KNOWLSON BROS. William Street. Lindsay, April 22, 1891-30.

The Canadian Post. LINDSAY, FRIDAY, MAY 8, 1891.

TOWN AND COUNTY. DASRES HERE AND THERE.

Brown's Magnetic Oil is the great remedy for aches and pains—194t.

Personal. Mr. C. E. Stewart of the Independent, Bobcaygeon, was in town Wednesday.

Mr. Wm. Flavell left for Montreal last evening (Thursday) on a visit to friends.

Miss Kennedy is at present visiting her brother, Dr. Jas. H. Kennedy of Pulpitton, near Berlin.

Dr. Ed. Martin, who recently took his degree and is now practicing in Toronto with his brother, Dr. Cabot Martin, was in town for a few days this week.

Mr. A. Niven of Haliburton was in town on Wednesday on his way home from an excursion to Washington. Mr. Niven can give the latest particulars from Blaine, Harrison & Co.

Mr. Bonnell, wife of Dr. C. E. Bonnell of Bobcaygeon, who has been visiting friends in Toronto, passed through Thursday morning having been summoned home by the illness of one of her children.

Mr. M. W. Leitch of this town has returned from Victoria university having finished his course. He leaves for Toronto, Manitoba, tomorrow morning, having been engaged as teacher for the summer months.

Mr. Stewart of "Newcham," Haliburton, and his daughter, Mrs. Southby, have been in town for a few days past. Mr. and Mrs. Southby have just returned from the old country, and the passage being a tempestuous one Mrs. Southby has not yet quite recovered from its effects.

Mr. J. F. White, inspector of separate schools, was in town for a few days this week, and expressed great satisfaction at the general proficiency noticeable in the different departments. Mr. White received the highest marks in many of the subjects during his residence here some years ago.

Mr. Joe. Hetherington, G. T. R. express messenger between Toronto and Detroit, was in town for a few days this week. Mr. Hetherington's former run was between Toronto and Montreal, and he is very desirous to what is regarded as the best gift in the power of the company, especially well for the trust reposed in him by his employers.

Mr. P. McLaughlin of Downeyville returned last Friday night from a few days' visit to his friends in Newark, Nebraska, where he published a grand and prosperous newspaper. Mr. McLaughlin has been since Christmas and has been greatly benefited by the holiday. It is needless to say that our worthy and genial friend received a hearty welcome Saturday at the fair from his many friends.

Mr. and Mrs. J. Moreland left Friday of last week for their home in Seattle, Washington Territory. Mr. Moreland is well known as a prominent man in this town and county, and was successful in taking with him a wife in the person of Miss McLaughlin of Smith to share his future life with the young couple every happiness in their new home.

It seems the well-known Harris and Messer's business companies have combined forces into one big corporation to be known as the Messer-Harris Co., with a capital of \$3,000,000. We suppose the Harris Co. for the Midland district, Mr. C. G. Coyle, will receive promotion through his many friends in this town and county, and would prefer to see him remain where he is, with a good addition to his salary, of course.

Mr. Coyle has been over ten years with the Harris company, and it speaks well for his industry and ability, as well as for the satisfactory character of his business dealings, when he has spent all that time in the one field from Toronto to Hamilton, with headquarters at Lindsay.

With many of the agents a change of agent is desirable, but Mr. Coyle seems to be a "solid fellow"—always thorough and trustworthy.

Pond Lily Cream removes tan, freckles, pimples, PERRIN'S-42. All-Wool Delaines at MCPHADEN'S-50. Perrin's Fine Tar Cordial for coughs and colds-42. Perrin's Worm Powders, the best remedy known for worms-42.

The Steamer Estancia Arrives from Bobcaygeon at 10:30 a.m. Leaves Lindsay at 3:30 p.m. until further notice-51.

Port Hope to Charlotta. The Steamer Norseman will commence regular trips May 7th. For tickets apply to F. C. TAYLOR, ticket agent, Lindsay-51-2.

The Mock Trial-To-Night. The "Mock Trial" in the Assembly Hall of the collegiate institute to-night will be something never yet seen in Lindsay. Sir Charles Tupper and Sir Richard Cartwright will both give evidence. The cause is the crime of Mr. W. B. Blackwell for the crown, and Mr. Charles R. Matthews for the defence. A splendid musical programme will be introduced throughout the trial, and will add a charm to this novel entertainment. Our citizens should liberally patronize this effort on behalf of the students as they have done in the past. We bespeak a grand success.

A Bravo Act. Thursday evening about 10:30 as Mr. Thomas Brady (of Hart & Brady) and Mr. Ed. Daly were crossing the Lindsay-st. bridge their attention was attracted by a dark object in the water, and a second later discovered that it was a boy. Mr. Brady at once sprang into the rapid current, and swimming out reached the boy just as he was going under for the third time. Mr. Brady, however, did not get back to shore with his unconscious burden, as the current was too strong for him. He set to work to restore animation, and by applying all the known remedies prevented the boy from being a corpse. A course of vigorous rolling upon a barbed wire fence, and by the aid of a strong man, finally succeeded in doing so. Later it was discovered that the boy was a son of a well-to-do family of the north ward. Mr. Brady deserves great credit for his brave act.

Y. M. C. A. Tipton. Messrs. Ritchie and Boynton will address the Saturday night meeting at 8 o'clock.

The bible class which has been formed under the auspices of the general secretary, and meets on Thursday evenings.

On Sunday afternoon, at 1:15, Rev. Marcus Scott of Campbellford will deliver an address on the topic, "A fine start for a poor finish." All men are invited to attend.

The international convention of Young Men's Christian Associations meets in Kansas City, Mo., this week, beginning on Wednesday and closing Sunday evening. The work of the associations greatly stimulates the work of the churches. It is represented by the following general secretaries: Messrs. F. M. Pratt, Hamilton; E. Williams, Brockton; W. McCullough, and J. B. Stafford, Toronto.

The Mechanics Institute. (To the Editor of The Post.) What is the matter with the Mechanics Institute? Everybody is grumbling about it, even the directors themselves.

The general public can't see anything to read in the works on advanced science and advanced thought—rare and costly things which the inner circle buy for their own use.
