A very pleasant time was spent in the town hall in Beaverton, under the auspices of the Sons of Scotland, and a magnificent program was rendered A great number of our Bolsover gentlemen citizens attended the same with lady friends. One of our young men left for Beaverton alone in a cutter which was quite large enough to seat two people without crowding, but he was a little late, so, thinking he would make the grade in time, he started out at an awful speed, but happened with an accident about a mile and a half before reaching the village of Gamebridge, and thus was delayed, but was fortunate enough to call at a residence where he secured relief from his troubles and reached his destination in time.

Another of the early settlers passed away on Sunday morning last in the person of Mr. Joseph Coby, of this place. Deceased came to this neighborhood about 55 years ago, moving in here from Newmarket soon after his marriage. At that time there were but few settlers and the country was almost a wilderness. He took a comfortable home for himself and family, where he had ever since resided. His wife, a daughter of Mr. Augustus Rogers, of Newmarket,—still survives him. Their union was blessed with six children, only two of whom are now living. Deceased was very widely known and greatly esteemed. He was a member of the Society of Friends, and was buried in the Friends' cemetery here. Deceased was 78 years of age. The funeral was perhaps the largest seen here for many years. "His life was gentle and the elements so mixed in him that nature might stand up and say to all the world—this was a man."

JANETVILLE.
(Correspondence to The Post.)

The basket social on Friday evening was in every way a success. While some baskets were auctioned off by the genial Mr. Wm. Arthurs, as high as from $1.50 to $1.80, the supply towards the close was greater than the demand, and a few remained unsold. The proceeds were nearly $40. The program was good, consisting of selections by The Gramophone; the Lotus violin orchestra; a vocal solo entitled "No one can take the place of Mother," by Jean Oswald; a humorous reading, "Minding Baby," by Euphemia Fear; a sacred song, "Galilee," by Miss Richardson, of Bethany; a recitation, "Little Joe," by Lilian Ingram; a song, "The Lost Chord," by Mr. Harry Anderson; and a recitation, "Prayer and Potatoes," by Edith Anderson. The crowd thoroughly enjoyed the spacious home and the generous hospitality of the host and hostess till the "wee sma' hours."

The change of weather has brought more comfort, but less sleighing.

Rev. A. L. Adam preached on Sunday evening from Luke 13: 7, "Cut it down, why cumbereth it the ground." His salient points were that the church had no use for idle professors because they were stumbling blocks to honest seekers of the truth, and retarded the progress of christianity.

FRANKLIN.
(Correspondence to The Post.)

Lagrippe and the cold weather caused the attendance at school to be small during the first part of February. This week the pupils are able to be out again.

The thaw of the past week has left the roads in a bad condition. In many places the snow is entirely gone. This makes it very hard for those farmers who are moving at the present time.

Those who have been confined to the house by lagrippe are improving nicely.

The basket social which was held on the 15th, was in every respect a success. Mr. Lytle's house was crowded. There were forty-eight baskets and they realized over forty dollars. The auctioneer was Mr. J. Stewart, who played his part to the satisfaction of all.

Mr. Geo. Kearns and Miss Florence Kearns, of Eldon, paid a flying visit to Mr. Wm. J. Fallis on Friday last.

SONYA.
(Correspondence to The Post.)

Scottish Concert.—To say that the Scottish concert under the auspices of the S. O. S., of Sonya, was a success would be putting it very mild, as it was a huge success in every particular. Their new and nicely fitted up hall was packed to the doors by an appreciative audience which was held in the height of pleasure and excitement for over two and a half hours, and the general opinion of those present was that it eclipsed all predecessors and therefore reflects great credit on the committee of management. The Rev. A. Currie, M.A., officiated as chairman in his usual pleasing manner. The first number on the program, a selection on the pipes, brought out the star of the entertainment in the person of Mr. George Murray. His playing soon convinced his hearers that he was master of his profession, but the climax was not reached until he had given an exhibition of the beautiful national dances of Scotland, accompanied by his pupils, the Rennie family, who acquitted themselves more like professionals than amateurs, and as Mr. Murray put it "we have nothing better in the city." The step dancing of Mr. Thomas Manderson was enjoyed by all. The vocal numbers given by Miss Diesfield and Miss McKenzie were well received, especially Miss McKenzie's Scottish accent, which helped greatly to carry her along notwithstanding her heavy and powerful voice and the extra effort she put forth in singing "Bonnie Prince Charlie." As humorist and character vocalist, Mr. Bert Harvey delighted every person; his selections were choice and of a refined character, faultless in execution and brimfull of innocent mirth. "Come back again, Mr. Harvey," is the wish of all who heard him sing. Mr. A. McDonald, our local piper and violinist, supplied choice music for the dancing, with marked improvement over previous occasions. Last but not least, Miss Dora S. McGill, who deserves special mention, proved herself to possess the rare faculty of being a first-class and satisfactory accompanist for singers. The singing of "Auld Lang Syne" by the company of artists, "God Save the Queen" by all present, and pronouncing the benediction by the chairman, brought to a close one of the best concerts ever given in this part of the country.

DUNSFORD.
(Correspondence to The Post.)

