The Millinery

If we traded in "cheap" millinery as some folks do, we would not expect success. One important feature of this millinery stock is that nothing in it is "cheap" in quality. Some of the creations of our milliners are lowly priced, to be sure, but "cheap" millinery never enters this store. Some new conceits, most economically priced, await you.

LINDSAY, FRIDAY, MAY 5th 1899.

TOWN AND COUNTY DASHES HERE AND THERE

Lindsay and Pontypool

Peterborough Times: The Lindsay board of trade are memorializing the Dominion government to renew the charter of the Lindsay, Pontypool and Bobcaygeon Railway. Our friends in Lindsay then lead me to have become discouraged over their previous failures conveyed over the past few months. If Peterborough were one-half as zealous in the matter of a road to the north country, the road would soon become a reality.

C. L. A. Notes

The regular meeting of the society was held Monday evening last. Arrangements have been made to run an excursion to Fenelon Falls on May 24th on the steamship "Alice-Ethel" and baggage per steamship. Miss R. Ross, Secretary, has been appointed in the Committees have been made in the interests of this excursion, and the society are using every effort to make this outing the best of the season. Posters will be issued in a few days giving full particulars.

Railway Notes

—It is said that President Pusey, of the I.B. & O.R.R., intends running his line to Almonte.

—Midland harbor is not yet clear of ice, but it is expected that navigation will open on Monday. A number of grain vessels are expected in the course of the week.

Tennis Notes

—All those desiring to join the club are requested to notify the secretary at once.

—The rolling and levelling of the grounds has been completed and the courts are in excellent shape. Play will commence as soon as the new nets and balls come to hand.

Sound Heathen Logic

"As I understand it," said the heathen, "you propose to civilize me." "Exactly so." "You mean to get me out of habits of idleness and teach me to work." "That's the idea." "And then lead me to simplify my methods and invent things to make my work lighter." "Yes." "And next I will become ambitious to get rich, so that I won't have to work at all." "No." "Well, what's the use of getting such a roundabout way of getting to work now?"

Bicycle Notes

—Mr. Will Goodwin, agent for the Racylee, reports a brisk demand for that popular and speedy mount.

—The Oakwood-Little Britain road is in good condition, and many of our riders take a trip around the "belt line" every evening.

—Mr. Bernie McAlpine will be in a position to do all the racing for local riders this season. He had a new Racylee pacing machine, which is geared up to 120.

—Ladies should not get wheeling in long skirts. Last evening about 8 o'clock a young woman got into difficulties while wheeling up Lindsay-st. and had it been daylight her position would have been very embarrassing. It took a passer-by or half-an-hour to liberate her skirt from the gearing.

Obituary

—After a lingering illness, there passed away on Tuesday at the family residence, Ridout-st., Mary Anetta, wife of Mr. E. Williamson, photographer, at the early age of 38 years. Her demise is a sad event and will prove a great loss to the various organizations with which she has been associated, especially the W.C.T.U. and Ladies Auxiliary of the Y.M.C.A., in which she was a faithful and earnest worker. The bereaved family wish to extend our sympathies. A funeral took place Wednesday afternoon at Riverside cemetery, and was largely attended.

Another Hotel Change

Many of our readers will learn with regret that Mr. Edward Daly has finally decided to retire from the hotel business. After a long and creditable career, Mr. Geo. Hunt, of Elmvalle, near Earle, will be his successor, and was in town recently making arrangements for the purchase and transfer of the license. He will take possession on Wednesday or Thursday, and is a very well spoken of, and will take a careful of the hotel man to hold the large trade so long enjoyed by Mr. Daly, but the latter thinks Mr. Hunt will fill the bill.

Lake and River Notes

—Capt. Varcoe, of Bobcaygeon, steered the Maple Leaf into Port Tuesday, The staunch little vessel has been greatly improved, and as neat as paint judiciously applied could make her. The shaft was bent a little last fall during low water, and as the dry dock at Bobcaygeon is flooded, Capt. Varcoe will make repairs on the slip here.

—The Str. Dawn, owned by Mr. J. A. Ellis, of Fenelon Falls, is receiving a new hull. The work is being done in the lock at the Falls.

—Tugs are being kept at work almost night and day towing logs to our mills. There is an immense quantity to be moved, and they will have a very busy season.

