-On Monday night week Guy Schuler hired a rig and, with Miss Martha Kline, started out from Akron, Ohio, for a drive to Cuyahoga Falls. The street railway company in constructing its tracks over the big bridge that crosses the Cuyahoga river just above the Glens had torn a piece of the bridge away. It seems that the danger signals were not out and Schuler attempted to drive over the bridge. Next morning the horse was discovered standing in a ledge about thirty feet below the bridge. The buggy-almost a total wreck -was lodged in another place, and thus far no trace has been discovered of Schuler and Miss Kline. The bridge is one hundred feet above the water, and the couple must

have met instant death.

The Norwegian barque Sjokongen, Captain Cram, which arrived Saturday night from Wellington, N. Z., reports on March 9, when in lat. 51 32 s., long. 50.45 w., she sighted two large icebergs, each of which appeared to be 800 feet high and one mile in length. The next day she saw be tween forty and fifty more icebergs ranging from 300 to 800 feet high and from 1,000 feet to one mile in length. From 4 p. m. to 8 p. m. that day icebergs were so numerous that it was impossible to count them and for safety the captain was obliged to heave the vessel to, in which position it remained until daylight next mossing, when the savenus as the wheel sighted an immense whale saled p a little sheed of the schooner while saled promises.
