THE BROWN MAN'S BURDEN

An Address to the United States by Jingo Stripling.

The verses in Labouchere's Truth parodying Kipling's "The White Man's Burden,' are as rollows: Pile on the brown man's burden. To gratify your greed; Go clear away the "niggers," Who progress would impede; Be very stern, for truly 'Tis useless to be mild. With new caught suilen peoples, Half devil and half child.

Pile on the brown man's burden, And if ye rouse his hate Meet his old tashioned reasons With Maxims up to date. With shells and dumdum bullets A hundred times make plain The brown man's loss must ever Imply the white man's gain.

Pile on the brown man's burden; Compel him to be Iree; Let all your manifestoes Reck with philantrophy, And if with heathen foury He dares your will dispute Then in the name of freedom Don't heatate to shoot.

Pile on the brown man's burden, And if his cry be sore, That surely need not irk yu-Ye've driven siaves before, Soize on his ports and pastures The rieids his people tread; Go make from h.m your living, And mark them with his dead

Pile on the brown man's burden, Nor do not deem it hard If you should earn the rancour Or those ye yearn to guard. The screaming of your eagle. .Will drown the victims sob-Go on through fire and slaughter, There's douars in the job.

Pile on the brown man's burden, And through the world proclaim That ye are ireedom's agents-There's no more paying game ! And should your own past history Straight in your teeth be thrown, Retort that independence Is good for whites alone.

Pile on the brown man's burden, .With equity have done: Weak, antiquated scruples Their squeamish course have run, And though 'tis freedom's banner You're waving in the van, Reserve for home consumption The sacred "rights of man."

And if by chance ye falter, Or lag along the course, If, as the blood flows freely, Ye feel some slight remorse, Hie ye to Rudyard Kipling, Imperialism's prop, And bid him, for your comfort, Turn on his jingo stop.

W. Ernest Louis, of West Flamboro, was so bad with Chronic Catarrh that his hearing seemed permanently impaired. Doctors treated, specialists tortured for five months, but his hearing grew worse. He was recommended to try Dr. Agnew's Catarrhai Powder. One application gave him great relief and a couple of bottles cured him permanently. Sold by A. Higinbotham and P. Morgan.

The Maple Sugar Season.

Some of the farmers report that the sap is already flowing quite freely, and that the sugar bushes will soon be the scene of active operations. The sharp frosty nights succeeded by the bright warm sunshine during the day has induced an unusually early flow and if the weather continues favorable maple syrup will soon make its appearance on the market. It might be mentioned, however, that some of the sugar refineries have been working overtime lately in the manufacture of genuine maple syrup and maple sugar.

ENTHUSIASM

Nearly All the Returns Are In-Gederich Township Strongly for McLean-All Others for Holmes-A Jubilation Meeting Held at Clinton After the Result Was

Clinton, Feb. 39. - One of the most enusia stiemestings was held in the Town Hall here on the evening of polling day on hearing the news of the return of the front Bob, namely Robert Holmes of Clinton, member-elect for the West Riding of Huron by a handsome majority of about 190. The Town Hall was crowded to the doors by the electors. Mr. William Robb, being moved to the chair, called upon James Scott, barrister, E. Holmes and Alex. Armstrong of Clinton, and D. McGillicuddy, editor of The Goderich Signal, the old standby of West Huron, and the member-elect. All the speakers spoke in glowing terms of the noble work done on behalf of Mr. Holmes, paying a triouse to the many Conservatives who threw in their support for Laurier and good government. Mr. Holmes, the elected member, was then called upon, and heartily thanked all his supporters for this grand victory. On adjourning, the large assemblage, headed by the band, preceeded to she depot and took train for Goderich, where a great recep-

tion was given them. Enthusiasm at Goderich. election of the Liberal candidate, Mr. B. Holmes of Clinton, there was a jubilee at the Temperance Hall, which lasted well towards midnight. The 10.50 p.m. train last night from Clinton brought in Mr. Holmes with a contingent of over 100 of his townsmen, who were met at the station by a torchlight procession and escorted to the Liberal meeting

