The Fenelon Eiver.

[To the Editor of THE EVENING POST.] SIR,-The accident to the Crandella on the 24th inst. suggests the question, "Is the Fenelon river navigable?" With no obstruction but a scow moored to the west bank, the boat struck first the scow and afterwards a pier on the other side of the river. If instead of one scow there were a dozen steamers waiting to go through the locks, it is hard to tell what might happen. One of two things seems certain—either the accident was the result of carelessness or the river is not safe for
