

M. W. Kennedy.

SPECIAL SALE OF WHITE GOODS

This month we will show the greatest value on record in White Goods of every description.

- Sash-Nets, Curtain Muslins, Flouncings, Victoria Lawns, Swiss Muslins, Satin Check Muslins, Spot-Muslins, Embroideries, Laces, Edgings, etc., etc.

IN GREAT VARIETY.

We have a splendid range of the above mentioned lines imported direct from Europe for this season's trade, and we can confidently guarantee, besides giving an excellent choice, to give you values second to none on this continent.

We are at present showing great values in Ladies' Cashmere, Delaine and Muslin Blouses.

New stuff and very cheap.

LINDSAY, FRIDAY, MAY 19, 1893

TOWN AND COUNTY.

DASRES HERE AND THERE.

Big Boom!

Farmers are taking home bushful of Boots from JOHNSTON & SIBSON'S. They never saw them so cheap before.-30-14.

A North Country Law-Breaker in the Toils.

County constable Foster came in from the north country Thursday of last week, having in his custody a somewhat interesting prisoner in the person of one John Pierce, alias Andrew Patterson and half-a-dozen other cognomens.

Mr. J. H. Sootheran was in London Wednesday of last week attending the slight session of the Grand Council of the Royal Arcanum, as representative of the local branch of that order.

Marriage Licenses.

at PORTER'S Bookstore, Kent-st., Lindsay.-14.

The Most Desirable Home for Emigrants in the World.

Look upon the Canadian North-West as the most desirable field in America, if not in the world, for intending settlers of the right kind from the Maritime Provinces, that is, those treated to agriculture, who have the right hands, married men with families and means, or young men with young women without means, to everyone who has an opportunity to work there is abundance of room and opportunity to better their condition.

Chas. E. Barry, Formerly of Heatherdale, P. E. Island.

Local Events.

Valentia correspondence arrived too late for this week.

Fresh Pastry every day at Soanes', next door to THE POST.-37-14.

Joe Cream always on hand at Soanes', next door to THE POST.-37-14.

Fresh Salmon Trout 80 per lb. at SOANES' Fish and Fruit Market.-37.

Try ANDERSON'S, near post office, for ice cream and cooling drinks.-37.

Bananas, 25c per dozen; fine Pineapples, 15c each, at SOANES' Fruit Market.-37.

Mr. Frank Jordan, who has been in charge of the Toronto market Monday.

A tasty, well-served lunch at Anderson's, near post office, for 15c. Try him.-37.

Mr. Sam. Parsons is filling the duties of lockmaster until Mr. J. Clark's return.

A nice six-roomed home, stone cellar, by the river, to rent, almost new. \$3 a month. O. Biscoe.-32.

The market Saturday last was small, butter and eggs forming the principal portion of the display. Buyers were not numerous.

Do not fail to be present at the reform meeting to be held on Saturday, the 27th, at one o'clock, in the rooms in Hamilton's block.

A. A. Soanes is prepared to furnish flowers and plant beds, borders, etc., at the shortest notice. Orders may be left at Soanes' fish and fruit market.-37.

KYLE of the City Carriage Works is making Salisbury carriages for one of our leading business men, the first of his kind ever made in Lindsay.-33.

Another shipment of 100 hogs was made at Market's wharf, and were taken to this station. They were bought by Messrs. Cain, Williamson and Finney.

Mr. Wm. Wescott, our leading horse-buyer, left for Montreal Monday with a lot of animals. Good prices were paid by him taking into consideration the dull state of the market.

Henry Hart, a highly-respected Ops farmer, who lived near the boundary east of Mount Horst, met with a fatal accident Friday last. While leading a colt to water the playful animal turned suddenly and kicked him in the bowels, rendering him insensible. He was found a couple of minutes later by his son and hired man, who placed him in his commodious ambulance, and he was taken to the hospital.

Mr. J. C. Ray, who conducted a butchering business here for some months, has repurchased the general stock at Cambray formerly owned by him, and intends to greatly enlarge the business.