place. The hall was crowded to its utmost capacity. Mr. Holmes was received with three cheers and a tiger. He said he was giad the campaign was over, and he had not spared himself since the day the contest opened to the present time. He thanked Gederich and the outside constituencies for the manner in which they had stood by him and gave a meed of praise to his ewn town. He had endeavored to run a elean campaign, and regretted that his eppenents had not tried to do the same. A number of efforts had been made to sully his reputation, but he was pleased to know that they had been of no effect with the electors. Now that he was elected he looked upon himself not as the member for the Liberal party alone, but would be happy to be of service to

Liberal and Conservative alike. The great gathering was brought to a close with cheers for the Queen, Sir Wilfrid Laurier and Mr. Holmes.

Canadian Lumber for England.

Toronto, Feb. 23.-In an interview resterday, C. E. Newton, the big lumber man of Midland, who has just arrived from England, said, "I have been watching the sales of Canadian lumber in England, and the sales and enquiries for Canadian pine, oak and butternut were phenomenal. I found Canadian pine bringing at least 15 per cent. higher prices than either Norway or Swedish pine, England's great source hitherto. The Scandinavian lumber is too narrow and is rapidly going out. In a number of pressly specified Canadian pine. A condition necessary to place Canada in the lead as a lumber exporter to Europe would be to charter a vessel, a syndicated affair, and get the lumber over that way.

iravos Greet the Message in the Chamber of Deputies and in the Senate-British Admiral's Threats, Backed by Warships, Brought the Sultan of Oman to Time-Cable News.

Paris, Feb. 22 .- President Loubet, in his message, submitted to both Houses yesterday afternoon, said the regular transmission of power to the new President proved France's fidelity to the Republic, at a time when certain misguided persons were seeking to shake the conndence of the country in its institutions. The President dwelt upon the necessity of appeasement, union and respect for the essential organs of society, Parliament, the magistrature, government and the national army. He concluded with recalling the work of the republic which, he asserted, assured liberty and peace; had founded a great colonial empire and bad concluded alliances and

precious friendships. The Chamber of Deputies was crowded when M. Loubst's message was read. It was greeted with bravos. The House ad journed until Friday.

The Senate received the message with similar approval, and passed the credits demanded to defray the expenses of the funeral of the late President Faure.

Ten Cars Derailed and Fall 72 Feet Inte the Irvine River-Man Burned

Beyond Recognition. Fergus, Feb. 24.-Wednesday evening about 6 o'clock, when nearing the bridge over the Irvine River, three miles west of this place, the Grand Trunk mixed train going north was derailed. The engine, tender and eight cars passed safely over the bridge, but the ten cars immediately off the rails, remaining on the ties. The trainmen and passengers were unhurt. A bull and a pig went down with the wreck unhurt and when these were secured, the wreck, which was a com-

plete one, was fired. Yesterday morning the charred trunk of a man was found burned beyond recognition. The remains were brought here. An inquest will be held. The accident was caused by a broken rail.

Other Railway Accidents. At Cassopolis, Mich., Francis B. Ives, fireman, was killed in a smash-up caused by spreading rails. He leaves a widow

A Tale of Miners' Woes From Across the Border - The Atlin Lake Gold District in Conflict.

