KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical boing, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from

every objectionable substance. Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will no vocest any substitute if offered.

SPRATT & KILLEN,

FAMILY GROCERS.

Arch. Campbell.

"FOR THE LAND'S SAKE!"

is an expression used by some people to denote the preposterous or ridiculous. We make use of the term in an appropriate and serious sense when we advise farmers having jaded and worked out fields to

USE LAND PLASTER AND SALT.

It is fairly well understood now-a-days that the land must be fed and "nursed by a proper system of rotation of crops, or ploughing in, or the sowing of clover, or the use of some fertilizing agent, to maintain its fertility; in other words, you must return to the land in some form what you take from the land, as the professors say at the Farmers' Institute Meetings. . - - -

But a rotation of crops is a slow process for the enrichment of the soi, and the liberal use of LAND PLASTER and SALT is generally recommended instead. There are better dressings, maybe, but they cost infinitely more; Plaster and Salt give good results for a small outlay.

OSWEGO PLASTER IN BARRELS AND BAGS ... SALT IN 200 LB. SACKS.

We have handled the above for many years, and farmers may rely upon it that the quality is up to standard. Every convenience for loading at the Warehouse on William-st.

While on the subject of SALT, let us say that we have a special article for Dairy use that is recommended by all shippers and creamery makers. The price is right. Buttermakers who use it once will have no other.

ARCH. CAMPBELL,

FAMILY GROCER.
