## THE GREAT MAJORITY

of people know the difference between Good Goods and Shoddy, and will not be led away by clap-trap and misleading advertisements. ### OUR STOCK OF READY-MADE CLOTHING

has been made more than usually interesting by a large purchase of Men's Suits, Youth's Suits, Boys's Suits, Old Pants and Vests, Overalls, Smocks, etc., bought for spot cash at a

Is it any wonder we do the **Parasol Trade** when we show over 1,000 Parasols at prices from 25 cents to \$5.00 each?

Is it any wonder we do the **Glove and Hosiery Trade** of the town with our immense stock and grand values. See what we offer in Children's Hosiery at 7c. See our Ladies' Hosiery, three pairs for 25c. It will not take long to tell where reliable goods are sold cheap.

## Sometimes

Dealers are wont to advertise perfect Watches.

We do better now; make them better and advertise them better.

The exact truth is, there are no perfect watches. Watchmaking is an experimental art, not an exact science nor a secret process. What has been done we know—what is to be done, who knows? We are apt to do more than our share of the doing.

Our special WATCHES today are up to to-day's knowledge—as near perfection as any, and in some respects nearer than any other. They are better this year than last—will be better still in the future; but if you think to wait until the improvements shall have all been made, you'll never get a watch.

You can, however, get a WATCH to-day so good that it will satisfy you, not only to-day, but for a life-time. Either of our special watches, the "MIDLAND" or the "VICTORIA," will satisfy any reasonable human being.

Yes! this is well worth looking into. Come and see us about it.

CHARLES D. BARR, PROPRIETOR

### ECHOES FROM THE CAPITAL.

THE HARRIS LAND JOB DENOUNCED BY A TORY M.P.

The Intercolonial railway and the Harris land job at St. John occupied the attention of the house of commons Friday from four o'clock until half-past ten. It was in committee of supply on the railway estimates. A vote was proposed of \$300,000 for the purchase of 216,000 square feet of land at St. John, N.B., known as the Harris property, to be used for additional terminal facilities. There is a running arrangement between the Intercolonial and the C. P. R. to St. John city. The minister of railways admitted that this additional land was needed mostly for the accommodation of the C. P. R. The opposition described this transaction negotiated by Mr. McLeod, an associate member for St. John, as "a job," and in proof quoted the fact that in a suit against the Halifax banking company by the Harris company the latter gave a statement of the value of the property, which they put at \$83,000. The value assessed by the corporation of St. John was \$300,000. Mr. McLeod explained that the country on which was exempted from taxation and the full value was not put on the land.

The feature of the discussion was the desirability of the sale of the Harris property to the Intercolonial railway. Mr. Adams of Northumberland, N.B., coming from the same province, Mr. Adams had an opportunity of knowing all about the transaction, and he denounced it in unmeasured terms. If his constituents asked him to vote for the item he would send in his resignation sooner than do so. He stands unparalleled in the history of purchases under any government. The bread winners and toilers ask you for bread and you give them a stone, you are driving them from the country, as the census bulletins show, you have issued a proclamation giving them the choice, as they say in Ireland, "To hell or to Connaught." The sale is wrong and no government in the world can justify it. No wonder the Ontario members complain of the lower provinces on account of the deficit of this territorial railway. It is not the fault of the railway, it is the fault of the management.

The ministry sat with long faces during this speech, at the conclusion of which Mr. Adams shook the dust of the chamber from his feet.

The item finally passed, as did also a vote of \$3,450,000 for the running expenses of the Intercolonial.

THE MACDONALD MONUMENT.  
A deputation of senators and members of parliament waited upon Premier Abbott Friday and preferred a request that the government would make an appropriation of \$25,000 towards the erection of a national monument to the memory of Sir John Macdonald on parliament hill, near the parliament buildings in Ottawa. Mr. Abbott promised to give the request his best attention.

IDENTIFIED BY "BRIT'S" PICTURES.  
A well-known M.P., who has just returned from an electrifying trip in the west, tells a good story at his own expense. He ran short of funds and went to the local

branch of the Bank of Montreal to draw some money. The teller, however, refused to cash his cheque without the usual identification. Determined to have the money the M.P. entered the manager's office, introduced himself and stated his mission.

"Oh, yes, Mr. Blank," replied the bank manager. "That's all right. You need no identification. I recognize you from your pictures in Grip." That M.P. has now a much higher opinion of Mr. Bengough's ability than he ever had before.

THE PROHIBITION QUESTION.  
In the house Monday Mr. Chaiton introduced a motion in favour of submitting the prohibition question to the people at the polls. Sir John Thompson and Mr. Foster opposed the motion in view of the fact that a royal commission was now in session to ascertain the state of public opinion on the question. After a debate lasting until six o'clock the motion was withdrawn.

### LINDSAY TOWN COUNCIL.

REGULAR MEETING—A NUMBER OF COMMUNICATIONS—A SHORT SESSION.

A regular meeting of the town fathers was held in the council chamber Monday evening last. Very little business had accumulated since last session, and those who looked for an early adjournment were not disappointed, as the members left their seats sharp at 9 o'clock.

From Sanitary Inspector Douglass, referring to several pools of stagnant water—sent to the street and bridge committee.

A CLAIM FOR DAMAGES DISPOSED OF.  
Coun. ROBSON, chairman of the special committee appointed to consider Mr. W. A. Goodwin's claim for damages, reported that after consulting the town solicitor it was decided that the town was not liable.—The report was adopted.

A PORTION OF A STREET LEASED.  
REEVE KYLIE, chairman of the waterworks committee, read a brief report recommending that a portion of Mary-st. be leased to the waterworks company for a

term of ten years, renewable at the end of that period, at an annual rental of \$5.00.—Carried. Conn. Connolly vigorously opposed the motion and offered to give \$10.00 per annum rather than have the street interfered with.

A MOTION OF CONDOLENCE.  
In conformity with the thoughts expressed by Mayor Ray earlier in the evening, when alluding to the lamented death of the late T. S. Williams, an esteemed citizen and a former member of this council,—Resolved, that while humbly submitting to the decree of an all-wise Providence this council express their sorrow and extend sympathy to the bereaved family. A copy of the resolution was ordered to be prepared and forwarded to Mrs. Williams.

A MATTER OF CHARITY.  
Moved by Coun. Connolly, seconded by Reeve KYLIE, a special committee composed of Mayor Ray and Messrs Kyle, Head, Mallon and Touchburn was appointed to consider the communications from the St. Vincent de Paul society and the central charity committee.

Council then adjourned to meet again at the mayor's call.