Tacoma, Wash., Feb. 27.-British Columbia may become embroiled in civil war, growing out of the discovery of gold in the Atlin Lake district, and the alleged high-handed action of the Government officials in attempting to corner it all for

This is the tenor of advices received from Skaguay yesterday by the steamship Farnallon. Startling news was brought out from the interior Feb. 16 in a letter written by John McCarthy, correspondent of the Skaguay newspaper. Its publication on the following morning caused great excitement in Skaguay, although no details of the threatened rebellion were

According to Mr. McCarthy's letter, British and Canadian subjects, together with a few Americans, whose claims are included in the recently announced Government reservation of five miles along the west shore of Lake Atlin, have banded together and pledged themselves to resist the proposed forfeiture of their mining claim town lots to the Government without trial of their rights or judicial process of any description. A petition has been prepared and ex-

tensively signed, binding signers to every means in their power to defend their property, even by resort to arms. The conspiracy of the injured miners was discovered only when a copy of the petition fell into the hands of Deputy Recorder McVicar, who reported the matter to the gold commissioner, who has a force of police and constables to back up his forfeiture order.

In Skaguay, where the facts are well known, public sentiment is practically unanimous in upholding the signers of the petition. The reservation includes many hundreds of the most valuable mining claims in the district, as well as the town site of Atlin.

Toronto, Feb. 27.—Senator George A. Cox presided at the Canadian Temperance League's meeting in the Pavilion yesterday afternoon, and made a brief personal reference. He said: In March, 1851, I presided over a meeting of the Peterboro division of the Sons of Temperance, when I had the honor to be elected patriarch. From my personal experience I can say that it is not necessary to take a glass of wine or a cigar in order to be thought manly. Shocking Death of the Member for Winnipeg

WHILE TALKING WITH HIS WIFE

The Topic of Discussion Between Them Was the Danger of Carrying Firearms, and He Was Examining a Revolver at the Time-

A Popular Man-Mis Winnipeg, Feb. 22.-Mr. R. W. Jame-Winnipeg, accidentally shot himself his residence last evening. Mr. Jameson attended a Board of Trade meeting in the afternoon, at which the Kettle Valley Railway charter was under discussion. He moved a resolution, urging that the charter should be granted and no monopoly given any railway in British Columbia. He supported the resolution in a long speech, and at the close of the meeting, shortly after 6 o'clock, went home to dinner. After the meal he read the papers and discussed with his wife the danger of carrying firearms. Hejsaid, "I have one here now," and pulled out a revolver, which he examined. His wife turned away to her household duties, and a second later the weapon was discharged, the builet entering near the mouth and passing out through the backbone, causing instant death. The first reports were that Mr. Jameson had committed suicifie, but Mrs. Jameson says that her husband was never in a more cheerful mood than last night, and during the afternoon meeting he was in splendid spirits. He had but recently very popular man in Winnipeg, having

occupied the position of chairman of the finance committee for several years. He was the elected Mayor by a large majority, and in 1897 he was returned as the Liberal member for Winnipeg by 117 majority, the bye-election being caused by the unseating of Hon. Hugh John Macdonald. He was 48 years of age and leaves a widow and two children. Sketch of His Career. Richard Willis Jameson was born at Cape Town, in the Cape of Good Hope,

July 19, 1851, and was a son of the late Lieut.-General Sir George Jameson, K. C.S.I. On the return of his parents to England in 1857 they became resident at Blackheath, near London, and at the proprietary school there Mr. Jameson received his early education. Afterwards he attended King's College, London, and Trinity College, Cambridge, where he graduated B.A. He was called to the bar in England in 1876. The same year he came to Canada, where he served articles wish the firm of Rose, Macdonald & Merritt of Toronto. He was admitted to the Ontario bar, and practised in Toronto in 1881. In the same year he went to Winnipeg. In 1882 be was admitted to the Manitoba bar, and served as license commissioner in 1892 and Mayor in 1895. He was elected to the House of

