ANDSAY, FRIDAY, MAY 20, 1892.

COMMERCIAL NEWS. OFFICE OF THE CANADIAN POST, LINDSAY, May 12, 1892.

Business and Produce. The farmers have finished their spring work under most favorable conditions. Owing to the dry weather seeding extend-

ad over a larger area than usual, all the low lands being worked to advantage. Then the rains and warm weather following render the outlook at this early stage most promising-the most favorable that has obtained for many years. Fall wheat and clover never looked bet-

ter. There was very little if any winterkilled, and the growth has been very satisfactory.

The wool market has opened very low. Prices in Lindsay are 16c. to 18c.; 22c. for Shropshire. City dealers say they have large supplies from last year. The British Cat tle Market.

LIVERPOOL. May 17 .- First sale of Canadians 20-day. Market glutted with States cattle. Prices low, 53d to 6d for average shipments. Prospects not good.

Toronto Live Stock Market. Receipts at the western cattle market were

heavy Tuesday, all of .73 loads, consisting of 1,314 cattle, 630 hogs, 22 sheep and lambs, and 100 salves. A large amount of business was transacted, in cattle particularly, but prices were "off" considerably both in butchers' and export. The attendance was good and a number of outside buyers were present. Cattle-The offerings again on Tuesday were

composed largely of export cattle. The prices of the closing day last week were not, however, maintained to-day, owing, no doubt, to the discouraging cable from London regarding the British cattle market. The heavy receipts Tuesday also had a tendency to weaken the market. and cattle which sold readily for 5to per to on Friday last were slow of sale Tuesday at \$4 80 to & per cwt. Mr. John Rogers was the prin-\$5.15 per owt. The outside figure, however, was and cards. paid only for a load or two of extra choice shipping steers. The average quality of Tuesday's good. In butchers' cattle prices declined from \$1 to \$2 per head. A fair demand was reported on loost account, but butchers would buy only on a large margin. About 23 loads in all offered.

Good to choice heifers and steers changed hands at 3½ to 4c; extra choice picked lots do at 4 to 4½c; medium, 3 to 3½c; rough, 2½ to 3. Among the transactions reported were:

Export,

General Purpose.

BLACK GEORGE.—The property of McEachren Bros., Argyle, will make the season in Somerville, Mariposa, Eldon and Brock. He is a fine type of the Canadian pure bred Clyde and should take well.

ABBOTSFORD'S GLORY.—The property of Patrick Collins Emily, will make the season in Emily. Verulam, Fenelon and Ops. He was sired by Old Abbotsford, and looks it. It would be difficult to find his equal as a type of the Canadian bred Clyde.

Milch cows and springers—Only a few were affered Tuesday, not more than a dozen. The femand was fair, but the animals offered could only be classed as medium to good and sold at low prices. One lot of four springers was bought by a local dealer at \$37 per head. A few fresh calved milch cows sold at \$30 to \$40 per head. There is apparently a good demand for fresh calved milchers and good forward springers.

Stockers—The offerings were larger than they have been for some time past and trade was fairly active, all being wanted. Mr. Crawford bought one load of 19, averaging 1,180 lbs. at 41c per h. They were very fine animals and could be almost classed as "chort keep" or export. Prices Tuesday generally ranged frem 32 to 42c per h. Good stockers like Tuesday's offerings find no difficulty in selling.

Sheep and lambs—Altogether we had only 22

Sheep and lambs—Altogether we had only 22 sheep and lambs on the market Tuesday and trade in consequence was light. Most of the offerings were sneep, which sold at the figures of last week. One bunch of 16 brought \$6 a head. Only a few yearlings came in and prices are nominally unchanged. Spring lambs found some enquiry, but there were few in to meet the demand. One lot of 7 sold at \$4.25 per head. Calves—The market for calves is unchanged and just about steady, although it would not take much heavier offerings, particularly of the light yeals, which are coming in now, to weaken it. Prices were practically unchanged. One bunch of 45, averaging 135 lbs, sold at \$5.50 apiece.

