LINDSAY BOARD OF TRADE

RECIPROCAL DUTIES ON COAL, LUMBER AND TES RECOMMENDED.

The improvement of the River Channel Again Discussed. A Well Attended and Interesting Session.

A general meeting of the Lindsay board of trade was held in the council chamber on Thursday evening. President J. D. Flavell occupied the chair, and among the members and others present were Messrs. R. J. McLaughlin, E. J. Lytle, J. H. Southan, Robt. Kennedy, John E. J. Magwood, A. J. Kerr, H. O'Neill, J. S. Graham, G. M. Baker, T. Ellis, J. R. McNeill, Thos. Brady, John Carver, A. O'Brien, A. D. Mullin and J. C. Harstone.

A Matter of Finance. From Mr. G. H. Hopkins, relative to rent unpaid by old board of trade and offering to accept \$25 in settlement thereof.

The Duty on Soft Coal. A memorial to his Excellency the Governor-General in Council praying that the Canadian duty of 15c per ton on American soft coal be reduced to 10c per ton to correspond with the duty collected by the United States on coal entering that country from Canada.

Mr. Graham—"If there are reasons why the memorial should not be forwarded now is the time to have them discussed."

Mr. Wm. Flavell—"Is the agitation for a reduction of duty general, or is the Lindsay board of trade the first to take action?"

Mr. Massey Baker—"It is general. The Rethlun Co. are asking leading boards to take it up, and the R. Chelieu & Ontario Navigation Co. is also interested."

President Flavell—"It is our duty to consider Ontario interests, and certainly a reciprocal duty would benefit our manufacturers greatly. Nova Scotia coal does not come far west owing to cost of carriage, and the high duty almost prohibits the importation of American soft coal."

Mr. McLaughlin—"Nova Scotia coal comes as far as Montreal in small quantities. There may be various interests to consider, but certainly the reduction of the duty would benefit Ontario."

President Flavell—"I can see no objection to the board adopting the memorial, as both governments have been acting to some extent on the principle of reciprocity, which I consider a wise policy."

Moved by Mr. McLaughlin, seconded by Mr. Kennedy, that the memorial be executed and forwarded.—Carried.

The Duty on Lumber and Ties. The next document read was a petition to the Governor-General in Council praying that the duty on dressed and undressed lumber and railway ties shipped into Canada from the States be made equal to that charged by the American government on similar products shipped from Canada.

Figures were given showing the rapid growth of the American shipments, and the detriment to Ontario mill-owners and those dependent upon the lumber industry for a living. The petition set forth that the Canadian demand for coarse lumber could be supplied from Ontario but for the advantage afforded American dealers in the way of a low duty, and that Canadian railways heavily subsidized by the government and municipalities, import white oak ties while Canadian hemp is allowed to go for want of a market.

President Flavell pointed out that a large deputation of lumbermen was about to visit Ottawa to interview the government relative to their interests in the petition where to be discussed, with others.

Mr. Graham said the members were swayed by political considerations of any kind, but considered that it would be entirely in the interest of the whole Dominion to make the duty equal to that imposed against our millmen. One result would be that mills could be started at Portage and elsewhere to supply the North-West market.

A QUEBEC CONTEST. Lumbago Driven Out Promptly by Dodd's Kidney Pills.

Quebec, Apr. 10.—Although Quebec is called "the Gibraltar of America," and well deserves the name, it is by no means impregnable against the assaults of Kidney Disease. Fortunately the inhabitants have an ally in Dodd's Kidney Pills that succeeds in driving the enemy out, every time it gains an entry.

Some time ago Mr. John Ball, of No. 57 Little Champlain-st., was attacked by Lumbago. He suffered for two years without getting relief from any of the medicines he used. Then he tried Dodd's Kidney Pills and the first box he used helped him. He used only three boxes, and is now well and strong in every respect.

The adoption of the petition was then moved by Mr. R. Kennedy, seconded by Mr. Carver, and the motion carried unanimously.

INTERESTING WEDDING. Mr. A. J. Belcher and Miss Kate Boyd Married.

Peterboro Review, Wednesday: An interesting wedding ceremony was solemnized in St. Stephen's church, Toronto, this afternoon, one in which the greatest interest will be manifested, as the contracting parties are members of prominent families in the district. The bride was Miss Kate Boyd, daughter of the late Mossom Boyd, of Cobaygon. Rev. H. Symonds, M.A., of St. Luke's church, officiated, assisted by Rev. A. J. Broughall. The bride was charmingly attired, was attended as bridesmaid by Miss Bonnell, of Cobaygon. Mr. R. H. Burnham, of town, was best man.