Medicine Hat, N.W.T. Medicine Hat, N.W.T., Feb. 22, -- The following is the verdict brought in by the jury appointed to enquire into the deaths of William Muir, Robert Long and Benjamin French, who were killed in the railway accident here on Feb. S. Italis signed: Dr. Calder, coroner; James Rae, foreman, and William Cousins, James Mitchell, B. P. Lewis, Warren Shoebottom, Christopher Lean and H. C. Yuill, jurymen. John Hawk, Thomas Hutchison and L. B. Cocbran did not

sign the finding: "We, your jury, appointed to enquire into the dealings of William Muir, Benjamin French and Robert Long, find that they came to their death as the result of an accident on the C.P.R. Co.'s bridge here, through one freight train

running into the rear end of another. From the evidence given we cannot attach any blame to any of the men composing the crows of the two trains, but feel that some provision should have been made by the C.P.R. Company to prevent such an accident from cocurring, either by having an operator at Stair or a safety switch west of the bridge, as the hill, under certain circustances, is certainly dangerous."

Presbyterianism in the Lead. Vancouver, Feb. 22.-Advices from Dawson City say: At the first annual meeting of the congregation of the First Presbyterian Church, Dawson, they passed unanimously a resolution to become self-supporting from Jan. 1, 1899. This is one congregation, the first and enly one, of any denomination in the Yukon, to become self-supporting. They are prepared to call a minister, and steps will be taken to secure a settlement. They will require to apply to some Presbytery for recognition. At a larger and more interesting congregational meeting they presented Rev. Mr. Grant with an address expressive of the appreciation of his work, and a gold nugget for Mrs. Grant with the inscription, "Teken of love to Mrs. Grant on the occasion of our first annual meeting. First Presbyterian Church, Dawson." Over 50 communicante were added at the first service.

OIL TABIFF WITEDRAWN.

6.T.R. and C.P.R. Withdraw Their Local Rates Favoring the Trust. Ottawa, Feb. 23.-The result of the appeal against the tariffs established by the two great Canadian railway companies, to promote the interests of the Standard Oil Co. at the expense of its competitors, has resulted in a partial victory for the independent rafiners and dealers. The Canadian Pacific and the Grand Trunk, through their legal representatives, agreed to an absolute and unreturned from a southern trip for the conditional withdrawal of their local benefit of his health. Deceased was a tariffs when challenged before the railway committee of the Privy Council yesterday. The importance of this capitulation is indicated by the statement that under the tariffs issued on January 6 last local rates in Ontario on American petroleum and its products were advanced over 50 per cent., while local rates on Capadian petroleum and its products, controlled wholly by the Standard Oil Co., were allowed to remain the same as formerly. The subject was brought before the railway committee yesterday upon the complaint of the Sun Oil Refining Co. of Hamilton (Limited), associated with some other local oil companies.

> Sir Charles, in Toronto, States the Policy of the Conservative Party-He Wants Canalla to Betatiste.

Toronto, Feb. 28.-At a crowded smoking concert held by the Conservatives of the Third Ward in the Pavilion last night Sir Charles Tupper, Mr. N. Clarke Wallace, M.P., and Mr. J. P. Whitney, M.P.P., discussed the Washington negotiations and indicated the policy that the Conservative party will pursue. Sir Charles spoke for over an hour with astonishing vigor. He took the position that the British commissioner should have broken off all negotiations as soon as the Americans announced Commons at a bye-election April 27, their position on the Alaskan boundary, which he characterized as a monstrous insult. In the same spirit that Lord Rosebery came to the support of Lord Salisbury during the friction with France, Sir Charles advised the Government to pursue a policy of retaliation toward the United States and promised to support the Government in such a polley. Mr. N. Clarke Wallace, whose appearance on the same platform as Sir Charles Tupper was in the nature of a surprise, endorsed what Sir Charles had said about the return of the commissioners to Canada, and blamed them for tying the hands of Parliament during the coming session by adjourning the conference. The Pavilion was well filled with hard-smoking men. Dr. Beatty Nesbitt, president of the association, presided, and on the platform were Sir Charles Tupper, Messrs. N. Clarke Wallace, M.P., E. B. Osler, M.P., E. F. Clarke, M.P., T. Dixon Craig, M.P., J. P. Whitney, M.P.P., and many members of the Provincial Opposition.