Apiece.

Hogs-The hog market continues weak under heavy receipts. Fat, heavy hogs are not wanted, and those offered Tuesday sold slowly at low figures. Stores are in fair demand, and sold at \$4.50 to \$1.75 per owt. Straight medium weight hogs sold at \$5 per owt. Straight medium weight highest figure paid this morning. One bunch of 20 hogs, which could be classed as the best on the market, averaging about 200 lbs, sold at \$5 per owt.

Of Yorkshire. See cards.

SANTA CLAUS.—The property of Nathan Day. Fencion, will make the season in Fencion, Lindeay, Ops, Emily and Verulam. Santa Claus is an imported coach horse of rare breeding. See cards.

Stone, Elmham, SIR GARNET 3RD (3274) was sired by Guardsman (1492); g sire, Popshot (1092); g g sire, Howell's Rifle-(1492); g sire, Popshot (1092); g g sire, Howell's Rifleman (671); g g g sire, Barratt's Rifleman (670); g g g g sire, Lord Hasting's Volunteer; g g g g g sire, Emilius; dam, Robinhood (676); dam, by Sewell's Shales (707), by Chamberland's Marshland Shales (435), by Thistleton's Shales (702), by Scot Shales (692), by Shales (the original) (699), by Blaze, by Flying Childers (a thoroughbred).

PERFORMANCES. SIR GARNET 3RD (3274) won the first prize at the great London horse show in 1890 in a very strong class, 1st at Ildeston in 1891, 1st at Thorndale in 1891, 1st at Woodville in 1892, 1st at Lindsay in 1892;

being first wherever shown, WHAT THE HACKNEY HORSE IS? We take the following comments re the now celebrated English Hackney horse from Wm. Taplin's Sporting Dictionary and Rural Repository of General Information, published in 1803, which says:—

"Hackney, in the general acceptation of the word' with the sporting world, is a horse 'superior to all others' on the 'score of utility, being rendered subservient to every office of exertion, speed or perseverance, or in other words to all the drudgery and labor of his situation, from which his contemporaries, the racer and the charger, by the imaginary superiority of their or in other words to all the drudgery and labor of his situation, from which his contemporaries, the racer and the charger, by the imaginary superiority of their qualifications and pampered appearance, are always exempt. It is the peculiar province of the Hackney to carry his master twelve or fifteen miles in an hour to covert, where the hunter is in waiting ' and sometimes to bring the groom back with even greatcrexpe dition. It is the department of the Hackney to encounter and overcome emergencies and difficulties of every description. His constitution should be excellent and his spirit invincible. He must be able to go twenty five or thirty miles at a time without drawing bit, and without the least respect to the depth of the roads or the state of the weather, and if he is not equal to any weight in these trying exertions, he will be held in no estimation as a Hackney of fashion."

Many instances are given of the performances of these horses, which prove them to be possessed of most wonderful powers of endurance and speed. On March 5th, 1823, Maberly's mare trotted over a four mile course in Epping Forest, "sixteen miles" in fifty-eight minutes and ten seconds, carrying ten stone (one hundred and forty pounds). At Terryheath, on the 20th of November of the same year, Captain Mansfield's brown mare trotted mne miles in thirty-one minutes. In 1832, on the 27th of April, Mr. Dixon, of Knightsbridge, trotted his mare Nonparell in a match cart, one hundred miles in nine hours and fifty six minutes and fifty-seven seconds. The first twenty miles were trotted in two minutes less than two hours; at the finish she showed no symptoms of fatigue and on entering the stable began eating hay as if nothing usual had occurred. About the same time a broken kneed stone blind mare of Mr. Woodcock's, East Harling, Norfolk, trotted forty miles on the London Road in fithree hours and forty-nine minutes. Jenny Lind, a mare famous for her speed, in about 1841 trotted an mile within three minutes, carrying fourteen stone (one hundre
