently infected, upon the report of the inspectors. The third provision, however, is the main one and is directed not only against the scale, but also against all insect pests. It has been found that the nurseries are the breeding ground of these pests. Accordingly, the bill requires that all nursery stocks, whether grown in the country or imported, shall be fumigated with hydroeyanic acid gas. The bill was read the first sime, and the second reading appointed for Thursday.

Mr. T. A. Wardell (North Wentworth) introduced bills to amend the Assessment Act and the Municipal Act, which passed their first reading

Petitions Presented. Mr. Crawford's bill for a Workman's Compensation Act is already beginning to make employers protest. Seven manufacturers or employers of labor in Tavistock have protested against it, and have sent in a petition praying that the act do not pass, alleging that it is unjust to the employer, a menace to the rights of the

employer in his relation to the employed -more than any employe can reasonably ask for or justly claim-that it is not being urged at the solicitation of the employed and that the employed are already satisfied with the existing legislation safeguarding their rights, to which the pro-

posed amendment is urged. By Dr. Pyne, from George A. Cox and others, for an act to incorporate a railroad from a point at or near the present terminus of the G. T. R. at Hallburton to Whitney, on the Ottawa, Arnprior & Parry Sound Railway, thence in a northwesterly direction to Mattawa, on the Ottawa River, with power to equip and operate the same by steam.

By Mr. Conmee, from Edward V. Douglas and F. S. Lewis, Philadephia; T. H. Clergne, New York; J. Clergne and H. C. Hamilton, Sault Ste. Marie, seeking incorporation of Algoma Central Railway Company, for the purpose of constructing and operating a railway from a point at or near Sault Ste. Marie to a point on the main line of the C. P. R., at or near Dalton Station, thence southwesterly to Michipicoton Harbor on

Lake Superior. By Mr. McNish, from 50 physicians, praying for better hospital accommodation and surgical appliances at the Asylum for the Insane, London.

By Mr. Foy, from Mayflower Association, K. of L., 6564, praying for an amendment to the Assessment Act to provide that no man will have his taxes increased because he improves his property. Petitions to this effect to equalize assessment were received from various organizations.

By Mr. Barr, from County Council of Dufferin, praying for amendment of the License Act, giving license commissioners power to grant extra licenses where General: Insurgents collected in conthey deem it necessary.

Mr. Gibson's Rumored Resignation, The Attorney-General having moved the adjournment of the House, Mr. Whitney called attention to the rumor in an evening paper that Hon. J. M. Gibson was likely to retire from the Cabinet, and interrogated the Premier as to the bona fides of the statement.

The Attorney-General, in reply. said "I have not heard it; but, then, I do not profess to be al far advanced with the news as the evening papers, or even the morning papers. I can but say, so far as the Cabinet is concerned, that it has not been made known to them that this is the intention of Mr. Gibson. I believe he is to arrive in town to-day. That is, this afternoon. I apprehend he will be found filling his chair in the Crown Lands Dapartment, as herotofore."

ASSEMBLY NOTES.

The hudget debate will be resumed by Mr. Conmee to-day. T. D. Hodgins, member for East Middlesax, who has been prevented from attending the session owing to illness, is

The Hamilton, Chedoke & Ancaster Electric Railway wants its name changed to the Hamilton, Ancaster & Brantford Railway, and also an extension of run-

Whitby town will ask the Legislature to sanction a bonus of \$10,000 to a leather factory. The Town of Winchester wants power to give a \$10,000 bonus to a pork packing establishment.

A deputation from the Dominion Trades' Congress waited upon Premier Hardy yesterday, not to ask for new legislation, but to request that the laws regarding labor now on the statute book be enforced. Prison labor and the inefficiency of Factory Act inspection were dwelt upon most strongly. The Premier promised full consideration to the representa-

To a single tax deputation yesterday, t the close, Premier Hardy said they had listened to a very interesting topic, one on which knowledge was increasing. They might not agree with a good deal of what had been said-certainly not with the definite way in which they stated the Almighty had done this or that. He thought it the highest justice to tax personal property. Although he could not agree with the deputation, many of their arguments he accepted. The amount of feeling they had thrown into the discus-

An Emphatic Denial.

Toronto, Feb. 14.-Hon. Mr. Gibson arrived in town last night, and was present when the deputation waited on the Government. He looks much improved in health, and gave an emphatic denial to the rumor that he was contemplating resigning from the Cabinet.

