EDITORIAL NOTES.

The advocates of Sunday cars in Toronto achieved a victory on Saturday last, carrying the by-law by a majority of 321. men's demonstration for May 21th, with The struggle was one of the keenest ever an interesting program of sports and fought in the city, and the vote the largest ever polled.

The inspection of the ballots cast in the North Ontario bye-election took place in the office of the clerk of the crown in chancery at Ottawa on Saturday, with the Dublin, Ireland, has consented to deliver following result: 4,811 ballots were found a patriotic address. those considered good, 2,414 were marked for Graham and 2,397 for Macleod, giving the liberal-patron a nominal majority of good, 13 rejected, and 38 spoiled. Mr. Laurier has set a good example for ron-partisanship ill connection with military matters in selecting no less than riding with her brother on the farm roller, three prominent military members of the opposition to accompany him to England in connection with the jubilee celebration. It is hard to believe that were Sir Charles Tupper in the same position he would mons, Ottawa, on Saturday, asked for have so distinguished himself. Who ever the incorporation of R. J. McLaughlin,

The total distance of the proposed road is about 90 miles and it has been unknown, prisoners have been may be operated by either steam or electricity. The capital stock is \$200,000. The bill went through without any opposition, management has been of the grossest the minister of railways' clause being added to it, as it will be to all similar description. The commission recommends the dismissal or retirement of all the chief officers. We purpose giving next week the text of the report submitted.

Toronto Telegram: It is very chivalrous, and all that, for the conservative leaders to weep over the woes of the civil for the party. Until times improve the civil servants in Ottawa will be much better off than the majority of the people from Port Hops to Toronto than the way who are helping to pay their salaries. This circumstance has no relationship to Mr. McHugh.—Yours, the principles of abstract justice, which should be the law of parliament, but it has a good deal to do with practical politics, and the practical truth is that at this time the country is vastly more interested in its own hardships than in the grievances of the civil servants.

The Quebec liberals claim a collective the individual majorities are very large. Railway Notes. -The Grand Trunk has issued a new

summer freight tariff to go into effect at once between Peterboro, Lindsay, Toronto and points west. The schedule will also apply to the Erie & Huron R.R., I. B. & O. R.R., the Lake Erie & Detroit River, the Michigan Central, the Arnprior & Parry Sound, the Tilsonburg, Lake Erie & Pacific div., and the T. H. & B. R.R.

The Elliott Benefit. The very unfavorable weather militated somewhat against the success of the benefit baseball match last Friday for Geordie Elliott, who lost his left hand in a Huntsville mill on May 7th, and is now in the hospital. About 150 persons witnessed the game between the Watchman and Hamilton nines, the latter winning the six innings match by the score of 4 runs to 2. The sum of \$27 was realized.

A Former Lindsayite Dead Many of our older citizens will learn with regret of the death of Peter Mc-Donald, who years ago was the trusted clerk of John Chisholm, then in the grocery and liquor trade. Later on—about 1833—he entered into partnership with Mr. Richard Touchburn, our present reeve, in the same line of business, in the premisis now occupied by Blackwell & Co.
About eleven years ago Mr. McDonald went west and located in Sloux Falls, Dakota, but a little over a year ago he returned to his mother's home at Fenelon Falls, his health having become seriously impaired, United States and Great Britain bought and sold.

Better Mail Service Wanted. [To the Editor of THE POST.]

SIR,-Now that we are getting a fast train service, would it not be an opportune time to agitate a more convenient mail it is conducted at present. Let our merchants lay the matter before our member,

Not Dead, but Sleeping. [To the Editor of THE POST.] SIR,-Are we going to have any day of

sports in Linday this summer? If so, it is nearly time to be getting at it. It is now too late to do anything for May 24th, but Jubilee day and Dominion day are, either one, appropriate for a celebration. It is majority of about 5,000 votes. Some of too bad the business people of our town are so indifferent to their own direct interests as to sit down and see excursion after excursion of Lindsayites going and spending their money in other towns and to counteract this impoverishing tendency.

A Correction. [To the Editor of THE POST.] SIR,-We noticed an item in your daily of Monday re two car loads of export cattle, which you state were purchased by Mr. Vanzant, of Stouffville, which is not correct. They were purchased from us by Messrs. Bowmanville. Mr. Vanzant, we under-stand, is one of Massey-Harris & Co.'s head agents for implements. We have no acquaintance with the gentleman named, so you can beware of the party who gave you this information in future —Yours,
