Broke His Collar Bone.

Alderman Crandell has been missed off Kent-st. for a few days, and his friends will regret to learn that, owing to an accident, it may be some time before he will be able to mingle with them as of yore. While returning home on Saturday evening about 5:30 he slipped on the icy sidewalk near Dr. Shier's drug store and fell heavily, breaking his collar bone. He was also severely bruised along the hip, and being well up in years he was very weak Sunday as a result of the combined injuries, and the accompanying shock. His many friends will hope for his speedy recovery.

Improvements in Order.

Carpenters are now busily at work transforming the interior of Campbell's grocery store. The improvements planned comprise a new floor, new counters, new shelving, and ceiling, painting and papering throughout, and also provide for a neat private office, with cashier's department in front. The work will be done as speedily as possible, and in the meantime customers will be served as promptly as ever. When the improvements are completed Mr. Campbell will have a bright, modern store, and will be better equipped than ever to enter his large and constantly increasing army of patrons.

A Pleasant Gathering

The Cambridge-st. Methodist choir were entertained last week by Dr. and Mrs. Herriman at their residence, Cambridge-st. There were present Mr. and Mrs. Morris, Mr. Stutchbury, of Toronto, and about thirty members of the choir. A most enjoyable evening was spent. Mr. Stutchbury gave three very pleasing songs, which were greatly appreciated. Messrs. Cornell and Wainwright were delightful numbers. A vote of thanks was moved by Mrs. Hillock on behalf of the choir, thanking Dr. and Mrs. Herriman for their kind hospitality, and for the enjoyment of a most pleasant evening. Dr. Herriman made a short speech in reply, in which he spoke of his appreciation of the work of the choir, and complimented them on the marked advancement all had made under the instruction of Mr. Morris. A motion was also made by Mr. Widdess, seconded by Mr. Morris, tendering the best wishes of the choir to Mr. Swain, a member of the choir, who is about to remove to Manitoba. Mr. Swain made a very suitable reply.

An Object Lesson.

Four large O.P.R. cars passed through Lindsay last week on their way east. They bore the significant label "Filled with buggies from the Tullhope Carriage Works, Orillia, going to the Eastern Provinces." Just to replace Orillia with the name Lindsay and think what the change would mean for the town. And all that is needed is a little enterprise on the part of a few of our leading citizens.

'Twas An Ill Wind.

The windstorm of Sunday week did not manifest its full force in town. In the country for a time it attained the velocity of a gale, and caused some damage in several localities. Among the sufferers was Mr. Wes. Greer, of the north ward who was notified yesterday that a barn on the farm owned by him in Fenelon township, about five miles from town, had been badly damaged. Carpenter Neil Gray of the east ward, had raised the building on blocks a few days before to permit of a stone foundation being placed underneath, and the wind forced one of the supports, straining the building badly and breaking some of the timbers. Mr. Albert Hardy is tenant.

The Public Library Opened.

The Public (Free) Library is at last an accomplished fact, and its promoters feel repaid for their efforts in bringing it to pass. At 7 o'clock March 23rd a large number had gathered to get some of the new books, if possible, but to get books of any kind, anyway, and the librarian, Miss Reazin, was kept busy for a couple of hours in satisfying the various demands upon her stores. Owing to the compactness of the arrangements, however, very little confusion arose, except in filling out some of the call-slips for books, but this will disappear in a short time as the public become accustomed to the new order of things. The Library will be open every evening from 7 to 9 o'clock, and Tuesday, Thursday and Saturday afternoons from 3 to 5 o'clock. Any person resident in the county of Victoria may become a member on filling out the application blank for that person and having it endorsed by a ratepayer. The fee for a borrower's ticket is five cents.

A New Industry Offers.

