LINDSAY, FRIDAY, FEB. 17, 1899. NERVES PARALYZED.

Nervous Prostration so Severe. Lost Power of Hands, Side and Limbs, but South American Nerve Tonic Cured and Saved Her.

Minnie Stevens, daughter of T. A. Stevens, of the Stevens Manufacturing Co., of London, was stricken down with a very severe attack of nervous prostration.

Open as Day. It is given to every physician, for formula of Scott's Emulsion being so secret, but no successful imitations have ever been offered to the public.

Be Content. What matter if nights are wild and black, And we buffet with storm and stress; And we are our old-time friends come back, Arrayed in their winter dress.

A Changeable Climate. Tam and Jock were going home "half-seas over" last New Year's morning, when they decided to first look at the weather.

THIS SETTLES IT. Mr. Charles Dean on Dodd's Kidney Pills. He was Asked if Dodd's Kidney Pills Cured Him of his Disease.

London, Feb. 10.—The publication of a few days ago, in the press of this and other cities, of the statement that Mr. Charles Dean, of the City Hotel, had been cured by Dodd's Kidney Pills of a disease that every other remedy had failed to even relieve, created wide-spread comment and discussion.

The majority of the citizens agreed that the case was not a remarkable one for Dodd's Kidney Pills, which, they said, cure every case of Kidney Disease for which they are used.

Some few persons, however, doubted the accuracy of the report, and for all we interviewed Mr. Dean, and asked him if the press reports were true.

"Certainly they are true," said he. "The only fault which there is that they are not strong enough."

"I used to suffer so much that I had to lie down, to get relief. My doctor said my kidneys were affected. He gave me medicine, but it did not help me."

THE WHITE MAN'S BURDEN.

Take up the White Man's burden— Send forth the best ye breed— Go, bind your sons to exile; To serve your captives' need;

LAST MONDAY'S HOCKEY MATCH WAS A GREAT EVENT.

Kingston Frontenacs Defeated Lindsay in a Hotly Contested Game.

An immense crowd assembled at the Lindsay rink last Monday to see the game of hockey between the Frontenacs, of Kingston, and the home team.

The two teams had a lively battle; each fought hard for supremacy. The Frontenacs won the game by the score of 5-6, but it was their good combination in the forward line that did it.

The ice was in good condition. The home team put up a splendid game and really surprised the people. Lindsay's defence, as usual, proved a stiff obstacle in the way of the visitors.

The playing of Wiley and Taylor requires no comment, for they are crack players. Knowledge and Parkin showed up well and at times did some good playing.

Gross's goal keeping was a stone wall for the Kingston men; time and again he was in the goal, and he was safely in the net in time, and we can safely say that Gross's work was remarkably well performed.

Dr. Walters' lifting and McMillan's stopping are always good points to be credited. The teams lined up as follows:

Frontenacs: Hiscoc, Goal; Goss, Defence; McMillan, Defence; Taylor, Defence; Wiley, Defence; Gross, Defence; Walters, Defence; Parkin, Defence; Clarke, Defence.

The puck was faced off shortly after eight, and for several minutes the game was a lively one, when Lindsay got down to goal combination play.

The puck was tossed to McMillan, who made good use of it, and sent it right through Frontenacs' goal. Hiscoc was on the alert, but could not prevent the score.

The crowd went wild for a few moments, and the excitement was intense. Thinking things were not going to suit them, got down to harder playing, but in spite of it Lindsay scored another.

McAfee was ruled off for five minutes for rough play, but the home team were unable to take any advantage during his absence. No more goals were scored in this half.

On resuming play the Frontenacs got down to business and put up grand combination game; the score was soon placed to their credit. Reyer and Wilson, of their forward line are stars.

The former made a splendid play, and the latter scored nearly every time. Parkin was ruled off in this half, but the temptation was so great that he stole on before time was up, and was again ruled off for another three minutes.

The puck was once more faced, and with rushes exchanged Wiley made an excellent shot and succeeded in scoring, which led the score, but Reyer accompanied the visitors, but Reyer was not able to even up, and the visitors were declared the winners.

Mr. Gordon Gauthier, Osgoode Hall, Toronto, who acted as referee in the game with Norwood, again filled that position, and was fair, giving general satisfaction.

Given an Oyster Supper. An oyster supper was served after the match at the "Big 30" restaurant, and the visitors were royally entertained.

About 40 enthusiastic friends of hockey sat down to the tables to do justice to all the good things. Mr. Alex. Paton, president of the club, occupied the chair, and the game had been won on its merits and congratulated the visitors on their excellent playing.

They had good material. The Frontenacs were getting larger crowds. The people have confidence in the home team, and that is the way to build up a first-class team.

Dr. Barrows and Mr. Gordon Gauthier, the referee, made short speeches, congratulating the Frontenacs; the game was a good one and the Lindsay men had been honestly defeated, but Lindsay would wipe out the defeat at Kingston.