The wedding dejeuner, which followed the ceremony, was given by Mr. and Mrs. W. T. C. Boyd at the residence of Mr. H. J. Wickham, Avenue Row.

musical Notes. Prominent among our soprano soloists we mention the name of Miss Gertrude Fee.

She has just finished her last Sunday at Queen-st. Methodist church, and was like creditable to Mr. J. F. Morris, as trainer, and Miss Fee as soloist.

The Spring Months. Are most likely to find your blood impure and lacking in the erythrocytes which enable it to carry nourishment to the nerves and other organs.

Therefore you feel weak, tired and listless and are troubled with spring humors. Relief is given by Hood's Sarsaparilla which purifies, enriches and vitalizes the blood.

Lindsay's New Industry. Urbrige Journal: Mr. Robert Beall has been considering sites in Urbrige and Lindsay for a large tannery and leather manufactory, and it is reported that he has decided in favor of Lindsay on an inducement of tax exemption for ten years, coupled with the natural advantage of cheap building material and tan bark.

A Missionary Event. The centenary or hundredth anniversary of the Church Missionary Society is being celebrated this week.

One hundred years ago, on April 12th, 1799, a society was formed in London, England, to promote more active prayer and work the fulfillment of the Master's command to preach his gospel to every creature. Now, the little seed has become a great tree, and the Society has more than a thousand European missionaries, with over 5,000 native teachers, clergy and catechists.

The last year of the society's work was a grand success. Over one million converts were baptized (about 200 every day) besides many children. Meetings will be held in St. Paul's church, Cobourg, on Wednesday, April 12th, at 4 and 8 p.m., when Mr. R. Macnae, of Burnt River, and Rev. T. B. Smith, of St. Peter's church, Toronto, will tell of some of the wonderful things that have been wrought by means of the C. M. S. All interested in missionary work are invited.

Railway Notes. The Grand Trunk railway is making a reduction in the flour and grain rates from Toronto to Montreal, and from points on the main line to the Midland. The reduction is from the winter rate of 15 cents to the last summer's rate of 12-1/2 cents.

Midland elevator, No. 2, which has been closed for repairs for six weeks, is again open.

A number of brakemen are being given a chance these days to get a little needed experience in preparation for the spring rush on business.

The Grand Trunk freight agents have agreed upon the following rates for carrying grain exceeding a length of 20 feet: From Toronto or Hamilton to Meaford, Elzevir, Midland, O. C., Bracebridge, Lindsay, Haliburton, Peterboro, Lakefield, Port Dover, Port Rowan, and intermediate points \$1.00 each; all stations from Huntsville to Trout Creek, \$2.00 each.

Wedding Bells. The residence of Mr. Thos. Shier, of Fenelon, was again the scene of a very interesting and pretty wedding on the evening of the 5th inst.

A goodly number of friends of the young people were gathered to witness the marriage of Miss Clara Shier to Mr. Thos. Darke, of the township of Ops. Mr. R. Schindler, A. M., at the time officiated the bridegroom was the groomsmen, took their places in the parlor, and while the wedding march was being played by Mrs. Snowden, the bride, escorted by her father, and followed by Miss Darke, as bridesmaid, took their places behind the waiting gentlemen. In a few moments the ceremony, conducted by Rev. T. Snowden, was over, and many warm wishes for the kind wishes expressed for the newly-wedded couple.

The bride was beautifully dressed in grey, with trimmings of white silk, flowers and bridal veil. The bridesmaid was similarly attired, and looked very charming. A bountiful supper was partaken of, and a very pleasant evening was spent. The presents were valued and highly appreciated. The best wishes of the whole community are with the newly-married couple, who will reside a short distance from Lindsay.

WRESTLER TAKEN NABBED

HE "WANTED" AT LITTLE FALLS, N. Y.

Chief Bell Spotted Him on Kent-st. Last Saturday and Thereby Secured a Reward.

In Friday's issue of the Evening Post there appeared an item stating that Wrestler Doyle, of Peterboro, had passed through Lindsay on his way east. So our reporter was informed by a railway man, but the festive sport must have slipped off after the train left the station, because Chief Bell recognized him on Saturday about 2.30 in front of the Veitch house. It was not an ordinary everyday nod-and-pass-recognition, either, because it so happened that the chief was extremely anxious to meet Doyle owing to the receipt of a card from the police of Little Falls, N.Y., offering a reward of \$100 for his apprehension, and it is safe to say that he was very one-sided. Doyle was promptly arrested, and the Chief's summary action attracted the attention of a great crowd of spectators.

Y. M. C. A. Notes. A basket ball match will take place shortly between L.C.I. and Y. M. C. A.

The men's meeting on Sunday afternoon was well attended; The secretary took charge and spoke from the words, "Flee for Your Life."

Rheumatism Cured in a Day. South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days.

Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by A. Higginbotham and P. Morgan.

Another D. D. Rev. J. McE. Duncan, B.A. of Woodville, has just been added to the list of Doctors of Divinity, having been honored with this degree by Knox College last night.

Working Night and Day. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful for building up the health. Only 25c per box. Sold by A. Higginbotham.

A Very Good Showing. The following very satisfactory statement was submitted by the churchwardens at St. Paul's vestry meeting on Monday evening week: Receipts 1898: Ordinary, \$2,250.00; special, \$1,410.19; total \$4,660.19. Expenditure Ordinary, \$2,629.53; special, \$1,361.53; total \$3,991.06, leaving a balance of \$459.00.

Contributions to non-parochial objects amounted to \$842.90. The entire debt has been nearly extinguished and the mortgage reduced by \$200.

HE HAD TO FLIT IN A HURRY. A Lindsay Man in Danger. A message was received on Saturday by T. C. Matchett from his brother, Mr. R. J. Matchett, the buyer for the Chicago & Grand Trunk R. R., which stated that the Churchhill hotel in Alpena, Mich., where he was staying was captured on Friday at midnight, and that he and other guests had narrow escapes and had lost everything.

Catarrh Relieved in 10 to 60 Minutes. One short puff of the breath through the Blower, supplied with each bottle of Dr. Agnew's Catarrh Powder, diffuses this powder over the surface of the nasal passage. Painless and effective to use. It relieves instantly, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis and Deafness. Sold by A. Higginbotham and P. Morgan.

The New Steel Bridge. Town Commissioner Pitkin visited Longford on April 5th and succeeded in securing the quantity of stone required for the two courses to be added to the piers of Lindsay-at-bridge.

Hamilton Bridge Co. has notified the council that the delivery of the superstructure will be delayed for a few days owing to a car of steel having gone astray while en route from the Carnegie Works, at Pittsburg.

Y. M. C. A. Meeting. A meeting of the Young Men's Association of St. Paul's church was held on Tuesday week at the home of Mr. Grace, Russell-st., with a very good attendance. The meeting opened with scripture reading and prayer by the president, after which the reports of the various committees were read and other general business attended to.

Two new members were added to the roll. During the last year fourteen members have been enrolled, which shows the good progress being made by the association. A Bible class is to be commenced, probably in two weeks or so, and to meet at 9.45 Sunday mornings. The association will meet next month at the home of Mr. M. H. Sisson. Refreshments were then served and a pleasant hour spent in games, etc.

