HAS A TALK WITH HIS CUSTOMERS

That Little Britain is now as cheap a place to get your supplies as any place in the country is about an established fact; to whom this fact is due we leave to a deserving people to judge.

That No Living Man

can suit everyone has long been admitted, but we presume the citizens of Mariposa will admit that during a ten years' business career in Little Britain it has been our aim to accommodate all and to sell goods as low as any legitimate house in the trade.

In the matter of

FARM PRODUCE

we have always been governed by the market value, giving in all cases as much as possible, not seeing anything practical in inflated prices; while a high price for produce may catch a few, the thinking people cannot be taken in that way, as all sensible people know that a certain profit must be netted.

We beg to return our sincere thanks for the very liberal patronage bestowed upon us since our return, and wish to say that our present intention is to remain in Little Britain and endeavor to build up a trade that will be an advantage to the town and country alike. We invite you to help us Yours, very truly,

Sometimes

Dealers are wont to advertise perfect Watches.

We do better now; make them better and advertise them better.

The exact truth is, there are no perfect watches. Watchmaking is an experimental art, not an exact science nor a secret process. What has been done we know—what is to be done, who knows? We are apt to do more than our share of the doing.

Our special WATCHES today are up to today's knowledge—as near perfection as any, and in some respects nearer than any other. They are better this year than last—will be better still in the future; but if you think to wait until the improvements shall have all been made, you'll never get a watch.

You can, however, get a WATCH to-day so good that it will satisfy you, not only to-day, but for a life-time. Either of our special watches, the "MIDLAND" or the "VICTORIA," will satisfy any reasonable human being.

Yes! this is well worth looking into. Come and see us about it.

LOCAL NEWS-LETTERS

ORILLIA.
SAD DROWNING ACCIDENT.—A sad drowning accident happened here Monday night. Percy Leaper and Wm. Earl were returning from Heron Island in a sailing canoe just as darkness was coming on. A strong north wind was blowing, and it is supposed that in crossing a shoal off Heron's Point the centre-board struck and the canoe capsized. Both clung to the upturned craft for half an hour, when Leaper, who was an expert swimmer, struck out for shore, was seized with cramps, and sank. Earl's cries for help were heard by Mr. Hayes, of Aberley road, who went to his rescue. Searching parties on land and water were at once instituted, but up to this time no trace of Leaper's body has been found.

CENTRE MARA.
SHEEP KILLED BY BEARS.—Mr. J. Denton got a sheep killed by a bear. Mr. Maloney had three and Mr. E. Maloney two sheep and a lamb killed by bears.
RECOVERING.—Mr. J. Lavelle is around again after his long illness.
SICKNESS.—Mr. Adam Beasley is ill with malarial fever. His early recovery is hoped for.
PERSONAL.—Miss C. O'Donnell left here Saturday night for the States. We wish her a safe journey.
SHOOTING A BEAR.—A correspondent sends an item about two men shooting a black calf in mistake for a bear. The item is probably a romance—a squib against the two parties named. We will publish the paragraph if the writer will allow his name to go with it.

JANETVILLE.
NEARLY AN ACCIDENT.—Last week as Mr. James Magill was driving up to his house his horse from some unaccountable cause began to back up, and Mr. Magill was unable to induce him to take up the forward motion before he had backed the buggy over a culvert several rods from the house. Besides Mr. Magill the carriage contained Mrs. Magill and their two children. We believe there was no serious damage done.
SUCKER FISHING.—Sucker fishing has been the great rage for some time. Several persons have visited Lindsay, and have been very successful in barging good supplies.

PERSONAL.—Mrs. T. Graham of Midland City has been spending a month under the parental roof. Mr. Edward McDermid of London, formerly a resident here, has been visiting friends and relatives.

KIRKFIELD.
THE QUEEN'S BIRTHDAY.—The 24th passed off very quietly here, nearly all our young folks going out of town for their amusement. The principal places of attraction were Cannington and Beaverton.
CAMPBELL HOTEL.—Mr. Ferguson of Woodville is thoroughly renovating Mr. Ferguson Campbell's fine hotel. Mr. Ferguson is well known in our neighborhood and his work always gives satisfaction.
WOOLEN MILLS.—Mr. John McKay, the popular proprietor of our woolen mills, is making preparation for opening the season. As usual Mr. McKay is adding new machinery, and anticipates more work this season than ever. His first class manufacturing, and his work gives the best satisfaction. His reputation extends far and being their wool here a distance of thirty miles.
SCHOOL FIXTURES.—The trustees have fixed our school fence and added two fine

gates, which adds greatly to the appearance of the grounds.
ODD-FELLOWS' BANQUET.—The Oddfellows' banquet, which was announced for the first Sabbath in June, has been postponed until the second Sabbath of that month. All brothers are respectfully requested to attend.

