UPHILL. (Correspondence of THE POST.) PIE SOCIAL.—A good night, a good crowd, a good program, and plenty of ples, with their fair owners—all combined to make the pie social, on the 17th, a success, and such it was, as the receipts of \$22 50 testified. years (a)though there are many unacquainted with the fac), viz., 1880, '84, '88, '92, 1600 and 2000 were or will be leap years; '81, '83, 86, '90, 1800 and 1900 were not or will not be leap years. The lesp years are those whose dates are exactly divisible by 4, except in the case of the even hundreds; hese must be exactly divisible by 400. There is no extra day in 1900 because leap year occurs in no centurial year which cannot be divided by 400. The reason is that if an extra day were added to every fourth year too many days would be added in the course of 100 years. So one of them is dropped. In the course of 400 years too many days would be dropped by this plan to make the calendar come out right and so the fourth centurial year is made a lesp year, which brings it out about right.

How Millionaire Anderson of Montreal Left Fortunes to His Relatives -Divinity Students Got Stuck for \$500-They Wanted to Sell Mutton Pies.

Montreal, March 30 .- (Special)-There was quite a surprise to-day in banking and political circles when it was learned that Mr. Alphonse de Martigny, for 19 years cashier of the Jacques Cartier Bank, had resigned his position to accept the Liberal candidature in the County of Beauharnois, against Deputy Speaker Bergeron . Mr. De Martigny, who opens his campaign at Valleyfield on the 10th of next month, will be succeeded in the Banque Jac-ques Cartier by Mr. Tancrede Bienvenue, for many years assistant cash-

The will of the late Robert Anderson provides for the deceased's relatives as ollows: Mrs. Allan and Mrs. Dickson, sisters of the deceased millionaire, \$250,000 each, while the children of the two ladies just mentioned will each receive \$75,000. The balance to be divided equally among the grand nephews and nieces. The story set ufloat to the effect that the bequests to the charitable institutions had been subsequently revoked is a canard, pure

and simple. The community is exercised over the case of several Presbyterian divinity students, who, being seized of a speculative turn of mind, paid to the British Empire Exposition \$500 for the privilege of selling mutton pies on the grounds. UNDER OATH. The following testimony of Ars. Alargaret
Patterson, given under
oath before W. F. Walker, Notary Public,
marks the most wonderful cure in the history of any medicine: cars I was badly filicted with rheuma-

gia in the head. At times I suffered very much pain from violent headaches, and in order to stop same, and upon the advice of a physician. I had a number of my teeth extracted, without deriving any advantage.

"In May, 1894, I had a paralytic stroke in the left side of my body; this was followed by the total loss of sight of the left eye, bealing of both ears, violent headaches, severe fits, and great weakness. I became totally unable to do any work about the house, and was not safe to be left alone on account of my dizziness and general weakness. and general weakness.

"I consulted four different physicians, who attended me, and they told me that they would do what they could, but that I would never become well again.

"About two months' ago I began using the medicine being put up by Mr. S. S. Ryckman, M.P., of this city, and now known as Kootenay Cure, and am now taking the fourth bottle of
