THE OLD MAN AND JIM.

(BY REQUEST) Old man never had much to say-'Ceptin' to Jim-And Jim was the wildest boy he had-

And the old man jes' wrapped up in him Never heerd him speak but once Er twice in my life, -and first time was When the war broke out, and Jim he wen The old man backin' him, fer three months; And all 'at I heerd the old man say "Well, good-by, Jim:

Take keer of yourse'f !"

'Peared-like, he was more satisfied Jen' lookin' at Jim And likin' him all to hisse'f-like, see !-'Cause he was jes' wrapped up in him ! And over and over I mind the day The old man come and stood round in the

When we was drillin', a-watchin' Jim-And down at the deepot a-heerin' him say "Well, good-by, Jim:

Take keer of yourse'f !" Never was nothin' about the farm Distin'gished Jim;

Neighbours all ust to wonder why The old man 'peared wrapped up in him But when Cap. Biggier he writ back 'At Jim was the bravest boy he had In the whole dern regiment, white or black, And his fightin' good as his farmin' bad-'At he had led, with a bullet clean Bored through his thigh, and carried the

Through the bloodiest battle you ever seen, The old man wound up a letter to him 'At Cap. read to us, 'at said : "Tell Jim

And take keer of hisse'f." Jim come home jes' long enough

To take the whim

'At he'd like to go back in the calvery-And the old man jes' wrapped up in him Jim 'lowed 'at he'd had sich luck afore, Guessed he'd tackle her three years more. And the old man gave him a colt he'd raised, And followed him over to Camp Ben Wade, And laid around fer a week er so, Watchin' Jim on dress parade-Tel finally he rid away, And last he heerd was the old man say, "Well, good-by, Jim: Take keer of yourse'f !"

Tuk the paper the old man did, A-watchin' fer Jim-Fully believin' he'd made his mark Some way-jes' wrapped up in him !-And many a time the word 'u'd come At stirred him up, like the tap of a drum-At Petersburg, fer instance, where Jim rid right into their cannons there, And tuk 'em, and p'inted 'em t'other way, And socked it home to the boys in gray, As they scooted fer timber, and on and on-Jim a lieutenant and one arm gone, And the old man's words in his mind all

> "Well, good-by, Jim: Take keer of yourse'f !"

Think of a private now, perhaps,

We'll say like Jim, 'At's clumb clean up to the shoulder straps-And the old man jes' wrapped up in him Think of him-with the war plum' through, And the glorious old Red, White and Blue A-laughin' the news down over Jim, And the old man, bendin' over him-The surgeon turnin' awaw with tears 'At hadn't leaked fer years and years, As the hand of the dying boy clung to His father's, the old voice in his ears,— "Well, good-by, Jim:

Take keer of yourse'f !" -James Whitcomb Riley.

ONTARIO VITAL STATISTICS. The Figures of the Births, Marriages

and Deaths in the Province. The annual report regarding the registration of marriages, births and deaths in

Ontario, gives these figures: Population 2 211,101, and births 41,628, being 18.8 to the 1 000. Marriages 13,987, or 12.6 to the 1,000. Deaths 22,461, or 10.1 -to the 1,000. The number of births decreased 423, the marriages 354, and the deaths only 77 from the figures for 1894. The birth rate in Prescott and Russell was the highest, reaching 29.8 to the 1,000 Leeds and Greaville are at the bottom, with a rate of 11.8 to the 1,000. Essex leads the list of marriages with a ratio of 15.6; Carleton comes next with 8.2, and Ontario lowest with 4.7 to the 1,000. Carleton leads the death list with a ratio of 17.7, while Muskoka and Parry Sound have the best record, with but 66 to the 1,000. Of the towns, Berlin leads the birth list with 27.9, and Windsor foots it with 15.9. Niagara Falls leads in marriages with a ratio of 172. In Toronto Junction there were only 5.3 to the 1,000. Peterboro leads the death rate with 14 91, having 154,

Sarnia the lowest with 8.4. In the cities the maximum and minimum figures are: Births, Brantford 27.8, Chatham 11.7; marriages, Windsor 19, St. Catharines 64; deaths, Ottawa 23.2, Stratford 11.5 to the 1,000. The twelve highest causes of deaths in the province for 1895 and the number of deaths from each are as follows: Phthisis, 2,472; pre-natal period (still-birth), 2,266; old sge, 2,053; pneu-monia, 1,551; diphtheria, 942; cholera in-863; valvular diseases, 843; paralysis, 784; typhoid fever, 588; convul-sions, 550; bronchitis, 563; accidents and wounds, 462. Of the births 21,621 were males and 20,007 famales. Of these 587, or were 355 cases of twins and 12 cases of triplets. Of the persons married 9,813 were Methodis.s, 5,866 were Presbyterians, 4,373 were Anglicans, 4,023 were Roman Catholics, 1,679 were Baptists, 664 were Lutherans, 276 Congregationalists, 183 Evangalical Associations, 140 Mennonites, 276 Oreker 757 other denominations, and to terms with the medical staff, who 31 Quakers, 757 other denominations, and for 169 no denomination was given.