A special meeting of council was held last Friday to consult with Mr. R. M. Beal, of Toronto, relative to the establishment of a large tannery in Lindsay. The members present were Mr. J. H. Walters and Aldermen Lennon, Ingle, Horn and Sotheman, and among the citizens who sacrificed an evening for the town's good were Messrs. J. A. Paddon, G. D. Barry, R. Kyle, J. D. Flavelle, Thos. Brady, J. Carow, Jas. Graham, F. C. Taylor, Richard Sylvester, Robt. Kennedy, J. G. Edwards, Dr. McAlpine, A. D. Mallon, L. Newton, Dr. Neelands, John Hore. Mr. Beal outlined the encouragement he thought he should receive in case he decided to locate in Lindsay, and after his departure the terms were discussed at considerable length, many of those named above taking part. Finally the meeting came to a decision as to the inducements it would be possible to offer, and a committee comprising Mayor Walters, Alderman Sotheman, and Messrs. Graham, Flavelle and Kennedy, was appointed to interview Mr. Beal at 10 o'clock last Saturday, state terms endorsed by the council and committee, and report their acceptance, rejection, or modification to a general meeting to be held at a later date.

Marrage Licenses.

at Porter's Bookstore, Kent-st., Lindsay.

In New Premises.

A. Robinson, barber, has removed from the shop in the Royal hotel block to the stand two doors east of the Simpson house, where he will be pleased to receive former customers, and receive the patronage of new ones. Satisfaction guaranteed.—w2

Church Notes.

Service will be held in the Cambridge-st. Methodist church Good Friday morning, commencing at 11 o'clock. On Easter Sunday a sunrise prayer-meeting will be held in the school-room. After the morning service a reception of members into the church will be held. In the evening a song service will be held.

Cards of Thanks.

To the officers and members of Lindsay Home Circle No. 34: Gentlemen—I thank you for a cheque for \$2,000, being the amount of the Beneficiary Circle held by my late husband, Thomas M. Makins, in your order, and I extend my deepest gratitude to the supreme officers for their prompt attention to my claim.—JANET MAKINS, Lindsay, March 20th, 1899.—w1

To Aid Poor School Sections.

It is reported that Hon. G. W. Ross, minister of education, intends to introduce a bill at the present session to enable two or three poor and sparsely settled school sections to amalgamate for the purpose of getting a central building. Power will be given the trustees to pay for the transportation of pupils from a distant part of the sections to the school. A similar law in force in the States and works well. They say that when their new power house is completed they will be able to supply Lindsay with light and power to Peterboro, Lindsay and intervening points, has stirred the interest of the Farmhouse and Power Co. and that there is every probability of a deal being made that will result in the closing of the Lindsay station, the company taking power transmitted from Peterboro. All of which is very interesting.

Best Seeds Absolutely Necessary.

We cannot too strongly nor too often urge the supreme importance of planting seeds that are perfectly pure and fresh. Seeds that are offered at cheap prices are almost invariably of doubtful origin and uncertain age, sure to cause the planter disappointment and loss. The thoughtful planter's only surety lies in buying seeds sent out by a conscientious and trustworthy house. A vast number of gardeners have (and have had for years) the utmost confidence in seeds that bear the name D. M. Ferry & Co., Windsor, Ont. The present generation of planters can hardly remember the time when Ferry's Seeds were not on sale everywhere each year and as regularly planted by thousands, with the greatest faith in the unvarying quality of the seeds and in the integrity of the firm that grew them. Every planter, whether already a buyer of Ferry's Seeds or not, should send for the Seed Annual for 1899. It is mailed free to any one who writes for it.—dwl

LOCAL BREVITIES.

Town and County Items of Interest

—An ice-making plant is being installed in The Matthews Co. Pork packing establishment in Peterboro.

—St. Paul's famous band will begin a Canadian tour next month. It's not likely that Lindsay will be visited.

—Driver McMillhargey shipped a car of hogs Monday to Geo. Matthews Co., Peterboro, and another of cattle to Toronto market.

—We are having typical March weather at present. Winter is dying hard, and many hope that the hour of dissolution is near at hand.

