At this june ure a committee composed of Messts. T. Stewart, W. Flavelle, A. F. Ma:Gichen and E. Houghton, entered the council chamber and were at once secorded a hearing. Mr. T. Stewart said been deputed by the Lindsay le Club to state to the council that the members of the club desire to make einter paths along some of the leading roads of the township, and wished to have the assent of the courc'l beforehand. Although they would not ask or expect pecasiary aid from the township, they hoped to have the good will of all, and that the farmers along the route would remove any obstructions in the way, and grade or level a track about three feet wide as a run bet ween the watercourse and the the farms along which it will pass. Messre. MacGachen and Flavelle spoke to the same effect, saying that similar paths made last summer in other places were found to be a general convenience-so much so that several are now under way throughout the province. The council thought the sidetrack idea

good one, as the "bike" would not be so committee right of way would be given them, and were of opinion that the farmers along the route would cheerfully grade the desired track. Reeve Ellis volunteered man and team for a day or two if called The committee, apparently well pleased

with their reception, thanked the council

ROAD APPROPRIATIONS. After the council in committee of the whole had carefully considered the esti mates for roads, Mr. Currins moved econded by Mr. Fox, that the sum of \$2,100 be appropriated for current year that \$700 be expended west of the river and \$1,400 east of it; and that said grants be subdivided as follows, viz.: West of river and south of Oakwood road, \$350, J. D. Hatton, commissioner; west of river and north of Oakwood road, \$350, Jas. H Hopking commissioner; east of river and north of middle line, \$525, Jno. T. CURED OF SCIATICA.

THE EXPERIENCE OF A BRUCE CO. FARMER. Suffered So Severely That he Became

Almost a Helpless Cripple-Is Again Able to be About His work as Well From the Walkerton Telescope.

During the past few years the Telescope has published many statements giving the particulars of cures from the use of Dr. Williams' Pink Pills. They were all so well authenticated as to leave no doubt as to their complete truthfulness, but had any doubt remained its last vestige would have been (removed by a cure which has resen'ly come under our personal observation. It is the case of Mr. John Allen, a prominent young farmer of the township of Greenock. Mr. Allen is so well known in Walkerton and the vicinity adjoining it, that a brief account of his really remarkable recovery from what seemed an incurable disease will be of interest to our readers. During the early part of the summer of 1895, while working in the bush, Mr. Allan was seized with what appeared to him to be rheumatic pains in the back and shoulders. At first he regarded it as but a passing

attack, and thought that it would disappear in a day or two. On the contrary, however, he daily continued to grow worse, and it was not long before he had to give up work altogether. From the back the pains shifted to his right leg and hip where they finally settled, and so completely helpless did he become that he was unable to do more than walk across the room, and then only with the aid of crutches. Of course he consulted el, in compliance with the patition of sev- the doctors, but none of them seemed able to do him any good. People in speaking of his case, always spoke pityingly, it being generally thought that he had passed from the world of activity, and that he was doomed to live and die a tile drainage under the provisions of the cripple. We are free to confess that this was our own view of the matter, and our Robinson for the purchase of the old gravel surprise, therefore, can be readily imagined when some few weeks ago, we saw this self-same John Allen driving through the town on the top of a large load of grain. Great, however, as was our surprise at first, it became still greater when on arriving at the grist mill, he proceeded to jump nimbly from the load, and then with the greatest apparent ease began to unload the heavy bars of grain. Curious to know what it was that hal brought this wonderful change, we took the first convenient opportunity to ask him. "Well," said he in reply, "I am as well a man as I ever was, and I attribute my cure to Dr. Williams' Pink Pills, and to nothing else." Mr. Allen then gave us, in a very frank maner, the whole story of his sickness, and his cure, the chief points of which we have set forth above. After consulting two physicians and finding no relief, he settled down to the conviction that his case was a hopeless one. He lost confidence in medicines, and when it was suggested that he should-give Pink Pills a trial, he at first absolutely ratused. However, his friends persisted, puth and much improve the appearance of and finally he agreed to give them a trial. The effect was beyond his most sanguine expectations, as the Pink Pills have drivens away every trace of his pains and he is able to go about his work as usual. As might be expected, Mr. Allen is loud in his praise of Pink Pills, apt to soare teams. They assured the and was quite willing that the facts of his case should be given publicity, hoping that it might catch the eye of some one who was similarly afflicted.