Captain M. Murray, of the Frontenacs, replied to the speech, saying that his team had come determined to win the game, but he admitted that they had had no easy task.

A Pearce, a colored gentleman who accompanied the visitors, entertained the crowd for a few moments with the Countess cake dance, which was much enjoyed. Songs were then contributed by the Frontenacs, Parkin, Shannon, McMillan, Knowles, and Dr. Walters, the boys joining in the choruses.

That Throbbing Headache. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches.

NOTES ON THE GREAT WINNIPEG BONSPIEL.

What the Papers Said About Skip Flavelle and his Men.

From our Winnipeg exchanges we make the following clippings. They tell their own tale and are very interesting to the popularity of Mr. Flavelle and his rink in the West.

One of the clippings gives the names of the two St. Paul rinks that were at the rink. Flavelle's rink was that of Mr. Flavelle, from an old and popular Lindsay man is playing second stone on Defiel's crack rink that administered the only defeat Harstone's Winnipeg rink met with at the St. Paul Bonspiel.

The first complete rink to arrive in the city for the bonspiel was that of J. D. Flavelle, of Lindsay, who, accompanied by his crack rink, stepped off the Pullman car of the Pacific express early Saturday afternoon.

The first rink of visiting curlers to arrive at the C.P.R. station was that of J. D. Flavelle, of Lindsay, who came in on the express. There was a large crowd of Winnipeggers at the depot to greet the visitors, including the members of the Anderson rink of the branch; Mr. MacGahan, manager of the Bank of Montreal; E. G. Barrett, Cooper, Conklin, Black and many others.

Soon after his arrival in the city, the Lindsay rink was on the ice at the Assiniboine rink, where he played a friendly game against a strong combination skip by Rev. H. Pedley, chaplain of the Lindsay rink.

Flavelle's rink was a bad start, and on the fifth end they were 7 down. They however, quickly picked up, and won out by four points, 13-9. The rinks were:

A. G. MacGahan, M. H. Sison, M. Alder, J. W. Kennedy, J. S. Rwart, J. A. McMillan, Rev. H. Pedley, skip, 9. J. D. Flavelle, skip, 13.

At the conclusion of the game Mr. Flavelle was seen by a Free Press man and expressed himself as delighted at being again at the Winnipeg rink, and has shared many of Flavelle's victories. "Jack" McMillan, who is known to nearly all the curlers in Canada, still plays third for Mr. Flavelle. The Lindsay rink are guests at the Manitoba.

Bob Dunbar and J. D. Flavelle met Saturday evening at the Manitoba hotel and at once fell to talking curling. Both expressed a strong desire to come together during the bonspiel, and "Bob" suggested that if Flavelle would play with him, a friendly game might be arranged for a barrel of oatmeal for the general hospital.

Jack McMillan, the well known third man in Flavelle's rink, says the only time a man feels perfectly at ease in curling is when he is playing with Flavelle. He is a brother-in-law of Mr. Charles Hopwood, of MacKay Bros. Mr. W. H. Kennedy has been on the ice for many years and has shared many of Flavelle's victories. "Jack" McMillan, who is known to nearly all the curlers in Canada, still plays third for Mr. Flavelle. The Lindsay rink are guests at the Manitoba.

Mr. Flavelle thinks this will be his last visit to a bonspiel. He is a well known curler and will be very sorry to hear of this, and he hopes he may change his mind and come back at least once again.

Jimmie Baxter, of the Thistles, was in hopes he would draw Flavelle, but as fate decided differently, he says that he will be at it this morning at the Auditorium rink.

This is Mr. Flavelle's first visit to the rink since 1892, seven years ago. Mr. Flavelle says jocularly, that he made up his mind to come west once more before he got too old and too tired to play. He had no opportunity of seeing how the city had progressed since his last visit.

Mr. MacGahan, of the Bank of Montreal, an old Lindsay man, will mascot Flavelle's rink.

The rinks from St. Paul are: Dr. E. Arnold, S. F. Fullerton, Sam Hastings, C. M. Griggs, skip; J. MacMillan, T. Pratt, F. McCarthy, L. DeFelle, skip.

Porter, A. LeRoy, R. Wilson, skip; Invincible—H. Dyer, H. Brooks, R. Harstone, C. McAlpine, skip. Score, 13 to 8 in favor of the Jubilee Parks.

A MISTAKEN IMPRESSION CORRECTED.

Dyspeptics are not Naturally Irritable Cranks. But People of Culture and Intelligence—Hence their Avoidance of Quick Remedies for their Dyspepsia.

The general impression that dyspeptic persons are unsocial, "grumpy," cranks is far from correct. As a rule people who are afflicted by Dyspepsia are persons of the most genial and sunny temperament.

They know what is wrong with them. They know that there is only one way of curing it—by removing the cause. Now all who have used Dodd's Dyspepsia Tablets know that they do this positively, and permanently.