MR. CHARLTON IN THE WEST. He Spoke of Canadian and United States

Trade Relations and Pleaded for Simple Justice.

Chicago, Feb. 13 .- Mr. John Charlton, of the Canadian Parliament, and one of the Anglo-American commissioners, was the guest of honor at the annual banques of the Merchanta' Club of Chicago, which was held at the Grand Pacific Hotel on Saturday night. About 60 of the leading merchants and business men of the city were present, and Mr. Charlton's talk was greeted with much warmth. He spoke about "United States and Canadian trade relations." He concluded his speech with these words, which show the gist of the points he amplified in his address:

It is surely important that the two Angle-Saxon states upon this continent should develop and grow side by side under conditions of absolute friendship and good feeling, and it is needless to claim that the greater of the two can afford to deal not only justly, but generously, with the smaller commonwealth at the north. I do not venture to suggest trade concessions, except to an extent far within the limits of what Canada might reasonably ask, as a recognition of our free, or lightly-burdened, admission of a great volume of American proquess, but I assert that the tree aumitsion of forest products and a reasonably important list of agricultural products, would be a simple bit of justice to Canada, would promote good relations between the two countries, and would not be injurious to any interest in the United States, and would, on the contrary, effectually promote the interests of both in the same manner that trade between the various States of the American Union, unhampered by restrictions, has been found, in the experience of more than a century, to be in the highest degree advantageous to the interests of all

A Seventeen of the immates are reported to ERNSTGARTUNG, S-O., Brantford. | rental of \$1 per annum for each mile have perished.

A Brief and Decisive Action in the Philippines.

Serious of Brilliant Combats Have Advanced the American Arms Four Times During the Past Week-How Gen. Otis Drove the Insurgents From Their Stronghold-News by Cable.

Manila, Feb. 11.-The United States forces attacked and carried Caloocan yesterday afternoon. The action was short and decisive, the enemy being driven out with great loss. To reach its present position the

brigades have advanced four times since Sunday, in a series of brillant combats on different parts of the line of action, especially on the fourth, fifth and seventh. The last advance was the most sanguinary, the American loss being one killed and six wounded, while the Filipinos suffered a loss of 44 killed, and were utterly routed. The brigade lost to date six killed and 55 wounded. All the dead were buried.

Gen. Otis' Official Despatch. Washington, Feb. 11.-The following despatch from Gen. Otis has been received at the War Department: "Adjutantsiderable force between Manila and Caloocan, where Aguinaldo was reported to be, and threatened attack and uprising in the city. Yesterday afternoon swung the left of McArthur's division, which is north of the Pasig River, into Caloocan, driving the enemy easily. Our left is now at Caloocan. Our loss was slight, that of the insurgents considerable, a half hour's firing from Admiral Dewey's vessels."

Up to the close of office hours yesterday General Otis sent no news to the Was Department indicating any further conflicts with the natives.

IS IT ANDREE? Siberians Find a Hut Made Apparently From Balloon Wreckage.

Krasnovarsk, Siberia, Feb. 11 .- A gold mine owner here named Monastyrschian

has received a letter saying that a tribe of Tungusos, inhabiting the Timur Peninsula, North Siberia, recently informed the Russian police chief of the district that on Jan. 7 last, between Komo and Piet, in the Province of Yeniseisk, they found a cabin constructed of cloth and cordage, apparently belonging to a balloon. Close by were the bodies of three men, the head of one badly crushed. Around them were a number of instruments, the uses of which were not under-

has started for the spot to investigate, as it is believed that the bodies are those of Andree and his companions, Strindberg and Fraenkel. Prof. Andree's ascent was made from Tromsoe Island at the northern extremity of Norway, on July 11, 1897, at 2.30 p.m., in the midst of a strong wind. After the narrow escape from being driven against the rock in Sweerinburg Sound the balloon was seen moving northward easily, as Andree wished, over the flat peninsula of Hollaendernaes.

GRAND TRUNK IS BOOMING. First Dividend on First Preference Shares

in Ten Years Declared. London, Feb. 11 .- Yesterday the Grand Trunk Railway Company directors annouced a dividend of four per cent. on guaranteed stock and of three per cent. on first preference shares. In addition the gratifying announcement is made that the company is able to carry forward £4,000, and an increase of £10,000 in traffic returns is reported. All this gave Grand Trunk securities a buoyancy in the stock markets, and the stock rose from 5-8 to 11/2 The reported desire of Canadian and American railroad managers to maintain rates was another factor that tended to strengthen.