Dr. Williams' Pink Pills act directly upon the blood and narves, building them anew and thus driving disease from the system. There is no trouble due to either of these causes which Pink Pills will not cure, and in hundreds of cases they have restored patients to health after all other remedies had failed. Ask for Dr. Williams' Pink Pills and take nothing else. The gennine are always enclosed in boxes the wrapper around which bears the full trade mark "Dr. Williams' Pink Pills for Pale People." May be had from all dealers or sent bost raid on receipt of 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams Medicine

Rev. R. Boville, Anti-Coercion, and Mr. Samuel Barker, Remedialist, the Tory Candidates for Hamilton-An Opponent for Mr. Edgar in West Ontario.

Cayuga, May 20 -The Reform convention of the county of Haldimand and Monck met at the Court House this afternoon for the purpose of selecting a candidate to contest the county in the coming election. Representalives were present from every section (1 the county and the utmost unanimity prevailed. The president, Dr. Thompson, occupied the chair. Adam A. Davis was made the unanimous choice of the convention by a standing vote, and his name was received with Mr. Davis is an old resident of this county, and highly respected. He for several years was reeve of the township of Seneca, is an ex-warden of the county, and is now county treasurer.

Boville and Barker in Mamilton. Hamilton, May 20 .- (Special)-Four or five hundred men were closely packed in Arcade Hall to-night, when the Conservative Convention for the nomination of candidates for the coming election took place. The meeting was exciting and noisy. President John Milne E. A. Dolley, Major Hendrie, P. N. Kitson, J. G. Bowes and others.

Ald. McAndrew, Ald. Colquhoun and Stuart Livingstone were also nominatevident that the anti-Remedialists were in the majority. The second ballot gave Rev. Mr. Boville the necessary majority, and then the excitement began in earnest. A surprise resulted, when it was found that Mr. Samuel Barker was elected on the third ballot, as it was considered that the Boville vote would follow Mr. Livingstone. As it is, one candidate (Mr. Boville) is anti-Remedial, and the other straight

Stouffville, May 20 .- A Convention of Liberal-Conservatives took place here to-day to nominate a candidate for West Ontario, Mr. Wocdcock, barrister, Newmarket; Col. N. F. Paterson, barrister, Uxbridge; Dr. Hunter, Lemonville; Robert Miller, Brougham; Arthur Johnston, Greenwood; William McCormack, of Vivian, and Mr. Poucher, of Brougham, were nominated. All retired except Col. Paterson and Mr. McCormack, and the ballot gave the last named a large majority. Mr. McCormack, in accepting the nomination, announced himself as opposed to the coercion of Manitoba.

Dr. McMillan for South Huron. Brucefield, May 20 .- A convention for choosing a candidate in the Reform interests for South Huron was held here to-day. There was a very large turnout. There were two names before the convention, John McMillan, the late member, and George McEwen of Hensall. Mr. McMillan received a substantial majority on the first ballot, and his nomination was then made unanimous by a standing vote.

Mr. Corby in West Hastings. Belleville, May 20 .- The Liberal-Conservative convention held here this afternoon unanimously nominated Mr. Harry Corby, ex-M.P., as their candidate for West Hastings. Mr. Corby accepted the nemination.

To Oppose Mon. Dr. Mentague. Cayuga, May 20 .- At the Liberal-Conservative Convention here to-day Mr. Adam A. Davis was nominated to oppose Hon. Dr. Montague in Haldimand