There were 28 deaths in Lindsay in 1895.

There were 28 deaths in Lindsay in 1895. In the county of Victoria the births re-

Ottawa, March 9.-(Special.)-A sum-

mary of the life insurance business of the past year has been issued by the Finance Department. Thirty-nine companies were doing business in Canada during 1896. Of those 11 were Canadian, 14 British and 14 American; but of the latter three have ceased doing panies have also dropped out of the anadian field. These 39 companies had on Dec. 31 the considerable amount of \$327,730,511 in force, an increase of \$8,472,930 over the amount of insurance in force at the close of 1896. The premiums of the year totaled \$10,597,076 an increase of \$304,722 over the business of the previous year. Of the total, no less than \$6,075,995 was taken in by Canadian companies, which is about 60 per cent. Claims were paid during the year to the amount of \$4,706,157, an increase of \$956,114. Canadian companies aione paid out \$2,128,561. There are now 150,148 life insurance policies in force in Canadian companies, out of a total of 261,259 policies in force throughout the Dominion in various

the various societies doing insurance on the assessment plan. The members of these societies paid assessments last year to the amount of \$1,641,686, and the societies paid out \$1,154,302 in claims. The net amount of insurance in force in the several societies is \$132,-890,399. Of this sum \$61,603,000 is held in the I.O.F., which received \$624,497 last year in assessments, and paid out \$440,-020 in claims; and \$17,050,500 in the C. M.B.A., which received \$187,965 in assessments and paid out \$168,150 in

With reference to the statements of Mgr. Gravel of Nicolet, Archbishop Langevin, and others of the hierarchy that they have not received orders from Rome to "suspend their action" on the school question, it is explained here that this is quite possible, as the orders have been mailed from Rome, and will not likely reach the archbishops and bishops until next week. Charges have been preferred to the Department of Justice against Judge Woods, County Court Judge for Perth County, of frequent inability to attend to the duties of the bench. The charges are made by local residents and they will be investigated by a special com-

President Whitney of the Dominion Coal Company, is here anxiously watching tariff matters. It is significant that he should be in town when tariff revision is under consideration, as it was in council to-day. Mr. Whitnew and his colleagues are anxious as to the probable decision of the Government in respect to the duties now im-posed by Canada upon imports of bi-tuminous coals. In view of the United States, and the cheapness of the soft coal products of that country, a relaxation of the present Canadian duty of 60 cents per ton, it is said, would strike a serious blow at the Nova Scotia coal industry. It is learned that the great railway corporations are strongly urging a further reduction in the Canadian duty on bituminous

In the Supreme Court this morning. conspicuous in the chamber, had been erected a colored cotton loom as an exhibit in the case of the Canadian Cotton Co. v. Talbot. The machinery was in the same position as when the accident occurred which caused the suit. Argument will proceed to-mor-

The delivery of judgments in elec-tion appeals is now awaited with considerable anxiety on account of the near approach of the session. Unless the judgments come in a few days there will not be time for fixing trial in several suits before the House meets, and then the members will retain their seats for next session. Hon. L. H. Davies, Minister of Ma-

rine and Fisheries, was interviewed by to the order-in-Council bringing into force on the lakes the "international rules of the road at sea," agreed to by the maritime powers. The Minister said that the explanation of the apparent anomaly to which attention was drawn yesterday, was simply this: That according to statute it was imperative that the maritime regulations brought into force as regards Canadian waters should be made to apply to "all" the waters of Canada, to inland navigable waters as well as to territorial waters accessible to seagoing vessels. Thus the Imperial Government, having requested the promulgation in Canada of the international rules of the road at sea, the Dominion was bound to make their application general to all our territorial waters. According to this the matter of a uniform system on the great lakes is a matter for subsequent arrangement.
As more than four-fifths of the lake shipping is owned in the United States. vessels of the latter flag carrying fully fifty per cent. even of the international freight traffic, it is easily apparent that Canadian vessel masters will be bound for the sake of safety to conform to the American code. In the face of these facts, how silly appears the proposition put forward in the semi-official press that if the American