This is the first dividend declared on the first preference shares for about ten years. The dividend has not come as a great surprise to the financial world, as, of course, something of the sort was expected by reason of the vastly improved business of the year. Mr. Charles M. Hays, the general manager of the road, was present at the

Serious Blaze at Albany. Athany, N.Y., Feb. 13 .- One and resterday. Eight firms doing a prosperous business had their stock totally destroyed. The loss will reach \$250.000.

St. Catharines Visited. St. Catharines, Ont., Feb. 18.-The discovered to be on fire on Saturday offices and clubrooms in the building. 17 Insane People Burned. Omaha, Feb. 13.-The State Asylum

hendway, and only part of the furniture was saved. The building was valued at \$1,900; insurance, \$800. There is an imsurance of \$600 on the furniture. Dr. Sifton disposed of his practice and residence to Dr. MoNiven of Alvinston a couple of weeks ago, and the transfer has been made, so that Dr. McNiven will be the loser. Dr. McNiven was to have taken possession of the house Monday or Tuesday.

Presbyterian Church Burned. Brockville, Ont., Feb. 18 .. -- About 5 o'clock yesterday morning fire was discovered in St. John's Presbyterian Church on King street. The firemen responded to the call promptly, and though they worked hard to save the building their efforts were fruitless. Nothing remains but the stone walls and one of Brockville's finest buildings is now a total wreck. Cause of fire unknown.

Chicago Suffers Heavily. Chicago, Feb. 13.-The five-story brick building at the northwest corner of Wabash avenue and Madison street, occupied by the book and stationery firm ot A. C. McClurg & Co., was, with its contents, totally destroyed by fire yesterday, entailing a loss of nearly \$650,000, of which \$500,000 was on the stock.

Fire at Owen Sound. Owen Sound, Feb. 18 .- The hardware store of T. T. Thompson was discovered to be on fire about 9 p.m. yesterday. After an bour's hard work the fire was gotten under control, but not before half the stock was badly damaged. The loss will be in the neighborhood of \$5,000;

Firemen Frost Bitten. Sault Ste. Marie, Ont., Feb. 18 .- At were last least \$1000 safe for those you leave The Minister of the Interior Will Grant bundred feet of the business portion of 6.40 Saturday morning fire was discover-South Pearl street was destroyed by fire ed in Dunn's lumber mill here. The mill is a total loss; dry kiln and lumber in yard saved. Loss about \$4,000; small insurance. Several of the firemen had ears and noses frozen, the temperature being 40 below zero.

\$3,000 by a Broken Wheel, St. Thomas, Feb. 14 .- The breaking of a car wheel caused a \$3,000 breakdown on the Wabash Railway, two miles west of Jarvis Station, yesterday noon. Eleven cars of freight and the van were derailed. The derailed cars consisted of two loads of cattle, one of sheep, two of provsions, and the balance of corn meal. Three head of cattle and 35 sheep were killed. The loss amounted to about

Gowans, Kent & Co.'s Toronto Wholesale Destroyed by Fire.

HALIFAX CITADEL SCORCHED,

At Toronto as at Halifax the Frost King Made the Work of the Fire Fighters Doubly Bard-The Toronto Fire Was One of the Worst for a Long Time - The List of Losses and Insurances.

Toronto, Feb. 11.-The extensive premises occupied by Messrs. Gowans, Kent & Co., at 10-16 East Front street, was the scene yesterday of one of the most destructive fires that have taken place in Toronto for some time. The building was totally destroyed and the stock and plant of the company is ruined. The fire burned several hours and at times reached such great proportions that the whole block bounded by Front, Scott, Wellington and Yonge streets was threatened with destruction. The flames were first observed on the wall at the rear of the building, where several electric light wires enter the premises.

When the firemen arrived they found the flames in complete possession of the building. Fighting the fire on all sides, Chief Graham prevented any danger of its spreading, but falled for some time to subdue the persistent flames between the roof and top floor. The second floor fell about an hour after the fire started and scattered burning timber in all directions. Several firemen had narrow escapes in getting to places of safety. The walls of the building were not able to sustain the heavy mansard roof and it dropped abortly after 1 o'clock. In its fall it brought with it a mass of crockery from the second floor and the crash could be heard some distance away. It was not long before the firemen looked like huge icicles. As soon as the water dropped on their clothing it quickly froze, in some cases about an inch thick. The building was of three storeys, with a mangard roof. It was owned partly by the Kent estate and Crombie estate. The company's stock of crockery and china was a valuable one. Mr. John G.

