

## EVERYDAY WANTS

It's surprising how the times have changed for house-keepers during the past few years, Prices of almost every staple article for home consumption and use have been reduced, and in most cases the quality now is superior.

Take TEAS and COFFEES, for instance. We have now a line of JAPAN TEA that a few years ago would have sold for 50c. per lb., and we offer it to our customers at 25c. Again, we offer a BLACK INDIAN TEA at 30c, that is better quality and has a more fragrant boquet than the article sold for 60c. not many years ago, while in COFFEES we sell the best Brazil and Mexican beans at half former price. . . SUGARS, too, we are selling exceptionally low. It will pay every-

body to make their purchases in the above lines at our store.