shipmasters do not conform to these rules "the dangers and difficulties consequent upon the existence of different rules of the road will be their fault and not ours." It is well known that the American Imand Marine Associations have steadfastly maintained that the code of sea signals is altogether inapplicable to lake navigation. Messrs. L. N. Champagne and C. B. Major and their friends had a conference with Mr. Laurier in his office this forenoon in regard to the nomination in Wright. It was agreed that Mr. Champagne should be the Liberal candidate, but it is not announced

what promises Major received. Mr. Laurier will speak at a meeting in Hull Liberals will not hold a convention. It is not yet settled who the Conserthe strongest of several good men, including Messrs. J. M. McDougall, Q.C. of Hull and Charles Logue of Maniwald, will be chosen. Everything points to McDougall as the Conservative standard-bearer. Many Hull Liberals are greatly displeased with Champagne's candidature, so that Conserva-tive prospects are bright. Prof. Robertson, Agricultural Com-

missioner, has issued a putietin for farmers and dairymen, giving concise directions how to equip a small-sized Major Chapleau, Clerk of the Crown in Chancery, says he would not eccept ition of assistant clerk of the

elected new men.

The annual meeting of St. George's
Society was held to-night. Ald. Fred
Cook was elected president, Messrs. C. turned were: '95, 330, '96, 303; marriages '95, 88, '96, 98; deaths, '95, 143, '96 151; death rate per 1,000 of population, 9 1, as compared with the highest, county of Carletor, ed with the highest, county of Carletor,

Method of Calculating the Time-Minister of Justice on the Creathe Scottish Archers, tion of Qucen's Counsel-Tarif Matters.

Ottawa, March 10 .- (Special.)-An Associated Press report this afternoon states that Mgr. Tedeschi is the Papal delegate to Canada. This is incorrect. Mgr. Tedeschi is golfig to the Ecumenical Council at Baltimore. Mgr. Mery del Val is the delegate to Canada. As far as can be ascertained there

ment Accounts.

is a very clear explanation of the alleged discrepancy discovered by Messrs. Cross and Munroe of Toronto in the accounts of the Postoffice Department The two auditors make the annual deficit to be much larger than what the iepartmental report shows it to be. This is owing to their including the June quarter in the transactions of the although it appears that since Confederation the payments due on the 30th June have always been paid in the July quarter. If these payments have to be made within the fiscal year it will mean that for this year at any rate the five quarters will have to be paid for, thereby apparently greatly enhancing the expenditure for the current year. It appears also that the two auditors have adopted the unusual course of including in the expenditure of the department the cost of running it, which has hitherto been paid out and for which a special annual vote is made by Parliament, One of the Ministers states that con-

as they will be introduced into Parlia-Sir Richard Cartwright is still sent from the Capital, but Messrs. Fielding and Paterson have been devoting attention to the tariff revision, and as soon as the Minister of Trade and Commerce does return there will be joint sittings. Asked as to when the bill might be looked for in its completed form, the answer came that the House will not have to lose any time waiting for it to be brought in. By the time that the preliminary work of Parliament is through and the members have really settled down to the work of the session, the tariff bili will be introduced by Mr. Fielding. The Minister of Justice has caused communications to be sent to the several Provincial Governments to see if mutual arrangement cannot reached in reference to the appointment of Queen's Counsel. If this is done, then the appeal from the finding of the Ontario Court of Appeal in this matter will not be taken to the Judicial Committee. Your correspondent gathered, in conversation with the Minister, that his idea is that federal and local authority should agree upon

the conferring of the silk, and that active work at the bar for a fixed term of years, possibly 15 or 20, should be indispensable. The proposal implies a recognition of the power of the local authorities to create Queen's Counsel for provincial courts, and of the federal authority for Dominion courts, as decided by the Ontario Court of Appeal. Whether or not there shall be mutual recognition of federal and provincial appointments, with concurrent jurisdiction, must be a matter of negotia-At the sitting of the tariff enquiry in Ottawa and elsewhere complaint was made of the incompetency of apand some manufacturers did not hesitate to ask for the abolition, on the ground that foreign products are allowed to pass through their hands at figures far below the proper valuation.

certain hard and fast rules to govern

It is held, however, that these complaints are exaggerated. The oversight which the department exercises prevent the entry of goods under a wrong duty and otherwise to check the entries at the smaller ports has a most benficial effect. In any case, the entries at the smaller ports are seldom of any great size, and where a mistake has been made once the attention of the authorities is generally directed to it in order to prevent recurrence. Hon. William Mulock, Postmaster-General, returned to the Capital this

Last night's rain had a deplorable effect in the Western departmental block. It found its way through the temporary roof and soaked a number of places which had about dried off the water poured on them the day and night of the big fire.