Kent estimated its value at about \$150,-000, and it is said that the loss will be The losses and insurance are tabulated

thrown out of work by the fire. Some of the female employes had a narrow escape from being suffocated until assisted from the burning building by Assistant Chief Davis and several of the firemen. The firm intends to resume business at once. Mr. J. S. Kent, a partner, was looking around for suitable premises yesterday afternoon. Mr. Kent says there is a large quantity of goods in the custom house, and he expects the firm will be

THE CITADEL ON FIRE.

able to fulfill orders on Monday.

Much Damage Done That the Soldiers at Halifax Could Not Avert-Couldn't Get Engine Up Hill.

Halifax, N.S., Feb. 11 .- Early yestermorning ure broke out in th Citadel. Word was at once telephoned by the military to the fire department, asking them to send the apparatus to the scene, in the hope that prompt work neight avoid destruction. The people in the Citadel were themselves helpless. There is a hydrant there connected with the city water service, but that was frozen solid. A tank is also within the Citadel enclosure, but that was of no avail, because the primitive hand engine intended to draw water from it would not work. All that the soldiers could do. therefore, was to chafe impatiently as they awaited the arrival of succor from the city. This was slow in coming, on account of the steep ascent and the tremendous difficulty in bauling the heavy engine up the steep grades to the Citadel gate. Engine after engine was sent for, and they tried the hill from the north approach and the southern. This

consumed much time. The fire was below the earth-covered quarters, and though it burned flercely, shooting in sharp tongues into the most -for the fire started 20 feet below the upper level of the Citadel-the blaze

could not be seen above. The flames were in complete control of the offices of the district officers, the canteen and the reception room. It was a most peculiar confiagration, from a spectaclar point of view. Though the interior was a veritable furnace. there were no sheets of flames leaping upward. The place is roofed over with solid masonry, and above that again is thick earth.

At 3 o'clock the flames were under control. The damage will be considerable, though it is difficult to estimate it in dollars. The whole of the regimental papers contained in the office are burned. canteen accounts, sheets containing an account of offences are gone. The orderly room furniture is all destroyed, as well as everything that was in the offices. The location or the fire was far removed from the magazines. General Lord William Seymour and the leading officers were all on hand.

Another Manitoba Fire. Roland, Man., Feb. 11 .- A serious fire

occurred here last night, and many merchants lost their places of business and the principal part of their stocks. The fire started at 7 o'clock, by a gasoline explosion in the hardware store of J. E. Birch & Sons. In the residences over the stores all the household goods

ITALY AND FRANCE Said to Have Agreed in a Position Antagonistic to Britain.

London, Feb. 14,-Italy and France, says the Rome correspondent of The Daily Mail, have agreed to share possession of Cape Dumeira, on the Raheita coast, at the southern extremity of the Red Sea. It is expected that France will fortify her portion of the Cape. In the pinion of the correspondent, the British fortifications at Perim, in the Straits of Bab-el-Mandeb, at the entrance to the Red Sea, opposite the Rabeita coast, will lose much of their strategic value by this Italian concession to the French Govern-

The man who earns his living with his orains cannot afford to neglect his body. The body is the furnace and boiler that furnishes steam to the brain. If the furnace is permitted to get clogged with clinkers, the boiler will make no steam, and the delicate machinery of the brain will slow down and come to a

When a man finds that his ideas do not come as freely as they once did, he call needn't worry about his menbut he had better look to his body. His stomach and intestines are clogged with the clinkers of indigestion. His blood is impure, and does not receive the proper ele-ments to put vim and speed into the machinery of the brain. If he neglects this

condition he will suffer from headaches, sleeplessness, loss of appetite, confusion of ideas, despondency and lack of energy. Eventually he will break down with nervous exhaustion or prostration. There is a remedy that will promptly put a man right under these conditions. It is Dr. Pierce's Golden Medical Discovery. It cures indi-gestion, fills the blood with the vital elements of life, tones the nerves, and makes the brain bright, clear and active. It cures all nerve and brain troubles due to insufficient or improper nourishment. The 'Golden Medical Discovery" is for sale by all good medicine dealers, and only an unscrupulous dealer will try to induce a customer to take some worthless remedy, alleged to be "just as good."

Mr. Ned Nelson, the celebrated Irish Come-Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspensia. I had tried everything possible to cure it till last week while playing at B. F. Keeth's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Piegce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Constipation is promptly cured by Dr. Pierce's Pleasant Pellets. All medicine
