To our Correspondents. Here is good advice to newspaper correspondents clipped from an English paper; When you've got a thing to say, Say it! Don't take half a day; When your tale's got little in it, Crowd the whole thing in a minute! L'fe is short—a fleeting vapor— Don't fill a great big paper With a tale which at a pinch Could be cornered in an inch Boil her down until she simmers! Polish her until she glimmers! When you've got a thing to say, Say it! Don't take half a day.
