EVERY PROVINCE HAS FELT ITS WONDERFUL EFFECTS.

It can be safely asserted, that no other remedy has so quickly met with favor and approbation in Canada, like Harvard Bronchial Syrup. Every province in the Dominion has felt its wonderful effects. Men and women ask for it, and will take no other; and druggists find it to their advantage to keep it in stock, so great is the demand.

The Country Society. Where it can Exist? BY ALEXANDER HORN, LINDSAY. The country society can exist where there

is a definite work to be done among young people; where there are Christians who are willing to undertake the work. In every neighborhood and village in Victoria county there is a special and important calling for a Y. P. S. C. E.

How many members are required to organize a society, is a question sometimes asked. Six earnest, wide-awake, members can form a strong Endeavor society. No joy in life was greater than that of making our letter sheet idea, and is spoken of as human lives happier, and no work equalled the cause in which they were engaged. At the present time the feeling which pulsated through humanity for its improvement was especially reflected in progress of temperance principles. United States showed the character of the battle they were fighting, and that land presented object lessons of value. Though the Americans after much trying had not found any measure a success, the temperance movement there had many hopeful aspects. Their greatest danger lay in the drinking ealoon and the vast political influence which is exercised. This, however, had led to the formation of the Prohibition party, the power of which was daily increasing. Public opinion in America on the question was more advanced than in Great Britain.
