LINDSAY, FRIDAY, MARCH 8, 1895,

TOWN AND COUNTY. DASRES HERE AND THERE.

Stock Notes. -Mr. J. H. Moore, of Ops, has purchased a fine thorough-bred bull "Sir Walter, from Mr. Thos. Thompson, of Fenelon.

-Mr. Andrew Robertson and Mr. Arthur Cunningham, of Ope, who were delegated to purchase a first-class bull or the use of the members of Ops agricultural society, succeeded in purchasing one of the finest bulls ever brought into the county from Millar & Sons, of Pickering. The animal is a roan color, calved Nov. 9th, 1893, sired by Sittyton Stamp imported); dam, "Corea" (imp rted.) He has a very strong Cruickshanks strain, and a fall brother of his dam took second will be kept on the farm of Mr. Henry

Hockey Notes. -To-morrow afternoon lovers of game of hockey are promised a great treat, when the Whitby Colts, one of the strongest of their own size and age, oppose the Lindsay Colts, under the captaincy of A. Simpson. The Lindsay boys have been working hard and put up a good game, so that they intend to make it interesting for their visitors. The game will be started at 2.30 o'clock sharp. Go

early and see the fun. -Our senior hockeyists went to Peterboro on Thursday of last week to meet the "Volts" of that town. The following players comprised the team: Walton, goal), Parkin, (point), Shannon, (cover) and ---, (forwards). The ice was in very poor condition. The Lindsay men found that their opponents knew a thing or two about the game, and only succeeded in scoring but one goal to the Volts four. After the game the visitors were entertained at supper in the rink, and they speak highly of their reception.

General Sporting Notes. -John L. Sallivan, who is financially embarrassed down in Florids, has been offered a position to accompany a tem- of H. Evans, esq.

-Brockville Times: Edward Bassett, of Glyde Gregory. Toronto, who has been Port Hope, an amateur oarsman of some spending a wesk at Belmont, the guest while there was anxious to meet E. Songer, who last season won the cup of the Toronto athletic association, and who has also been in town for some days on a visit. He was not able to see Songer, but he says he will make a match for \$100 a side

4th, - Two cut-offs are wanted to connect between hose and hydrants. 5th.-Three 11 inch nozzles. 6th, -Two standard chemical fire extinguishers, charged, and with spare charges ready, 7th -The chief of the fire brigade is required to be a fully paid man on constant duty. Sth.—Three firemen should sleep in the fire station

fire appliances where matches are struck and smoking is allowed, to the endangerment of the whole, 10th .- The basement under the fire hall is said to be sometimes used for the storage of hides, from which, I am told, a foul stench emits into the fire hall and sleeping rooms, made to the town council for necessary supplies, and that the same have been generally unheeded. 12th —The fire hall is too small to hold conveniently the hose wagon and hook and ladder truck, and to men have not a sufficient knowledge of the internal arrangements of the mercantile and manufacturing establishments, which is highly essential to guard

14th.—The laying of 4-inch mains should be dis ant position of the teaching staff of against unnecessary loss by water and smoke. costinued; they are too small for fire purposes. | Lindsey's excellent schools. His pupils None less than 6 inches in diameter should be used. loved him on account of his genial 15th,—Horses should only be used for fire department purposes; any other employment would tend assist them in any way he could. As a to impair their efficiency for quick hitching up when required for fires. 16th. The counters at the pumps should be put in time was a member of the town council, proper condition, and a daily register of the work | where he left his impress for good, always done by each pump should be entered in a book to being on the side of moral reform and be kept for that purpose in the pump house,

18th - I am of opinion that the man on night | The Presbyterian church found him always patrol should remain on the streets until 6 a, m, in a zealous worker, as he proved himself a 19th —Monthly brigade drills, with all appliances, absuld be regularly hold and records kept at all times immediately accessible in the fire hall, as per affiliction.; sections 16 and 13 in standard,

The Dental Sedative Tell your neighbor what a good paper Now in use by Mr. Gross "knocks out" anything heretofore used in Lindsay for

painless tooth extracting,-49, -Died, at Minneapolis, Minn., on Mon. in the local lodge rooms, Britton's block. day, Feb. 25th, about 10 p,m., Prof. John About 50 members of Otonabee lodge, Head, late of Lindsay, Ont., aged 52 years.

Lindsay, as president of the Teachers Association, and a member of the corps of assistant teachers. He was also honored with the presidency of the Horticultural games have so acted as to gain the esteem and good-will of their brother curiers money. We print Mr. McLean's letter courteous, cheerful, hopeful, his faith in prayer meeting he attended before his trip the fire appliances of your town, a copy of which I to the Dakotas; the subject being the need will forward you as soon as it is printed. In the of the holy spirit, in speaking to others and testifying to the love of Christ to us, Prof. Head said, "It has been often very hard for me to speak of Christ to others, and I have 1st, There should be a satisfactory system of failed so often, but now it is easier than electric fire alarms, with sufficient well placed key- ever before." He gave evidence of being less boxes, or with keys under glass alongside, and specially interested in the work of the young people in their Christian Endeavor Society, and his last words to one of their members was:-"I have something for you young people," referring to some scheme in diameter, should cross the river at Bond-st., and of raising money for the Lord's work that three additional hydrants should be placed as sug- is in operation among the young people's societies in Dakota. May we learn some lessons from the suddenness of our brother's departure (not death) -his exodus. (1.) We know not when or now we shall not less than five gallons capacity each, should be be called to give an account. (2.) Therefore carried on hose wagon to all fires, always fully always be ready. (3.) How can we always be ready? (a) Believe on the Lord Jesus Christ as your personal Saviour, for God has made Him for us; wisdom, rightsousness, santification and redemption. (b) Let us have fellowship with God and His Son, and with one another In a private letter received from Mrs. Head it was stated that the deceased was sitting in the parlor, chatting and talking with the family, when he suddenly leaned back in 11th. - The chief and other members of the fire his chair and his spirit took its flight. He brigade say that repeated applications have been had just returned from a trip to North excellent health, therefore his death was a terrible shock to his family. While provide suitably for the men and horses and for the residing in Lindsay the deceased gentleman enjoyed the esteem and confidence of a 13th. The chief of the fire brigade says the fire- very large circle of friends, who will receive the news of his very sudden demise

many years the deceased held an import-17th -The town requires a proper system of progress. His general intelligence made drainage; the ground appears to be full of water and him a useful member of the Horticultural Society, in which he took an active part.