Toronto, May 21. Mr. John Ross Robertson is still undecided as to accepting the nomination for East Toronto. When seen at Lis residence late last evening Mr. Robertson stated that it would be known by to-night who would be the anit-Remedial standard bearer in the riding. North Bruce, Yesterday. Tara, Ont., May 20 .- A large and enthusiastic meeting of the supporters of Mr. H. T. Potts, independent candidate of North Bruce, was held here to-day. All parts of the riding were delegates being present. The utmost harmony prevailed. The following resolutions were unanimously carried: "That we express unbounded confidence in the leaders of the Patron cause throughout Canada." "That we, the independent electors

of North Bruce, take this opportunity of expressing our unbounded confidence in D'Alton McCarthy for the noble and patriotic stand he has taken upon the Remedial Bill and his course upon the tariff question of this country. ernment failed to carry out the promise made in that city by Sir Charles Tupper. Hugh John will have an early opportunity, even if the Government should be sustained, of carrying out his pledge, for when . was a Tupper known to fulfil his promises? But Hugh John turned a complete somersault on the question of Remedial Legislation. Perhaps he will do the same with reference to the Hudson Bay Railway.

Sir Adolphe Caron has suddenly developed a keen desire for the success of the Government, from which he was recently ousted. What the consideration is to be has not been announced, but it is supposed to be the succession to the High Commissionership. He may also have the handling of a campaign fund, which is familiar work and pays well.

The White family always like to have a representative in Parliament. W. J., a son of Richard White, of the Montreal Gazette, is going to oppose Mr. Scriver, the Liberal candidate in Huntingdon. L,A., were received on Tuesday, was this one, "No Coercion." This was rather rough on the Government, whose leading plank in the campaign is Remedial Legislation. Another motto was "Welcome J. P. Whitney, Ontario's next Premier." The parties who prepared this welcome failed to give the date when Mr. Whitney was to succeed to the Premiership. Prophesies of a similar character were indulged in for many long years on behalf of Mr. Meredith, but they always failed to materialize. The Winnipeg correspondent of The Mail professes to believe that the mandement issued by the bishops will help Hugh John in his election. The faith thus displayed is of the heroic kind, wich is able to move mountains. At the same time the correspondent adds 'If the hierarchy had remained silent, it would be better for all concerned." We fancy it would certainly have been better for Hugh John. Mr. Coatsworth, the East Toronto

coercionist, is becoming alarmed at the prospect of being left at home, and Hon, Dr. Montague and Mr. Whitney, leader of the local Opposition, came up yesterday to consult with him. But East Toronto has ceased to be a sure Government seat.

There has been a drop in the price of butter. And this in the face of a general election. Prof. Robertson should hasten to the rescue. The price must be kept up, even if the country

has to pay the difference. A report from British Columbia states that the prospects for the Liber al candidates are bright. There seems to be little doubt that Vancouver Island will go for Mr. McInnes and Re-

Oshawa, May 20.-Last night a special westbound freight train on the G.T.R. got off the track about four miles east of this place. In one of the cars was a man, evidently asleep, stealing a ride and the unfortunate was killed instantly. He was brought to Oshawa Junction station. Coroner Coburn did not deem an inquest necessary after he had heard the facts. He had on his person 45 cents in cash and a pledge against using intoxicating liquors, signed by James R. or James P. Cook, witnessed by Richard Gentleman and James Spreck. He was evidently a shoemaker by trade and a member of the Knights of Labor.

Most people feel benefitted and invigorated after drinking a cup of Tea or Coffeethe good kind-but yet many fail to appreciate the importance making a careful selection when purchasing a supply. The chances are that if a pedlar from the city happened along at the time they would put faith in his statement that his were the choicest lines to be had for the money, and would buy his nasty, adulterated stuff.

For years we have been paying special attention to the Tea and Coffee trade, and twice a year visit Montreal to attend the Sales. We buy largely, we pay spot cas's, and in return insist on getting the best brands in the market at the lowest prices cash buyers can command. By so doing we are enabled so offer values and qualities that have made our Teas and Coffees household words in hundreds of homes in Victoria County.

Could we but impress upon people's minds that in nearly all cases when they buy inferior Teas and Coffees they can get the best at our store for the same money, we would be compelled to enlarge our premises in a short time; however, we are gaining customers steadily, and month by month the praises of our Teas and Coffees are sounded more loudly than ever.

Comparison is what we invite. We believe we sell the best Teas and Coffees in Victoria County; if we did not we would not say so. We believe we have exceptional advantages and that we can prove it to you.