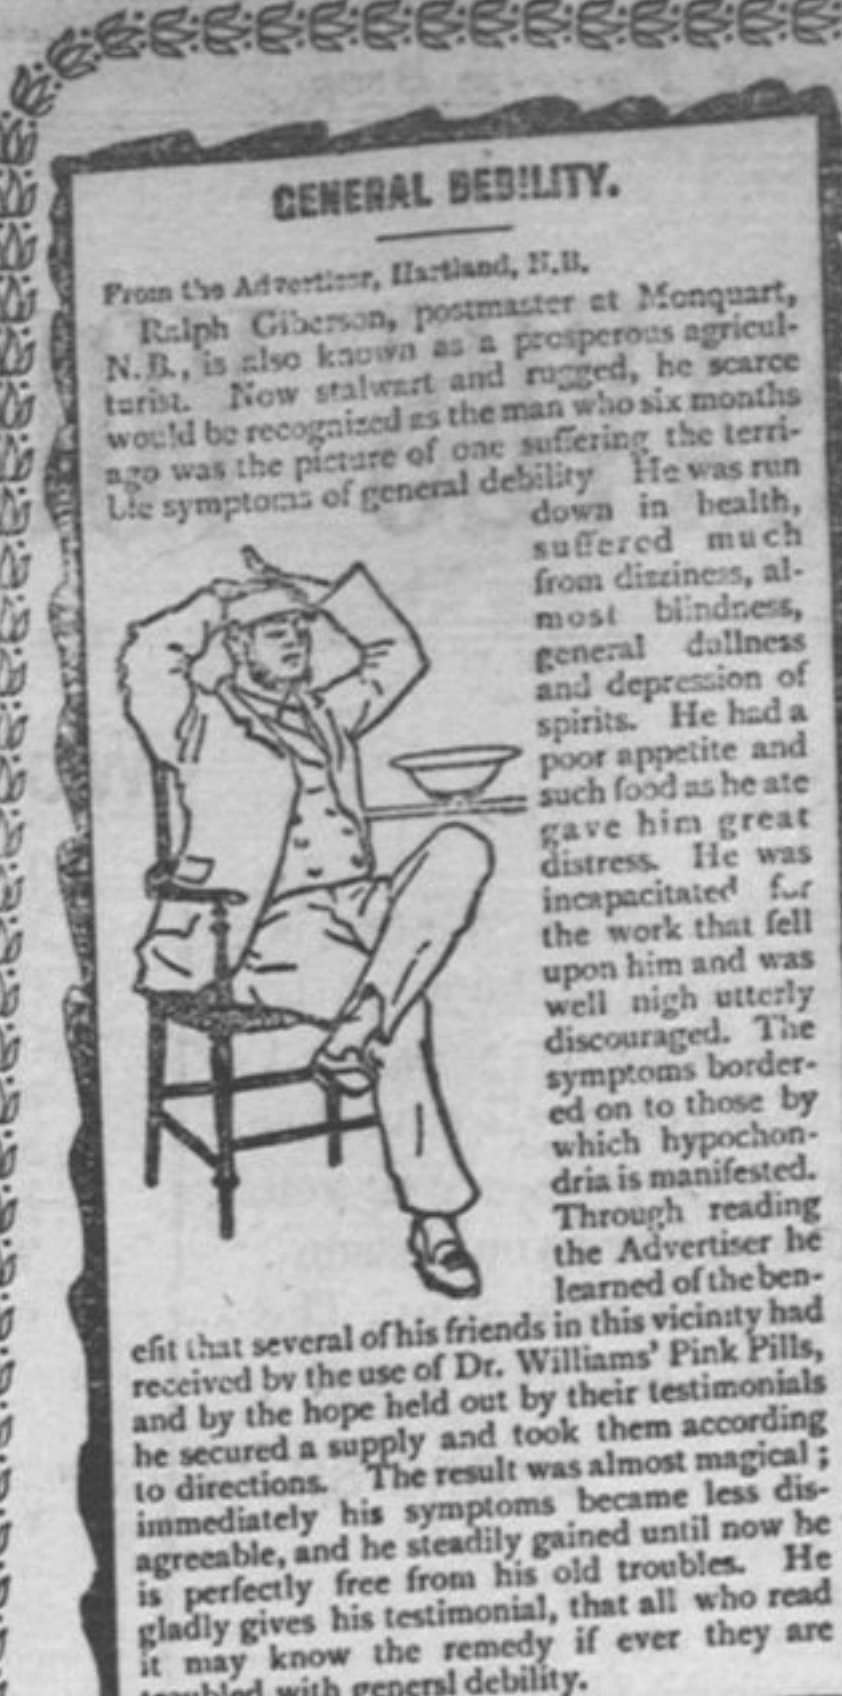

DYSPEPSIA AND CONSUMPTION. Frequently Deceive the Doctors by their Similarity.

Men Have Died with Dyspepsia Thinking they had Consumption.—The safest and most reliable medicine to use is Dodd's Dyspepsia Tablets.

Many a man has been killed by fear. Many a man has fretted himself to death. Many a man has gone to his grave, supposedly a victim of Consumption, whose complaint was neither more nor less than Dyspepsia.

Consumption bears such a close similarity to certain forms of Dyspepsia, that it is easy and natural to mistake one for the other. The chief symptoms are identical. In each case there is a cough, loss of flesh, paleness and night sweats. In some cases, even the most skilled physicians have mistaken one for the other.

Being under the mistaken belief that they have Consumption, dyspeptics sometimes obtain treatment for the

GENERAL DEBILITY. From the Advertiser, Marlborough, N.H., N.B., is also known as a prosperous agriculturist. Now enfeebled and aged, he scarce would be recognized as the man whose months ago was the picture of one suffering the terrible symptoms of general debility. He was run down in health, suffered much from indigestion, almost blind, general dullness and depression of spirits. He had a poor appetite and little sleep. He was a high school teacher and had been in the work that fell upon him and was well liked and highly respected. The symptoms bordered on those which hypochondria manifested. Through reading the Advertiser he learned of the use of Dr. Williams' Pink Pills, and by the hope held out by their testimonials and by the advice of his doctor, he was induced to try them. The result was almost magical. His symptoms became less immediately his symptoms gained until now he is as energetic and as healthy as in his old days. He is perfectly free from his old troubles. He is a fine example of what all who read this give his testimonials, that all who read it may know the remedy if ever they are troubled with general debility.

SPRING MEDICINE.

In the springtime the blood needs attention. The change of the year produces in every one, whether conscious of it or not, some heating of the blood. Some people have pimples, a little eczema, or irritation of the skin; others feel easily tired and have a poor appetite. A tonic is needed. The best tonic — the best of all spring medicines for man, woman or child is

DR. WILLIAMS' PINK PILLS

These Pills do not purge and weaken like other medicines. They make rich red blood, build up the nerves, and make weak, depressed and easily tired people cheerful, active and strong.
