The Canadian Post. LINDSAY, FRIDAY, MARCH 1, 1895. THE LIBERAL NOMINEE FOR NORTH VICTORIA.

Mr. R. J. McLaughlin, who was given the liberal nomination for North Victoria, is the son of the late John McLaughlin, in his lifetime a resident of the village of Cameron, in the township of Fenelon.

Mr. McLaughlin is also an honor under-graduate of the third year in the University of Toronto. He has, since his graduation, worked up a large practice, and the amount of time that will now be withdrawn from it will no doubt cause him a considerable sacrifice.

For some years Mr. McLaughlin has been making a special study of matters of social and political economy, and should the electors of North Victoria select him as their representative he will not disgrace them, and will undoubtedly be of great value in assisting in the solution of the great problems that are now waiting for legislative action.

The adjourned meeting of the liberal convention of East Durham will be held at Millbrook on Tuesday, March 5th.

A meeting of the Patrons of Industry was held in Lindsay on Saturday last, at which Mr. Geo. Johnston, of Mariposa, was chosen as the patron candidate to contest the south riding of Victoria in the interests of that body.

United Canada, 22nd inst.: Those who knew Mr. John A. Barron, ex-M.P. for North Victoria, while a member of the house of commons, will regret to learn that he has declared himself out of politics for all time.

Hamilton Times: Sir John Carling gave the net debt of the Dominion as \$341,000,000. But that was the net debt in 1893. We have in power at Ottawa have added to the net debt millions of dollars.

Remember the convention of the liberals of the south riding of Victoria, to be held in the Academy of Music, Lindsay, tomorrow, (Saturday), commencing at 11 o'clock a. m. All liberals are invited.

Mr. W. H. Eldred, M. P. P. for West Durham, has succeeded in retaining his seat. Judgment was given Monday by Justice Rose and Ferguson on the kidnapping case which had been reserved from trial. The court found that the charge of kidnapping had been established, but that it did not nullify the election.

TOWN NOTICES. Railway Notes. Conductor W. Pym, who has been on the sick-list for some time, has gone to Toronto for special treatment.

Half a million dollars is to be expended on the construction of the Ottawa, Arnprior and Parry Sound railway this coming summer.

A staff of men are at present busily at work at the depot here fitting and raising the walls. The whole inside of the building from ceiling to gutter is to be repainted and a thorough overhauling. Mr. Grant, who is superintending the work of Ballville, is superintending the work.

The Whitley Hockeyists' Visit. Several colored cartoons and small bills around town announced two hockey games last week, and aroused considerable interest. On Friday night the town and Whitley Collegiate teams lined up as follows: Lindsay: Knowlson, goal; Halliday, forward; Smith, point; Campbell, forward; Kennedy, forward; Barrow, forward; Macdonald, forward; Ganson, forward.

Play commenced at 8:30. Smith and Knowlson crossed off. Smith got away with the puck, passing to Barnes, who crossed to Birrell. For some time the rubber was longed for anyone, but kept dangerously near the Lindsay goal, Whitley seeming determined to make a goal before the puck reached Lindsay's end. This they accomplished after three minutes' play. As the cross off of Smith again got the puck. Combative play was noticeably absent although the town boys pushed themselves together somewhat and made the next ten minutes very interesting for the "grand stand."

Several attempts were made to rush upon Whitley's goal, Kennedy and Barron making several good plays, but Campbell all in vain. Rooks at point did good work for his side, as also did Halliday in goal, he stopping several shots. After sixteen minutes play Shannon scored for Lindsay, minutes play Shannon scored for Lindsay, minutes play Shannon scored for Lindsay, minutes play Shannon scored for Lindsay.

Halifax Chronicle: It is not the Manitoba school question that is driving the government to precipitate a dissolution at a time when parliament should be in session. The blue financial outlook is the trouble. Declining receipts are the difficulty which have scared the government into practically throwing up the sponge. They know they are going to be wiped out when the election takes place and they prefer to leave these questions as troublesome legacies for the liberals to deal with. The liberals are not at all averse to the new government are wanted at the helm of affairs. Canada has long enough been the football of second and third-rate professional politicians.

Hamilton Times: Sir John Carling gave the net debt of the Dominion as \$341,000,000. But that was the net debt in 1893. We have in power at Ottawa have added to the net debt millions of dollars. It is now over \$349,000,000. What a hum there would be in business to-day if the money thus unnecessarily taken from the workers could be again put into their pockets! Instead of that happening, however, the deficit in the revenue of the year will be between \$5,000,000 and \$6,000,000, which the new government will have to provide for, as the men now in power are afraid to meet parliament, where they would have to face this deficit and propose new taxes to provide for it. This is the chief reason why parliament did not meet months ago. How great the courage that exemplified.
