LINDSAY, FRIDAY, MAY, 28, 11897. EDITORIAL NOTES.

Mr. Flynn is said to be following Tupper's example and loading up the provincial office roll. Mr. Marchand should buy a guillotine.

Toronto Telegram: Had the Crown Prince Constantine, of Greece, been born of poor but honest parents, indications are not lacking that he would have made a most successful clerk in a shoe store, or given him command of an army, and of the commissioner. As Mr. Hutton at times she would rally and repeat verses had no seconder the amendment was lost, of scripture and portions of old hymns. the head of it. the head of it.

The French government is watching the movements of the Yankee tariff schemers, and its conclusions are reflected in the action of the Panama canal directorate in ordering that all supplies of machinery, etc., for the work must be of long drawing, and Mr. Currins moved, French manufacture. Those Yankee seconded by Mr. Robertson, that the reeve firms which had been looking forward to and Mr. Hutton purchase a pit in S. W. big orders for dredges, steam shovels, drills, engines, etc., have to thank McKinleyism for shutting them out.

We learn that the Canadian Pacific Railway Company is doing a very good work in many English districts. It has been carrying on a most successful course of lectures on Canadian subjects in English villages. No fewer than a hundred and fifty applications for delivery of such lectures were received from schools of different grades throughout the country - a fact which in itself is remarkable lot No. 24, be included in said beat. evidence of English interest in Canada | Carried. and the scope that exists for this class of work. OPS COUNCIL MEETING.

communications - Road-making Machinery - The Rifle Butts - Other Matters of Interest. Ops council met pursuant to notice on Tuesday, May 25th, at 10 a.m., all members present. The minutes of last meeting were read and duly confirmed.

COMMUNICATIONS. From Sawyer & Massey Mfg. Co., Hamilton, recommending their road machine as being the choice of the Dominion government for the Experimental Farm,

Mr. C. A. Besser, agent of the Austin Mfg. Co., Chicago, addressed the council a' some length, setting forth the merits of their stone crusher, how it is rapidly taking precedence of all others both in Canada and the United States, and is in dispensable to the making and maintaining of goods roads.

Mr. Thomas Cuff, pathmaster, beat No. 83, explained to the council that several in his beat had been urging him to remove the fanca crossing the 5th con. line at lot 24, that their cattle might have owcer of the land between said con. line store staff, has disposed of his Comet access to the river.

and the river, had told him that it was wheel and has placed his order with Agent difficult to procure fercing timber at present, and requested that the matter be deferred till autumn. The members of the Rifle Association asked for an extension of time to remove their rifle butts, saying they would soon be using long range rifles, and are pros-

pecting for a new site. In view of the situation the following resolution was then by Mr. Hopkins, that the time for removing in splendid condition, and we may now passed: Moved by Mr. Hutton, seconded the rifls butts and opening the roadway expect some creditable records. northward therefrom to the river, be extended to the first of November, 1897, shall, be responsible for any accident that may occur in connection with said rifle butts until their removal.-Carried. PLEAS FOR SPECIAL ROAD GRANTS.

Hickson, John Caughlin and others, called the attention of the council to certain roads in their vicinity that were scarcely passable, and asked that special grants be made for them. The council assured them they would endeavor to comply with their requests as far as possible, but should keep the road appropriations within certain limits, or the taxes would be much higher than last year. ROAD APPROPRIATIONS.

to the pressing requirements of the 23rd of April, at the advanced age of 72 After due deliberation of the council as country roads Mr. Currins moved, seconded by Mr. Hutton, that the sum of \$2,200 be appropriated for Op3 public roads for the present year, and that it be divided and expended as follows,—viz: West of the river and south of Oakwood road, \$366; west of the river and north of Oakwood road, \$366; east of the river and north of middle line, \$525; east of the river and south of middle line, and west of 7th con. line, \$500; Reaboro division, \$443. Reeve Eilis then suggested that either Mr. Hutton or Mr. Hopkins should be commissioner for Reaboro division, but the council were unanimous in appointing

the reeve, whose administration had been so satisfactory in that division last year. Mr. Hopkins moved, seconded by Mr. Carrins, that road jobs or contracts be let to ratepayers of the township only. Mr. Hutton moved in amendment that the letting of contracts be at the discretion favored the amendment, and since the council differed in opinion on the matter he desired to have the yeas and nays recorded, which were as follows: For amendment, Hutton and Ellis; for the motion, Hopkins, Currins and Robertson. The council then considered the advisability of purchasing more gravel to save Ops if the quality of the gravel and the price asked be acceptable to them; that Mr. Thos. Murtha's offer for his pit be accepted, and that the purchase of the Le pit be at the discretion of the com-

missioner.-Carried. Mr. Hopkins moved, seconded by Mr. Robertson, that Mr. David Reid be appointed pathmaster of beat No. 63, in place of Mr. Wm. Reid, who has moved from the road beat .- Carried. Mr. Currins moved, seconded by Mr. Hopkins, that a resolution passed by this

council June 29 h, 1896, defining road beat No. 84, be rescinded, and that all streets between St. Patrick-st. and 6:h ccn. line, and between the Lindsay boundary and On motion of Mr. Robertson, seconded by Mr. Hutton, accounts amounting to

Mrs. Catherine Forrest. The subject of this sketch died at her home in Verulam on the morning of the years. She came to this township with her husband, Mr. Thos. Forrest, over 35 years ago, when the country was quite new and its privileges and comforts very few. The greater part of her lifetime was spent in the service of God, having united with the church when quite young, and ever tried to live a true, consistent, christian life. She dearly loved her bible, and always encouraged and taught the importance of family worship. She was a kind, benevolent neighbor and friend, and a loving, tender mother. During the last few months she was confined to her home, and a great deal of the time to her bed, but she was very patient and submissive, confessing to the friends who visited her and to her pastor, Rev. J. W. Shier, her firm, deep trust in a present, glorious Saviour. The last few days were very painful. Much of the time she was kept under the influence of morphine, but moments were spent in talking to her children about her hopes in the sweet beyond. The children feel great comfort in the fact of their mother's victory. She has gone on before to learn of higher and better things in the spirit world. She longed to depart and be with Jesus, and with her head pillowed upon the Savionr's bosom she ended her pilgrimage, upon