—Dr. Neelands has great success in crowning broken teeth. Extracts teeth without pain by gas and vitalized air. Office nearly opposite Simpson house.—wt1

—If you like a cup of good tea, try our new Pekoe and Japanese, their flavor will delight you. Coffees are fine; in fact everything in our line is first-class. Our prices will please you best of any. Oak Front Grocery.—wt1

—The carders and spinners of the Auburn Woolen Mill, Peterboro, went out on strike Friday night because the management refused to pay for time lost while the machinery was blocked with wool.

—Bobbycon Presbyterians have separated from the Peterboro Presbytery and cast in their lot with Lindsay Presbytery. One by one the ties that used to bind Peterboro with the north county are being severed.

—We direct attention to the advt. of the Peterboro Business College in another column. The training given in the various branches is very thorough and the success of our graduates in obtaining positions emphasizes the good work done by the teachers.

—Mr. G. H. Williamson, harnessmaker, Beaverton, son of Mrs. J. W. Williamson, of this town, has bought out Mr. Chas. Wilton's harness business in Cannington, and will take charge of it himself, leaving the Beaverton business in charge of a former man.

—Mr. A. Robinson, tonorial artist, who for the past five years has been doing business in the Royal hotel block, has removed to the stand two doors east of the Simpson house, and is fitting up a neat and tasty parlor for the convenience of his many customers.

—Parties desiring an investment for sums of \$100 and upwards, that will be the very best class of security and give no trouble in collection of interest, cannot do better than invest in Land Mortgage Debentures as offered by the Victoria Loan and Savings Co. See ad. in another column.—w3

—Another shipment comprising five carloads of agricultural implements was made last week by Sylvester Bros. to their North-west agent. Every machine has been sold in advance, and orders for many others are being sent in almost daily. The firm find it almost impossible to keep up with the demand.

—A new steam laundry will be started within a few days in the premises two doors east of the Benson house by Messrs. Jos. Carroll and Chas. W. Young men. They have purchased a complete steam plant of the latest and best design from Messrs. Myers Bros., Toronto, and have secured the services of a competent manager.

—The body of the late Thos. Brown, killed at Farnham, Que., on Monday morning, reached here on March 23rd on the 9 o'clock train. Six members of the Farnham branch of the Brotherhood of Railway Trainmen accompanied the body, which took place on Friday at 2:30 from the residence of Mr. Weldon Brown, east ward, to Riverside cemetery.

—Engineer Harry Hammond, of the pump house, says the water in the Seneca is much too cool as yet for promiscuous bathing to become popular. He went across the river on Monday after a can of milk, and he's not quite certain yet whether he was swayed by the extra quantity of water he was carrying or by the bottom dropping out of the boat. Anyway he lost a new tin can and had to swim to shore.

—The formation of the Burling Falls Power Co. to supply cheap light and power to Peterboro, Lindsay and intervening points, has stirred the interest of the Farmhouse and Power Co. and that there is every probability of a deal being made that will result in the closing of the Lindsay station, the company taking power transmitted from Peterboro. All of which is very interesting.

—The ice on the river is now unsafe for driving. Last Tuesday Messrs. Nicholls, Kent and Connors started for Bobbycon with loads of flour, chop, etc., from the S. D. & F. Bros. mills, but were obliged to turn back.

—The Talent Workers of St. Andrew's church regret that owing to illness Rev. Dr. R. N. Grant cannot lecture under that auspices on April 4th, as announced. Dr. Grant is obliged to give up all work for a time.

—Mrs. Thos. Sheriff left on Wednesday for Hamilton to spend Easter holidays with friends. She will be accompanied by her daughter, Agnes, who will attend the business college there, of which her cousin is principal. Mrs. Sheriff will return to Lindsay before leaving for her home in Kansas.

—Milkman Hodge's team ran away last Wednesday while the driver was delivering to a north ward customer. The animals jogged leisurely until they reached Kent-st., where an unsuccessful attempt to catch them increased their alarm, and they headed up Lindsay-st. for their stable at a clipping gallop.