From the Pacific Slope

Mr. Nelson Vanier, one of the oldest and most expending timber in the Dominion, returned yesterday from Vancouver Island, where he has spent some months in Mr. Boyd's interest. He is in better health than for some years and says the fine climate of the Pacific Coast province is great for building up a body. Mr. Vanier has explored timber lands from the pine berths of British Columbia, and from Labrador to the Yukon gold discoveries he sailed the small boat from Vancouver and has led him into many adventures and thrilling situations. He will spend a couple of months in this section before returning to the Coast. It may interest our readers to know that he thinks the present rush to the Klondike is not a movement, and says that while there is undoubtedly plenty of gold there is an undue amount of speculation and unqualified endurance, and a fat wallet to venture there now with any chance of success.

LOCAL BREVIETIES.

Town and County Items of Interest

—There are 14 barber shops in Peterborough, and 7 in Lindsay.

—The Lindsay steam laundry is now in full operation, and is doing first-class work.

—The first train-load of ties cut this season left the Rathbun Co's yard here on April 29th.

—Mr. McMillharge shipped a load of hogs to Peterboro, and a car of cattle to Toronto, to-day.

—Squire McDowell and O. Bigelow spent Monday at Sturgeon Point and say that the damage by the ice shore to boathouses and wharves is trifling.

—Mr. Wm. Brooks has applied for and received a license for the old Macfarlane hotel at Young's Point, in Smith township.

—Mr. David Rea, of Reaboro, has secured a large number of cattle for his North on May 13th.

—Mr. Brown, late of Manchester, has resigned his position as wine clerk at the Daly home, and Mr. Ed. Clendank has been engaged in his stead.

—The farmers with new onions (to the busy market came) Reaping now, in the easy end of the green goods game.

—Dr. Neelands has great success in crowning broken teeth. Extracted teeth without pain by gas and vitalized office, nearly opposite Simpson house—wif.

—In Peterboro the police inspect the yards and lanes, and the plan works very successfully, the sanitary conditions being well looked after and promptly remedied when found objectionable.

—For the information of some who have constructed the recent action of the Ontario legislature, we may say that the grocery licenses will cost \$20 this year, as in the past. The increase does not apply to towns, villages and townships.

—Peterboro and Ashburnham combine to have barely 3,000 more people than Lindsay, yet can boast of no less than 111 grocery stores, while Lindsay has but 14 all told. Needless to say, the grocery trade in a had way in our sister town.

—The Lindsay cheese board will hold its first sale for 1899 on Friday, June 9th, in the council chamber, low Maple Leaf factory, Downeyville, has been in operation almost two weeks and a number of the other factories in this district will open next week.

—The workmen on the Balsam Lake division contract have not been getting their pay since October last, and the government will withhold from the contractor, money enough to protect the workmen and secure them their pay.

—A large gang of river drivers passed through town last week on their way to Moon River, to handle logs for Mr. Playfair, of Midland. There were 40 men in the bunch, and they were as happy as lords over the prospect of good wages, having been guaranteed \$23 to \$30 per month.

—They were sitting on the sofa the other night talking about the beautiful blossoming of the flowers in the woods, and all that gush, when he exclaimed: "I dearly love birds." Then he hastened over to the piano, and softly began playing: "I Wish I Were a Bird." They are looking for a nest now.

—An item in the police court news in Tuesday's issue stated that a well-known bartender had been fined for drinking liquor in the Veitch house after prohibited hours. The hotel keeper, who was the Veitch house, now known as the Queen's, who made this explanation because the item led to a number of people to believe that Mr. Chas. Veitch, near the post office, was the hotelkeeper at that place.

Y. M. C. A. Annual Meeting

The annual business meeting of the Lindsay Young Men's Christian Association was held in their rooms Tuesday night. Mr. E. A. McDiarmid was voted to the chair. A report of the board of directors, covering the work of the past 18 months was read by the secretary, Mr. J. B. Walker. This report showed very satisfactory progress in the various lines of work. The treasurer, Mr. F. A. McDiarmid, read a report, which showed that within a few days the association will be free of all financial encumbrances. The election of a president by Mr. R. J. McLaughlin was elected president by acclamation. The ballot for directors resulted in Messrs: A. Fisher, M. Sisson, F. W. Sutcliffe, B. F. Reesor, R. Campbell, J. L. Allan, Dr. Clarke, Judge Harding, E. A. Hardy, Dr. White, and Judge Minto.
