With the use of a proper grade of fine salt and a better knowledge of packing, Canadian butter would speedily take the lead here.—English opinion.

BUTTER-MAKERS

USE THE BEST SALT,
IT IS IMPORTANT.

Shippers say so, and common-sense clinches it; the English buyer says so, and your reputations as makers of good butter that will sell at remunerative prices in the old country markets depends upon its use. Poorly salted butter will not keep. It would be hundreds of thousands of dollars in the pockets of Canadian farmers if they would attend to this matter of salt.

Now that the American market is practically closed to the Canadian farmer for many articles of produce, it is particularly necessary to study the requirements of the English dealers. Canadian Cheese occupies a front rank—there is no reason why Canadian Butter should not also be sought for in preference to that of other countries.

For some years past we have made it a point to keep a reliable article of fine DAIRY SALT—Ashton's—with satisfactory results. It comes a little higher in price, of course, than the common, coarse article so generally used and condemned, but it pays in the end. There's really more money for us, as dealers, in handling the coarser grades, but it would not be like us—we always aim to keep the best. Try a sack of it this spring.

LAND SALT AND PLASTER.

Farmers who have not yet placed their orders for Land Salt and Plaster should do so now. We have Beamish's celebrated Grey Plaster in barrels and bags; the Land Salt is in sacks.

The extra yield gained well repays the use of these fertilizers. Something must be given back to the soil from which so much is taken.

Edgar, the member representing the west riding of Ontario, having stated from his place in the house that he is credibly informed and believes that he can establish by satisfactory evidence: (1) That during each of the years from 1882 to 1891 inclusive the Quebec and Lake St. John Railway Co. received by way of the Dominion of Canada subsidies amounting to one million dollars, which subsidies were voted by parliament on the recommendation of the ministers of the crown. (2) Arrangements were entered into by the said railway company whereby the expenses of the said subsidies were defrayed by a construction company through or in conjunction with one H. J. Beemer, a contractor, and the said Beemer and those who assisted him in financing for the said railway works received the benefit of the said subsidies. (3) During the whole of the said period from 1882 to 1891 the said subsidies were paid in advance of the time when the said subsidies were due, and were paid by the Dominion of Canada, a member of the Canadian government, and one of her majesty's privy councillors for Canada. (4) That the said Sir A. P. Caron was during the whole or the greater part of said period one of the members of the said construction company, and thus had means of knowledge of said subsidies and of the arrangements with the said subsidies and their destination after they were paid over by the government to the said railway company. (5) That during the said period while the said railway was being constructed in part by means of said subsidies, the said Sir A. P. P. Caron was a member. (7) That the Temiscouata railway company was given incorporation by letters patent issued by the Canadian government on the 19th of October, 1883, and that the said railway company has received from the Dominion of Canada, subsidies to the extent of \$649,200, which subsidies were voted by parliament on the recommendation of the ministers of the crown. THE LATE JOHN HALLIDAY.—The late Mr. John Halliday, whose death on the 7th inst. was noticed at the Canada Post, was from near the town of Moffat, Dumfriesshire, Scotland. He came to Canada the year 1844, settling in the township of Clark, and removed to this vicinity about the year 1870, settling on the John Jacob's farm, adjacent to the late Frederick O'Leary estate. Mr. Halliday was a firm member of the Presbyterian church, but was liberal minded and worshipped with the Methodists until a congregation was formed here by the Rev. Wm. Peterson, now of Oakville church, Toronto. Being a fine singer, he sang in the Methodist choir here for years. It was mainly owing to his efforts in connection with the Rev. Wm. Peterson, that the congregation was organized here, which has been the means of doing much good. He was a devoted man, and was a constant worker in all religious work here, including temperance. He was an abstariner from his boyhood. On removing from this place, he was presented with a grand watch, address, watch and chain by the people of this place. A might be expected from the good man, a kind neighbor, a loving husband and father, and a devoted parent. He leaves a widow, two sons and two daughters to his late home, in East, Michigan.