On Friday, 17th inst., the remains of Mrs. Buxton were interred in the cemetery of the Methodist church. Mrs. Buxton retired at 10 o'clock on Wednesday night in apparently good health and spirits, and on Thursday morning was found dead. Dr. Bonnell was notified, and after viewing the body pronounced apoplexy as the cause of her departure. Mrs. Buxton, (formerly Mrs. Irwin) resided with her daughter, Mrs. Silas Thurston, from whose residence she was buried. The funeral was largely attended by friends who expressed much sympathy for Mrs. Thurston and Mrs. Robt. King, of Bobcaygeon, another daughter of Mrs. Buxton, Mrs. Buxton formerly resided in North Verulam, but on the death of her first husband (Mr. Irwin) sold her farm. Latterly she lived in Detroit, from whence three of her sons came to attend her funeral. In religion Mrs. Buxton was a Presbyterian, being a member in good standing in a church in Detroit.

On the same day as Mrs. Buxton's funeral, Mrs. John Smith was interred in the cemetery on the 14th con. of Emily. Mrs. Smith was a daughter of the late Mr. Hugh McCallum, a firm and consistent member of the Church of England. Mrs. Smith had been ailing for a long time, and her departure was not unexpected. She was a good neighbor, always willing to respond and aid whenever called to assist in cases of sickness. Her brothers—Messrs. Hugh and J. J. McCallum, of Toronto, attended the funeral, which was one of the largest that ever visited the Emily cemetery.

The last series of meetings held by Rev. Mr. Mitchell was held in the Methodist church, which was the largest building in Dunsford. The church was taxed to its fullest capacity, and many professed a desire for salvation through a crucified Redeemer.

General Sporting Notes.

—The Midland hockey team are making a general tour, and it is expected that a friendly game will be played here.

—Mr. Frank Snyder, who played base ball with Lindsay in the Midland league for several years, has secured a good position as traveller for a wholesale firm, and will give up ball play.

—There is a likelihood of an amateur base ball league being formed this year, which will probably include the towns of Lindsay, Oshawa, Cobourg, Peterboro, Bowmanville, and several other places. A couple of the Toronto clubs desire admission to the organization, but the promoters think the league would not be strengthened if they were admitted. Ex-President Ward, of the Canadian Amateur League, will undertake the task of organization.

—In the six days' bicycle race at San Francisco, no less than six of the riders beat all previous records. The famous event in Madison Square gardens, New York, lasted 142 hours, the Frisco event 143 hrs. 21 min. The scores were Miller (winner of the New York event) 2,192 miles; Caronson, 2,146; Fredericks 2,090; Hale, 2,062; Gimm, 2,069; Nawn 2,012; Alberts, 1,828; Barnaby, 1,792; Pinkington, 1,729; Lawson, 1,635; Julius, 1,501; Ashinger, 1,500.

Brevities.

A little blizzard now and then
Is relished by the wisest men;
It nips the bill collectors' toes.
And leaves us cash to buy some clothes.

—There was a fair attendance Saturday evening at the Public Library sale of periodicals and papers. The bidding was brisk at times owing to the coaxing methods of Auctioneer Lennon.

Some sign of spring there doth appear;
Ye poet writeth sonnets,
And all ye ladies, far and near,
Now clamor for new bonnets.

—As a result of the thaw there are many crossings in a very bad condition. Town Commissioner Pilkie should put several men at work cutting channels to allow the water to drain away.

"The world grows larger, dear," said she,
(It pleased him much to hear it);
"Once you were all the world to me,
But now you're nowhere near it."

—A meeting of the police and lighting committee was held last Tuesday in the clerk's office. The members present were Chairman Horn, and Messrs. Jackson, Crandell, Lennon, and Southeran; absent, Mayor Walters and Alderman Ingle.

—Some of our business men are taking time by the forelock and are improving the interiors of their premises before spring business opens up. Mr. Geo. A. Milne, merchant tailor, has had his store repapered and painted, Mr. Will Goodwin being the artist. Mr. R. S. Porter's bookstore is also in the transition state, from which it will emerge in a few days brighter and more inviting than ever. Mr. Ben Cook is doing the carpenter work, and will make way shortly for the painter

—An exchange says: If you should happen to find yourself in Berlin don't eat sausages. You must deny yourself this luxury because it has been discovered that about all the aged cows sold to sausage-makers in the Berlin cattle market are tuberculous.....As to the home article there is a wide-spread feeling among our citizens that the local board of health should arrange for a periodical inspection of sausages sold and made in town. Some of them do not contain a pound of pork to the yard, but are filled with a compound of scrap meats, bread crumbs and gristle, the latter evidently being introduced to convince the eater that he is chewing something. A taste of the wholesome pork sausages made by farmers is a revelation.

He once was hailed with scant applause,
But, If he'll only bring
His song once more, with proper cause,
We'll hail with echoing applause,
The man who writes on "Spring."

—As a result of the advertisement recently inserted in The Evening Post by one of our local merchants for "a smart boy," over twenty bright youths, mostly under 16 years of age, made application. Whether the desire to make money is uppermost in the mind of these boys, or whether the wish to sever their connections with the public school or Collegiate Institute, with its attendant drudgery—to their mind—was the motive, the intelligent parents can decide. One thing is certain, if the parents of these boys would insist upon their securing a better education—for many bright students are among the applicants—the business men would be better satisfied, and in future years these boys would rise up and call their parents blessed.

Railway Notes.

—The townships that have voted bonuses to the long-projected Cobourg-Pacific Railway are opposing the extension of the charter.

—Another family has been added to Lindsay's railway colony. Mr. Geo Lee, of Goodwood, has been tranferred to this division, and has removed his family here.

—The G. T. R. Co. is preparing to send out an advertising car after the plan of "Florida on Wheels," visited by many of our citizens a year or so ago. It will contain a number of views of beautiful points along the G. T. R. System In addition to specimens of the game and fish so abundant in our forests and lakes. Muskoka and Lindsay sections will be well represented.