THE SITE HAS BEEN PURCHASED

Rider & Kitchener Vener and Excelsior Factory Located in the north Ward

After carefully examining a number of sites both above and below the locks, Messrs. Rider & Kitchener, who arrived in town on Monday, came to the conclusion Wednesday that Mr. J. B. Knowlton's property on the west side of the river above the railway bridge was the most advantageous for their purpose, and they at once purchased a plot of four and one-half acres in extent.

Those who know the locality will admit that the site chosen is superior to those offered below the locks, as there is a natural depression in the shore line forming a pond which at slight expense can be made to hold an ample supply of logs without in any way encroaching on the steamboat channel—a very important feature, in view of the constant complaints by boatmen during the season of navigation. The construction of a switch through the firm's premises will also be an easy matter, according to the opinion of Roadmaster Cheer, of Orillia, who came to town Wednesday to examine the ground.

Mr. Rider, jr., took measurements for the factory buildings Wednesday after the site had been secured, and proper working plans will be drafted as soon as possible and placed in the hands of a contractor.

Naturally Mr. A. D. Mallon is a happy man now that the industry for which he has made sacrifices both of time and money is next thing to an accomplished fact. His friends urge that the town should reimburse him for at least his actual outlay in travelling expenses.

—A gang of men went north Tuesday to repair dams and slides.

—Belleville has purchased its waterworks system at the valuator's figure—\$17,644.78.

—The Sadler, Dundas & Flavelle Milling Co. are retiring from the wood business and have not contracted for a supply for next season.

—The Lindsay Light, Boat & Power Co. is purchasing a considerable number of cedar poles that the industry for improvements in the street service.

—Since Monday morning Market Clerk Callaghan has weighed 154 hogs, 45 head of cattle and a number of sheep and lambs, for shipment.

—Messrs. Wesley Moore, of Ops, and J. Brandon, Fenelon Falls, each shipped a carload of hogs to the Geo. Matthews Co., Peterboro on Wednesday.

—The sale of the effects of the Grand Central hotel, Peterboro, on March 4th, realized only \$1,100, and a law suit is likely to result, the contention being that the goods were sacrificed.

—Farmers and others should remember that Monday next is a bank holiday, and will be observed as such by the staffs of Lindsay's financial institutions.

—The license commissioners for East and West Victoria met the other day at Inspector Short's office. The former elected Mr. Wm. Waffle, Colocook, as their chairman, and the latter appointed Mr. Wm. Needler.

—The Hon. William Harty, Commissioner of Public Works for Ontario, and his son, Dr. Jack Harty, are arranging to spend some time in Europe next year, including an extended visit to the Paris Exposition.

—Mr. C. Munro, who is here buying potatoes, turnips, etc., for Toronto parties, has already shipped three carloads. On Tuesday he paid as high as 56c per bushel for potatoes, but the price dropped next day.

—The ice on the river is now unsafe for driving. Last Tuesday Messrs. Nicholls, Kent and Connors started for Bobbycon with loads of flour, chop, etc., from the S. D. & F. Bros. mills, but were obliged to turn back.

—The Talent Workers of St. Andrew's church regret that owing to illness Rev. Dr. R. N. Grant cannot lecture under that auspices on April 4th, as announced. Dr. Grant is obliged to give up all work for a time.

—Mrs. Thos. Sheriff left on Wednesday for Hamilton to spend Easter holidays with friends. She will be accompanied by her daughter, Agnes, who will attend the business college there, of which her cousin is principal. Mrs. Sheriff will return to Lindsay before leaving for her home in Kansas.

—Milkman Hodge's team ran away last Wednesday while the driver was delivering to a north ward customer. The animals jogged leisurely until they reached Kent-st., where an unsuccessful attempt to catch them increased their alarm, and they headed up Lindsay-st. for their stable at a clipping gallop.