M. W. KENNEDY & Co. opened up this week a case of Ladies' Eastrop's, desirable patterns, bought at clearing prices. They will be retailed at \$1.50. The greatest bargain yet offered.-33-14.

Messrs. Dundas & Flavell Bros. have workmen engaged in taking out their shop front, which will be replaced by a more modern design, and will afford a better opportunity for displaying their goods.

Messrs. Kerr & Co. may be credited with having the most novel and handsome dressed window on Kent-st. during the past week. The design was that of a full-rigged yacht made entirely from silk, satin and plush taken from stock.

Health officer Douglas, owing to the bad weather of the past few days, has been so lenient with those who have failed to clean up their premises, but he still has blood in his eye, and he will surely bring quite a number with a round turn very shortly.

We must compliment Mr. Alfred Igle this week on the very attractive and tasty office which he has placed in his commodious premises on William-st. The furnishings are a marvel of neatness, and the most pleasant and inviting offices in the town.

Mr. Joe. Daly returned on Saturday last from a visit to the World's fair at Chicago. He says it is a wonderful show, full of interest, with enough to see to cause one's head to swim. Although several of the buildings are in a state of decay, and not half the exhibits are not yet taken from the cases.

Dr. Jeffers of Oakwood removed to town Monday, and has taken up residence on the west of Dundas-st. The Dr. has been practicing at Oakwood for the past 10 or 17 years with gratifying success, and he is a good citizen through his desire to give his children the advantages of our superior educational institutions.

Mr. P. B. McMillhargh shipped two cartloads of cattle to the Toronto market Tuesday. They were mainly export animals, and were of the best quality. Mr. McMillhargh is one of the most enterprising cattle buyers in the country, and the farmers recognize the fact, and he is a good provider for his animals, and ships more than any other two buyers in the neighborhood.

A Frenchman, having a cold, was wearing a moustache a little streaked with grey, fairly well dressed, had been trying to make a good thing of it, and he was in town by telling them a very plausible story of his being sent to hunt up claimants for money left by their deceased relative. He was a superior and the police will be glad to lay hands on him that he may be put in safe quarters.

The very wet weather of the past few days had a very discouraging effect on the farmers, as only those occupying high ground have much of their spring wheat sown. The weather in England has been so excessively dry that the crops are withered, which has been the means of driving the market a decided upward tendency.

Mr. Finnely, the Oakwood cattle buyer, shipped from Marltona station on Tuesday a fine car load of export cattle. Amongst them were five head of shorthorn animals, two of which were three-year-old steers and one Durham bull three years old weighing 1,350 lbs. He received the neat sum of \$355. It pays to feed good cattle.

Thursday of last week Messrs. C. H. Grantham, G. H. Hopkins and Dr. Simpson, three of our most ardent disciples of the immortal Isaac Walton, got out at an early hour to a favorite trout stream near Bethany, and had the good fortune to find the speckled beauties hitting freely. They returned with over twelve dozen as the united catch of the party, all under five inches in length, and weighing from two to three lbs. Mr. J. B. Knowlton caught a fine lot of fish in the same brook the previous day.

Turner's English Girls appeared at the Academy of Music Saturday evening last before a very slim audience, composed entirely of the male sex. The program was a most excellent one, and the girls were well received, and the audience was well pleased with the performance as often as possible in dances, fancy movements, drill exercises, etc. Serpentine and skirt dances and Marching were also given, and there was not the slightest impropriety manifested, and even St. Anthony might have gazed upon the spectacle without any objection.

Y. M. C. A. Notes.

The bible classes continue to meet regularly and are well attended.

The Saturday night meeting will be held this week by Mr. J. Carter. The subject is "Christ as a man."

The boys' meeting is held each Sunday morning at 10 o'clock. The average attendance so far this season has been 75.

The young men's meeting on Sunday afternoon at 4 1/2 will be addressed by Mr. George Wilder. Young men are cordially invited.

