LINDSAY, FRIDAY, APRIL 7, 1890. BURLEIGH FALLS SYNDICATE.

Asking for Talders for Concrete Pam and Power House. Mr. J. Alex. Culverwell, manager for the above syndicate, owner of the Burleigh Falls power, was in town Thursday having come up from Peterboro, where he has been most successful in securing revenue for light and power for the Burleigh Falls-Lindsay-Peterboro Electric Syndicate, and also in interesting several preminent and

terprise, who are giving him every assistance in this scheme. He there received assurances for power which represent some \$5,000 per year, already, some of the manufacturers having identified themselves with the Syndicate. He has also secured

The bus ness men in l'eterboro and Lindsay have certainly shown that they desire cheaper and better electric light and power. : Already several applications in each town have been received

New Factory Requirements,

showing the grand possibilities where cheap electric power can be secured. The Burleigh Lower has a minimum flow of 3.600 h. p., but with the grand reservoir at its coor, some 4,500 h. p. flow will be available during the day time, the water being stored at night. Three of the most prominent electrical engineers on the cont non, have endorsed the enterprise as being not only feasible, but a commercially successful undertaking.

Mr. F. W. Barrett, of Toronto, chairman of the syndicate, was in Peterborothis week to confer with some

Gentlemen of Prominence. Mr. Barrett is the treasurer of the Luxfer Prism Company, and has made floatations along with his associate, Mr. Horn, in the States and England, of the Luxfer Prism Companies, involving some three millions of dollars outlay of capital. He is enthusiastic over the possibilities of Burleigh Falls power, as to its immediate sources of revenue in Lindsay, Peterboro and vicinity, and stated that with such a large amount of capital at present seeking investment, the flotation of the large Burleigh Falls Company can be accomplished with the greatest success.

L. C. I Notes.

-A very interesting and hotly contested game of basket-ball was played last night in the Y.M.C.A. between teams from the Y.M.C.A. and L. C. How Would This Do?

An exchange says: "There is probably scarcely a town on earth where scores of dogs do not escape the tax collector. A novel scheme has been successfully tried in one of the large towns across the line. A list of the dogs taxed is posted up in prominent places and a reward of ten cents is given to the boys who can hunt up the animals that have escaped. It adds considerably to the town funds, and takes away the temptation to deceive the assessor."

A Victim of the Storm.

Richard Ough, a Mount Albert baker who sold bread to people in surrounding villages, was found dead under his rig on Wednesday last on the road between Mount Albert and Sutton, by Messrs. Bryant and Nicholls, of Sunderland, agents for the Peter Hamilton Co., Peterboro. The roads were badly drifted and it is supposed that Ough was walking alongside to steady of rare excellence. the rig, when it tipped over upon him. It is not known whether death resulted from a broken neck or from suffocation. Deceased was only 30 years of age and was highly respected.

The grave gloom could not fold Thee, The grave bonds could not hold Thee, The triumphant Lord of all! Three days in solemn keeping, The rock tomb wrapped Thy sleeping, And death was at Thy pall.

Then swift through heavenly choirs, Through ranks of seraph lyres, Exulting music ran; And swift the glad strong angels, The resurrection angels, Came to the Son of Man.

And when the dawn rays quickened Where late the midnight thickened, Behold an empty bed! No more for Him death's prison. All hail! The Lord is r sen! The hosts of life are led.

M. J. CARTER. LINDSAY. THE BARGAIN GIVER,

Thousands of people, not really ill, need a tonic at this season. Close confinement in badly ventilated houses, shops and school rooms during the winter months makes people depressed, languid and "out of sorts".

Nature must be assisted in throwing off the poison that has accumulated in the system during these months, else peoble fall an easy prey to disease.

Pills is the greatest tonic medicine known. These pills make rich, red blood; strengthen tired nerves, and make dull, listless men, women and children feel bright, active and strong.

Mr. Jas. Purtelle, a well known farmer living near Crofton, Ont., says:-" For several years I have been a sufferer from general debility. I believe my troubles originated in over-work, aggravated by a severe cold. I had advice from doctors in Picton and Belleville, but did not get any better. Then I went to Toronto for treatment, and for a time experienced some relief, but it was only temporary, and soon I was worse than before. Some of my neighbors advised me to try Dr. Williams' Pink Pills. Before the first box was gone I found relief, and after I had used a few boxes more I was rejoicing in complete recovery, and my health has since been excellent. Words fail to express the value I now place on these little pink messengers of health, and I only hope other sufferers will follow my example."

There are numerous pink colored imitations against which the public is cautioned. The genuine are only sold in boxes with wrapper resembling the engraving on the left, but printed in red ink.

If your dealer does not have the genuine, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

I tried several remedies until I was recommended by my fireman, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. recommend them to all my friends.
