filled the seats to overflowing. The chaplain of the club, Rev. J. W. Macmillan, preached to them from 1 Tim. 4, 8, "Bodily exercise profiteth a little" (R. V.). After a few introductory remarks, in the course of which the curlers were justified as regards attending prayer-meeting, and exhorted to improve upon their record, the speaker took up bis main subject:

"ATHLETIC SPORTS IN THIS TOWN." The text was declared to be an epitome of the bible teaching on athletic exercises.

They are accorded a real, though subordinate, place in the number of proper manly Mr. Maxsom thought they could do as well through the dealer when buying in small quantities; but if a large number were needed there would be certain advantages in importing from Holland.

were then taken up at length. They were pronourced very great, and divided into these four classes: 1, Excess, leading to habitual frivolity; 2, professionali-m, de stroying the recreative powers of the sports; 3, gambling, as always and every-where injurious, and 4, the leadership of dissolute men. The man who capers about a game with a whiskey flask came in for rebuke, and the curlers were asked whether the sports of this town were to be given over to such destructive influ-

eners or kept honest, manly and pure.

The way to save the boys is by means of their ardent love for sports. Every boy, of whatever sort, is ambitious to be an athlete, and admires his elders who are famous in that respect. The successful efforts in this direction of the Boys' Brigade and the Y.M.C.A. were instanced approvingly. The custom of holding business meetings of athletic clubs in hotels was criticized, and the players advised to accriticized, and the players advised to accept the hospitality of the Y.M C.A. parlors. The proposed athletic association wass commended to the consideration of the curlers, though the speaker did not advise as to what should be done.

The entire gist of the sermon was in favor of the free and hearty employment of all sorts of games. The large body of members of the curling club, representing Disappointments of one kind and an-other crop up all along life's pathway, for the town, were exhorted to foster, protect and patronize the enterprises of the young-er men and boys during the coming summer, importing into every contest the same gentlemanly spirit of fairness and courtesy that prevails upon the ice about the tee. Even in play the true man is chaste and purposeful, making all he does a part of an upright, self-denying and helpful life.

# HOW FEW THERE ARE

Who won't own to a little weakness for money. Housekeepers know that prices count in these times, when money is not any too plentiful. At our store you will get honest goods at honest prices, 16 ounces to the pound, and no sharp tricks.

### TEAS and COFFEES.

In Teas you will find our prices about 25 per cent. lower than is usually charged for the same class of goods because we know how to buy right. Very few dealers carry the real fine qualities. We sell you the finest first-picked Tea and the young delicate leaves that give the delicious flavor found in English Breakfast, Young Hyson and Darjellings. The next grade ranges very close to the above in quality, but comes considerably cheaper. Then we can give you a really good blend of Indian and Ceylon, Young Hyson or New Japan for surprisingly little money. Our 25c. Tea is a wonder at the price.

In COFFEES we have always led the trade for this district, which is due to the uniform excellent flavor. Our Blend at 45c. is a cup in perfection, and our 40c. Blend cannot be equalled.
