Canadian Lost.

LINDSAY, FRIDAY, APRIL 26, 1895, THE OPENING OF THE SES-

exception of the Manitoba school question, the main feature of the session. The Worse than that: the very legislation immediate leaders on both sides have spoken, and it is not denied that the her to stimulate rival grain growing in ernment for ratification. scorching the government received was as pitiless as it was deserving. For the first time in parliamentary debate the tion of depression. Hitherto they have declared unconstitutional in so far as it government admit a widespread condidenied it, and their followers have joined relates to revenues derived from rents, in the denial and cheered it each time it was made. Now they concede it, and the Rockefellers, and other great capitaljustify the excuse quite as easily. They ists, willescape the tax, but manufacturers, deny now that the N. P. was ever expect- bankers, business men, and salaried or proed to be preventative of hard times. fessional classes who receive \$4,000 a year ed to be preventative of hard times. or over, must hand over a portion to the or over, must hand over a portion to the government. The tax which was estimat has the condition of the agricultural class ed to yield \$30,000,000, will not produce been so bad as it is to-day, and the more pay will go scot-free. No doubt the law will be repeated.

The leaders on either side of the house wisely abstain from strong language on fixed now. The claims of business, it Laurier, however, asserted in very positive little political advantage may be gained a divorced woman, was stabbed and killed language that had the government adopted by keeping up a state of uncertainty about man who had been living with her a more conciliatory tone with the Mani- when polling day may be looked for. Busi toba government the unhappy existing ness has already suffered severely because the death blow. friction would have been avoided. The past three or four months. It should not and coerced, and the course adopted by the agitation still further, and the way to avoid it is to fix and announce the date of in order to secure the credit in certain it. quarters of acting aggressively. A careful perusal of the premier's speech indi-

tically criticized. In nine months' time had been disputes in the cabinet he (Fosunder tory rule the deficit in larger than Sir Richard Cartwright and Sir Charles H. in the five years of Mackenzie's regime Tupper took part in the debate and Hon.

A VOICE FROM LINDSAY.

[Toronto Globe, April 19th] Sam Hughes is editor, in treating of the than in February, 1894. Protection, it Manitoba schools question seems inclined seems, cannot altogether protect in the to read Sir Hibbert Tupper and Mr. manner its advocates claim. Free trade 000 in gold at the sub-treasury in New Ouimet out of the party. It says that Britain carries her goods into the States these gentlemen are determined to over- are making a great outcry because they ride the first decision of the fjudicial have recently exported two cases of cloth committee of the privy council, and to to England. Free trade will hardly be terday. go far beyond the suggestions contained destroyed by this action. The imports of foreign dry goods at New York have in the last judgment. "They seem," says doubled since Jan. 1st. The Boston Jour-doubled since Jan. 1st. The Boston Jour-nal alluding to his, says: "Few countries in the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the world are his and make the same with the same with the world are his and make the same with t Romanists to appeal carries with it the and the final result in our own case is not inaugurated the season's play yesterday sion that granting the right of Manitoba stand such a blow to native industry, duty to concede all their demands. Both gentlemen have rendered themselves quite ridiculous before the intelligent thinking public of Canada during recent weeks." The Warder goes on to say, after an allu- meets concerning certain transactions in the tailors, have also been thrown out of sion to Mr. McCarthy and Mr. Choquette, connection with the National Park at employment. The tailors, after the strike that it is not from such opponents that Banff. It appears that when the lots were of last September, signed an agreeme the conservative party has reason to fear put on the market first a price was put on the conservative party has reason to lear danger. 'The danger lies within. It is first payments, but the government after-first payments, but the government afterwards withdrew the lots from sale, refused was to last until May 1. The empty danger. Was to last until May 1. The empty danger. Was to last until May 1. The empty danger. Was to last until May 1. The empty danger. Was to last until May 1. The empty danger and output and made their first payments, but the government afterwards withdrew the lots from sale, refused was to last until May 1. The empty danger and output danger real danger to Canada, and necessarily to to issue patents for those already sold, and the conservative cause, is threatened." wanted all parties to lease. Since that Darmstadt. The Warder seems to think that the time to date the inhabitants of Banff have "childish conduct" of the two ministers been pressing the government to sell.

The Warder does not make clear where seems to have been merely of the ante-seems to have been merely of the ante-seems to have been merely of the ante-mons for West I election Mr. Dewdney made no effort or election Mr. Dewdney made no effort or attempt to carry his pledge into execution.

The result is the position of the Band no.

One thousand the resolve of the government to "do ple is in no degree improved, and a very the resolve of the government to do strong remonstrance will be heard in parjustice to the Manitoba minority." Mr. liament if justice is not promptly done.

Bowell has not denied that in case of the refusal of Manitoba to obey the order of the government to restore separate schools parliament will be asked to pass a law overriding the provincial law. Dr. Montague has specially stated that the Ottawa administration says to the government of We have already had to Manitoba: "We do not want to interfere increase our regular Spring with your province at all, but if you do which causes local irritation. The patient, order, and this week we will not carry out the judgment of the privy New Fresh WALL PAPER statute to authorize the parliament of utes. It is believed that come will follow and that death may be expected at any at 5c, 6c, 8c, and 10c per Canada to deal with that question as it is

province oi which you are citizens." To the ordinary eye the distinction between the position of these two gentleand declare that his language during the

EDITORIAL NOTES.

Stratford Beacon: In a recent speech Hon. Geo. W. Ross stated that it costs \$8,54 to educate a child, \$91.28 to keep a prisoner in gaol, \$187 to keep a prisoner in the Central prison. Yet some people grumble over the cost of education !

cent. duty, and sell the animals at a good profit in St. Paul and Chicago markets.

Toronto Globe: The bargain that there should be a session without legislation was evidently a fair compromise between the conflicting demands for a session and dissolution. That, of course, is on the assumption that parliament exists to provide a means of livelihood for its distinguished votaries. It does not seem as if the bargain would be fairly carried out,

One estimate has it that the recent ad vance in crude petroleum will add \$50 -000,000 to the value of the Standard Oil Trust's property. Perhaps this is the reason behind the unexpected rise in the value of the commodity. The Standard oil people have nearly a monopoly of the refining business in the United States, aed are not likely to boom their raw material unless they see in an enlarged price for the finished product a return for

ing this as confirmation of the theory that he still has an enormous short line to cover, began buying furiously. May opened % higher at 581/sc, sold up rapidly to 59%c and reacted to 59%c. Corn strong, against Umra Khan, telegraphs that it May opened at 45%c, advanced to 48%c was not Col. Kelly who relieved the gar- and reacted to 40% o. Oats firm, May opened 28%c, sold to 28%c and reacted to 285%. Provisions firm. July pork opened 5c higher at \$19.55. May lard sold at \$6.90 and ribs at 34.420%.

The principal feature of the market in Hamilton on Saturday was the remarkable rise in wheat prices. The Canadian market follows the American market in grain very closely, keeping just below the 15-cent duty limit. Saturday, American wheat figures becoming stiffer, up went the Canadian price to 7 cents (standard) likely two cents may be looked for by the
