

Scott's Emulsion
trust him
 You want Scott's Emulsion. If you ask your druggist for it and get it—you can trust that man. But if he offers you "something just as good," he will do the same when your doctor writes a prescription for which he wants to get a special effect—play the game of life and death for the sake of a penny or two more profit. You can't trust that man. Get what you ask for, and pay for, whether it is Scott's Emulsion or anything else.

HOW A HOME WAS LOST.

THE BITTER EXPERIENCE OF MR. ELWOOD, SR., OF SIMCOE.

Attacked With Neuralgia of the Limbs He Became Helpless and Suffered Intense Agony—Spent His Home in Dying—With Specialists Without Avail—Dr. Williams' Pink Pills Came to the Rescue When Other Means Had Failed.

From the Simcoe Reformer.

The many virtues of Dr. Williams' Pink Pills for Pale People have so often been published in the columns of this paper that they are widely known to the residents of Norfolk County, and it is as widely conceded that they have brought joy into more than one household, and their merits are spoken of only in words of praise. In this instance the facts are brought directly home to the residents of Simcoe, a gentleman who is glad to testify to the benefits he has received from the use of these pills being a resident of this town. Mr. Wm. Elwood, sr., a resident of Simcoe for about two years, and for years a resident of Fort Erie, a carpenter by trade, is loud in his praise of the benefits he derived from the use of Pills. In an interview with Mr. Elwood, that gentleman told the Reformer that about eight years ago he was attacked with ulcerated catarrh of the head and throat, and was obliged to quit work, and since that time has not been able to resume his calling. The disease, shortly after he was taken ill, developed into neuralgia of the lower limbs, from which he suffered terrible agony. During his long illness the services of specialists in both Toronto and Buffalo, as well as those of local physicians both in his former home and Simcoe, were called into requisition, but all to no purpose.

"Was Unable to Walk Around."

So bad did he become, and so great were the pains that shot through his limbs, that at times Mr. Elwood had to be held down on his couch. His stomach and bowels were seriously affected and he was indeed in a deplorable condition. About a year ago he lost the use of his left foot and ankle and was unable to walk around his home without great difficulty. At one time Mr. Elwood was possessed of a good home, but so long was he ill that he spent all his property in the hope of regaining his health. Last fall Mr. Elwood commenced taking Pink Pills and shortly after he began to feel an improvement in his condition. He continued the use of pills until he had taken thirteen boxes, when he regained the use of his foot and ankle and thought he was about cured and discontinued their use. "So long had I been a sufferer, however, that it was impossible for him to become convalescent in so short a time. An attack of the grip again brought on the disease, but not by any means so terrible as formerly. Mr. Elwood again commenced taking the pills and is fast regaining his former health and feel certain that the Pink Pills will exterminate all traces of disease from his system. He feels so gratified at what the pills have done for him that he gladly gave the information to the Reformer for publication in the hope that his experience may be a benefit to some other sufferer.

THE STORM WAS TERRIFIC.

One Hundred Lives Were Lost by Floods in Queensland.

Victoria, B.C., Feb. 28.—The captains of vessels arriving here from Australia bring information that a terrible storm of Queensland, that has devastated the coast, and a fearful downpour of rain, which flooded the entire district.

More than 100 lives were reported destroyed. Thousands of houses were destroyed. And with the other property destroyed on shore, the damage is estimated at half a million pounds sterling. The value of the vessels wrecked is enormous.

Townsville, a small city on the north-east coast of Queensland, seemed to be the centre of the town or a vessel in the harbor escaped. Ross Island, a short distance away, was flooded, and numerous lives were lost in small boats. The damage wrought by the hurricane in Townsville harbor, including the destruction of the water front property.

The storm began Jan. 25 and did not abate its fury until the following Tuesday. In Townsville the hurricane had its most devastating effects, roofs being blown off and tossed about in the air like sheets of paper. The men were blown off their feet and into the harbor, both being drowned. The rain-fall was tremendous, and numerous lives were lost. The storm submerged in nine hours on Monday 20 inches fell.

On Ross Island many houses were swept away from foundations. The furious wind upset a rescue boat, and Mrs. Hunt and her infant, Mrs. Gunn, Mrs. Gertrude Rowe, and Mrs. Elliott, were drowned. A housemaid in Judge Chubb's employ, while wading across the river, was washed away. The steamer "Tovaria," owned by the current and drowned. Sandy Walker was drowned while trying to cross the Victoria Bridge, and six feet under water. Many steamers are overdue at different points along the coast, and when the Canadian line steamer "Tovaria" from Sydney for this port it was feared that a majority of these had been lost. Among the vessels lost were the following: Steamer "Lavinia," 214 tons; the "Guthrie," 230 tons; and the "Helen," 180 tons. Three weeks before this great storm a hurricane visited the Hapel group.

LIBERALS SHOULD PREPARE FOR THE ELECTIONS.

DRY ROT IS KILLING THE TORIES

There are Too Many Fossils in Their Camp—The Government is Now Relying on the Quebec Hierarchy to Carry Them Through the Present Crisis.

Ottawa, March 1.—The Budget debate is now behind and the school debate before us, with dissolution less than 60 days away at the outside and possibly only 30. It is time for the Liberals to prepare actively for the coming election.

The government is now relying on the Quebec hierarchy to carry them through the present crisis. The many virtues of Dr. Williams' Pink Pills for Pale People have so often been published in the columns of this paper that they are widely known to the residents of Norfolk County, and it is as widely conceded that they have brought joy into more than one household, and their merits are spoken of only in words of praise. A COMMITTEE WAS APPOINTED

To Confer With the Government With the View of Having the Measure Modified as to Permit Anti-Remedial Members to Vote.

Ottawa, Feb. 28.—There was a caucus of the Conservative members held in room 16 this afternoon to discuss the Remedial Bill. It was not a regular caucus, but a conference of the Ministers were present, and the chairman of the regular caucus, Dr. Ross, did not attend. Sir John Carleton acted as chairman. Those present were principally opponents of the Remedial Bill. There were, however, a good many others. A number of Conservative members did not attend, not being in sympathy with the meeting, and a number of those opposed to the bill left by the noon train for their homes. Dr. Ross submitted a resolution to the meeting appointing a committee, consisting of Sir Donald Smith, Mr. Carleton, and himself (Wilson), to arrange for a conference with the Government, and to report thereon to the next meeting of the caucus. The idea of this committee, to get fifteen other members of Parliament along with them to wait upon the Government and ask the bill to be modified so as to permit anti-remedial members to vote for it. A good number of the members were opposed to the idea, but the bill was before the House, and members could either vote for it or not as they had a mind. Sir Donald Smith threw out the idea of a conference with the Government, and he was not yet without hope that Mr. Greenwood would come to the aid of the Federal authorities in settling the matter. This statement was received with considerable applause. Messrs. Maclean, Wallace, Cockburn and Sproule spoke against the bill, and Col. Tisdale for it. Dr. Cameron and Mr. McDougall spoke of the maintainability of party loyalty and the maintenance of the caucus. The resolution was said to have been adopted in the end. That the conference with the Government should be held, and that the members of the Cabinet will back down in any degree. On the other hand, it is now said that the bill as it stands, and the Government's defeat is probable. The caucus caused a good deal of ill feeling.