SUNDAY SCHOOLS.—Mr. J. C. Gilchrist of Woodville, superintendent of Sunday schools, visited us last Sabbath, and expressed himself highly pleased with our Sabbath school.
CANNINGTON.
W. M. S. CONVENTION.—The auxiliaries of the Women's Missionary Society of Cannington district met in Cannington, May 17. At the morning session quite a number were present, Mrs. A. R. Campbell of Aberley presiding. After a few words from the president, followed by a number of earnest prayers, the meeting adjourned until 2.30. In the afternoon a bible reading was conducted by Mrs. Campbell, after which reports were read from Cannington, Aberley, Longford, Oakwood and Little Britain auxiliaries telling of the progress in each, and interspersed with hints for such work, such as petitions, invitations to attend at each meeting, asking questions to be answered at the following meeting, each member giving an account of what she had done since the last meeting, etc. Mrs. McPhaden of Cannington represented the Presbyterian church, giving a short account of their work. She announced us not to be discouraged at the day of small things. Leaflets were read by Mrs. Wrist and Mrs. Feed of Cannington. Miss Frouse of Little Britain reported on "The Church and its Relations to Missions." A paper read by Mrs. Jeffers of Oakwood on "How I came to enter the Missionary Work," seemed to have had some effect on the organization, a paper on "French Work" was read by Miss Campbell, and a paper on "Review of Missions" followed by short addresses by Rev. B. G. Grearix of Little Britain and Rev. A. R. Campbell of Aberley closed the day's proceedings.

OKAWOOD.
BASE BALL CONVENTION.—In last week's issue appeared a paragraph about a baseball match at Okawood on the 14th inst., which was incorrect as it read that a team of young men from the Lindsay Collegiate Institute played a public school team of "springs" in that place, and that the score was 12-15 favoring Okawood. Well, in the first place the score was 12-8, and the Lindsay collegiate institute young men were boys not over 17 years of age as are some of the "springs," as it called them some being 19 years. Either the correspondent shows much favor of the "springs" must be very dull (which I think not) to be in the public school at the age of 15 to 19. But as a fact at least five have left school and gone to work, giving you to understand he is sadly mistaken about his "springs." This is not intended to offend but to warn against incorrect reports.
PLAYERS.
ANNIVERSARY TEA.—The anniversary tea meeting of the Methodist church of Okawood was held on the Queen's birthday, 24th May, and was, notwithstanding the unfavorable weather, a great success. The ladies of the church spread their sumptuous tables about five o'clock, and invited the public thereto. When all had fully satisfied the invitation a pleasant meeting was organized in the auditorium of the church. The treasurer of the trustees board, Mr. W. Lownders, submitted his report, from which it was found that the receipts of the tea, etc., were about one hundred dollars, which, together with receipts from sources during the year, reduced the debt on the church \$300. The pastor then submitted a scheme for the complete extinction of the debt, which met with encouraging favor. Able addresses were delivered on a variety of themes by the Rev. Messrs. Totten of Cannington, McCamus of Fenelon Falls,

and Campbell of Lindsay. The able choir of the church at intervals rendered sweet music. Altogether this was one of the most pleasant and profitable anniversaries within the history of the church.

FENELON FALLS.
(Correspondence of THE POST.)
CONVENTION.—I notice in last week's issue an item regarding the formation of an Epworth League in place of a Christian Endeavor Society; either the composer or I left out the word "Methodist." The omission would tend to be misleading as there is a Christian Endeavor Society in connection with the Baptist church as well as the one now organized in the Methodist church as a branch of the Epworth League. Up to the date of writing (Tuesday) it has rained for eight consecutive days and during that period the sun has only appeared a very few times. The rain descends heavily, so that it is all absorbed into the ground, which must by this time be moist to a great depth. Crop prospects thus far are excellent and a season of moderate rain in June and July will be the outcome. Kind Providence has evidently decided to favor the country with a more prosperous season than usual, judging from the present indications.
CHEAP SATURDAY FARES.—A public meeting was called together last week to consider the advisability of applying to the G. T. R. management at Montreal in order to petition the company to grant reduced Saturday fares to this place from all points north on the line of railway, similar to the privilege enjoyed by Lindsay. Mr. J. A. Ellis, the reve, was the choice of the meeting, and he accordingly left on Monday morning on his mission, with sanguine hopes of bringing it to a satisfactory termination for all concerned.

QUEEN'S BIRTHDAY.—Once again have millions of people testified their love and loyalty to our most gracious sovereign lady, Queen Victoria, once again have the strains of "God save the Queen," ascended her ears in the sincere prayers of the nation. Long may she be spared to rule over the domains to which her sway has ever tended to bring peace and prosperity, to enjoy the full fruition of a life of earnest purpose, and may her declining years be still blessed with an ever increasing knowledge that the wisdom she has chosen for her guide is the only true monitor by which "kings reign and princes decree justice." The loyalty of the people of Fenelon Falls was not shown to the world by the large quantity of gunpowder used by them in booming in the day, and were all places as sparing on that dangerous article there would be a few spare columns in the daily newspapers the day following the 24th that are now devoted to recording casualties. Loud as the cannon may proclaim loyalty, there is yet a better indication pointing that trait in the "still small voice" of the life of every true Canadian, and although we had no public celebration the numerous flags flaunting in the breeze would be sufficient to convince a foreigner that we were loyal and true citizens. The citizens donned their Sunday clothes and took advantage of the sunshine (the first for over a week), in various ways, on the promenade, and so the day wore out until the arrival of the steamer Alice Eibel with an excursion party from Lindsay, when the home crowd of pleasure seekers was greatly augmented. Everything went lovely until 4 p. m. when rain once more set in. The boat took her departure about that time and Fenelonites were compelled reluctantly to spend the rest of the day under shelter.

Ask Your Druggist About It.
Your distressing cough can be cured. We know it because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, so efficacious, so large bottles 50c and \$1 at all druggists.—47-cov.