The young men's meeting last Sunday afternoon was intensely profitable. The room was almost filled with young men, and Rev. Wm. Patterson delivered a stirring, earnest address on the words "Hast thou found me, O mine enemy."

Collegiate Institute Notes.

Remember the concert to be given by the athletic association of the Collegiate Institute on Tuesday evening, the 23rd of May, in the skating rink. A very brilliant and well arranged program, in which is the calisthenics, club singing, bar-ball exercises and fancy marching of the club, will be given under the careful training of Mr. Hardy. The military drill, rifle practice and bayonet exercises by forty young men from the Collegiate, under the strict eye of Capt. Pasmore, and dumb-bell exercises by a squad of young men, under the tutelage of Mr. Hardy, will be given. The receipts are for the benefit of the athletic association for the purpose of procuring supplies to equip the club for the coming season. The season having been so clear, the sports have hardly started, as yet, but it is expected they will be in full swing next week.

River Notes.

The Eva will be launched this week, and has a full season's business expected for her.

The Hatburn company have added another cutter to the fleet sailing from Lindsay—a tug named Nova, which will be used to assist their large drives through the lakes and Lakefield. It came in by train Monday and took the water at the lower wharf.

The steamer Canada is now ready for the season's business. During the spring she has had a thorough overhauling and cleaning; her decks have been repainted by heavy rollers; the lower cabin has been enlarged; and the refreshment booth has been moved forward. The engine and machinery have also had a certain amount of attention.

Mr. E. J. Burton, collector of customs at Port Hope, was in town on Tuesday examining Mr. Joe. Parkie's new steamer, the M. G. L., preparatory to issuing her customs papers, her port of entry being Port Hope. Mr. Burton expressed himself highly pleased with the steamer and remarked that a better boat for the size could not be found on the inland waters.

Sturgeon Point Notes.

Mr. F. McBurney is offering for sale their pretty summer cottage almost adjoining the wharf. The price at which it is offered is very reasonable.-33-14.

Mr. W. H. Simpson, proprietor of the hotel, took several carpenters and laborers to the Point yesterday (Thursday) to get things in readiness for the opening of the season.

Already quite a number of our citizens owning cottages at Sturgeon Point have been down overlooking their summer residences with the expectation of soon occupying them.

During last week and this a number of Lindsay people have been here off on an excursion which has been very successful. Mr. (Dr.) Burrows, Miss Foley and Miss McGee spent several days here.

Mr. W. H. Chalmers also visited us.

Saturday morning last one of our property owners took an unpremeditated "header" into the cool water, and he was patting about his boat house and stepping upon a projecting piece of timber it gave way under his weight. He reached shore in time, but owing to a change of clothing not being at hand the process of drying one garment after another over a fire was found tedious, inconvenient and decidedly uncomfortable.

Railway Notes.

The new G. T. R. time table will go into effect Sunday next. Owing to certain changes Lindsay will gain five families, who will be removed from Stouffville.

The West Shore R. R. has terminated the service on the line to the G. T. R., and will thereafter run directly over the M. C. R. line.

Mr. (Dr.) Burrows, Miss Foley and Miss McGee spent several days here.

Mr. W. H. Chalmers also visited us.

Church Notes.

The subject of Rev. Mr. Hill's sermon next Sunday evening will be "The Model Young Man."

The Rev. Geo. Hague of Toronto will preach at both services in St. Andrew's church on Sunday next.

The trustees of the Queen-st. Methodist church are enlarging the seating capacity of the church this week.

The Rev. Mr. McCamus of Fenelon Falls preached two excellent sermons in the Queen-st. Methodist church on Sunday last.

One of the professors from McMaster university will occupy the pulpit in the Baptist church next Sabbath, morning and evening.

In St. Andrew's church on Sunday last the Rev. Wm. Patterson, pastor of Cook's church, Toronto, and so well and favorably known in Lindsay, preached a large and interesting sermon, which was well received, and the church was well filled.
