LINDSAY, FRIDAY, APRIL 15, 1892.

Rural School Trustees and Municipal Councils.

At Osgoode hall on Monday, 11th inst., before V. C. Ferguson, a motion was made on behalf of the trustees of s. s. No. 18, Mariposa, for a mandamus to compel the municipal council of Mariposa to pass a by-law for the leasing of school sites to pay for a new school site and the erection of a new school house. For more than a year the question of change of site was agitated and finally an award was made establishing the school site. The statute makes such an award binding for at least five years. The agitation continued, however, and on the presumed authority of special meeting held since the award, the trustees applied to the township council to pass the required by-law. This the council refused to do. Hence the motion for a mandamus to compel them. On behalf of the trustees it was urged that the council were obliged to pass the by-law on its being shown that a majority vote of a special meeting of council had sanctioned the application for the loan. Counsel for the township argued that notwithstanding the imperative language of section 115, it was the right as well as the duty of the council, in the interests of their township and of these particular ratepayers, to see that the applicants had established a clear legal right to be made what section 115 of the act as a condition precedent, and that in the absence of proof that a majority vote had adopted the new site the council properly refused; also that the requisition asking the debtors to be made payable in ten years was an improper interference with the discretion given to the council by the statute to extend payment over a term not exceeding thirty years, and that the court would not deprive the council of this discretion. His lordship ruled in favor of the township council on each of these points and refused the mandamus, with costs to be met by the trustees, but without prejudice to any application which they may choose to make on other material. Mr. D. J. McGarry, Q.C., McIntyre & Stewart for the school trustees; Mr. John McSwain (McSwain & Anderson) for the township council.