A son of the Hon. William MacDougall has been appointed to a clerkship is free to accept the position offered in the library of Parliament. The people of St. Henri want the structure within their bounds, but Montreal thinks the traffic on its side is much heavier. Col. Smith, Sergeant-at-Arms of the House of Commons, is here attending to sessional arrangements.

Discussion in the Manitoba Legislature-Winnipeg, March 11.-(Special.)-In the Manitoba Legislature this afternoon Attorney-General Cameron moved the second reading of the bill containing the amendments to the School Act, in accordance with the terms of the Laurier-Greenway settlement. In doing so, Mr. Cameron expressed the belief that the terms of settlement were satisfactory to nearly all the people of Canada, and he thought this would be the last ever heard of the school question.

Mr. Roblin, leader of the Conservative Opposition, replied, pronouncing the bill a hydra-headed, illegitimate offspring of political duplicity and dishonesty. Mr. Roblin wanted to know what had been settled and with whom it had been settled. He declared it was humiliating and exasperating, that in favor of Mr. Champagne. As a 28 a result of the bill ambassadors were consequence of to-day's conference the now going back and forth between Rome and Ottawa and the Dominion had a paid solicitor sitting at the feet vative candidate will be, except that of Rome. He charged Mr. Laurier and Mr. Tarte with wilfully deceiving the electors of Quebec, and wound up by moving the six months' hoist. The de bate will be continued to-morrow. The Liberal members of the Manitoba Legislature wired Clifford Sifton their hearty congratulations on the anniversary of his birthday, and wished him many happy returns. Mr. Sifton replied by wire to-day thanking them

for their kind congratulations. Ceneral Zabalia Was Killed, But His Mer

THREE CHILDREN DROWNED.

manylile Yesterday. Bowmanville, Ont., March 10.-The saddest fatality that ever occurred in this town happened in Williams' flats this afternoon, when the three eldest children of Frederick Buxon, who is employed as deliverer of ice with M. W. Willian, were drowned just outside their garden gate in a hole that once formed part of a mili race. The children were out for an airing near but Mrs. Luxon, their mother

who is nursing a baby only 10 days

The eldest girl, Ida May, aged 8 years, had scrubbed out the kitchen floor before going out, being her mo-ther's only help. Just how the accident happened will never be known. It is supposed the youngest child strolled too near the hole, which is surrounded by ice, and slipped into it, when the others flew to her rescue and lost their footing and slid in too. John Luxon, the grandfather, called just after 3 p.m. to inquire after the health of the family. He chatted with Mrs. Luxon for about 15 minutes, when she asked if he had noticed the chilnegative, he was requested to go out to see where they were. He went, but could not see them anywhere and walked down the bank of the highlyswollen creek to see if they had strolled that way, watching the rushing water that ran tempestuously towards Lake Ontario. He could find no trace of them having been that way. Then he returned and went out the front gate to go up the stream. Close by the garden gate he discovered the lost children, all three floating in the little pool of water about six feet deep. He fished them out with a pole and ran for help and telephoned for Dr. A. S. Tilley, who came quickly and tried to resuscitate the eldest, but was unsuccessful, as they had been in the water fully half an hour.

The three lifeless children were laid out by kind hands and presented a terribly heartrending sight to the hun-dreds of beholders who called to see

FIVE MEN KILLED.

A Deplorable Accident on the Louisville and Nashville Railroad Yesterday

Evansville, Ind., March 10.-The Louisville and Nashville limited train southbound from Chicago was wrecked this morning at 12.30 o'clock at a point on mile south of Hazleton, Ind., and 37 miles north of Evansville, on the Evansville and Terre Haute road. Five men were killed and two seriously injured, as Killed-Herbert Allen, Evansville, head janitor of the State house, caught in the smoking car and drowned; Joseph Boleman, Evansville, locomotive fireman; John Sears, Terre Haute, conductor; and two

Injured-Brakeman Haurson, Evansville; . B. Henderson, brother of ex-State Auditor Henderson. Both men are seriously injured, but they will recover. The accident was the result of heavy rains in Southern Indiana since Saturday. White River, near Hazleton, overflowed and the back water washed out the track to be in bad condition. When the "Can-non Ball" train reached the fill this mornand the engine and baggage car and a part of the smoker dropped into about six feet of water. The engine turned over, but the baggage car remained up-right. The smoker hung over the end of the track. The sleeper remained on the track. Engineer John McCutcheon escaped death by jumping, but his fireman, Boleman, was caught in the cab and Baldwin, Allen and the two unknown men were in the smoker. Haurson was near the door. When the baggage car seat, injuring one of his legs. He crawled out of the door and swam a considerable distance to reach land. Henderson was njured by being thrown against a seat. Wrecking trains were sent immediately to the scene, but the railroad officials are unable to state when traffic will be re-
