### OBITUARY.

The Late Joseph Windrem.

Another of Em'ly's ploneers departed this life on Sunday, April 30th, in up on a post by the side of the line, the person of Mr., Joseph Windrem, at the ripe old age of 82 years. Mr. Windrem was a native of Ireland, but moved to Canada and settled in the township of Em'ly many years ago. which, when struck by the wheel of the Deceased was an enterprising and industrious farmer, and was highly respected by his large circle of friends One sister, Mrs. Thos. Wilson, of Emily, seven sons, Messrs. George, of Orange Line, Em'ly; Samuel, John and Armstrong, of T.ny; Joseph, of Waverly; William Henry, of Cavan; Isaac, of Lindsay; and Louis, of Emily, and four daughters, Mrs. C. Allan, Toronto, Mrs. Fyke, and the Misses Letitia Ann and Mabel, of Emily, are left to mourn the loss of a kind and loving brother and father.

OPENING DAY FOR CRICKET.

Lindsay Will Likely Have a Good Eleven This Year -Some New Players Made a Good Start at the First Practice Match.

Thursday afternoon ast our crickeetrs met on the Collegiate grounds for their first practice. There was a large turnout of active players and a fair number of spectators. Sides were chesen, and some good cricket was witnessed. Dr. Walters was conspicuous at but with his old-time defence and hitting ability, also Mr. Littie, with the ball, at bat and in the field. Messrs. Baker and Short also put up a good game at bat, as well as trundling the

In the matter of fielding, honors are equally divided between Wesley Greer and R. Ham'lton; these men accepted everything batted in their direction. Mr. Greer pulled downa phenomenal catch. As soon as he got his eye on it he went up in the atmosphere, and when he returned to the ground again, he had both hands round the ball, and everybody howled.

Among the juveniles, we have some who acquit themselves like old veterans, viz., General Wheeler, Norman McSweyn and Dug Paton. Wheeler is a beautiful little bat, and is a credit to his old coach, Mr. Mosgrove, whose pupil he was at Kirkfield for some time. Mr. Brodie moved about with such agility, that he, too, should be mentioned with the juveniles, Messrs. Widdess, McAlpine and Ewart werealso in the game, and before the season is far advanced will no doubt have a place

on the first eleven. The crease was in good shape, and Mr. Passmore says he is determined to keep it so. If he does, we believe we are safe in saying that Lindsay will develop one of the best batting clubs in Canaada. Men might play cricket on hard pan until the day of judgment, without oproving. We have the material, let us have the ground. To-morrow evening at 4 o'clock the marrie dmen of the club will meet the

Church Notes. -The season on which we are now entering is a perplexing one for the average minister of the gospel. What kind of a sermon is best calculated to hold the attention and keep the interest of the summer Sunday worshippers? What service will more than counterbalance the pleasures of the evening walk or the assemblages on lawns, where the cool breezes play upon one, and all nature seems ready to by the weary indoor toilers, professional and otherwise. Comparing these enjoyments to the sweltering heat of the for an hour, the perplexity becomes almost overpowering. A good choir, with hearty, cheerful singing, will "draw" when a sermon will not. A The woman who is lovely in face, sermon, with pre-announced startling

WATCHING THE RIVERS.

Ontario Government Guarding Against the Export of Logs by Michigon

The Ontario government has staioned forest rangers at the mouth of the principal streams flowing into Lake Huron, the Georgian Bay and Parry Sound, in order to see that no logs are exported to the United States except these cut previously to the prohibition coming into force. The rivers so watched are the Mississauga, Thessalon, White Fish, French, Magnetawan and Sequin. The Crown Lands department does not believe that any of the Michigan lumbermen will attempt to export in defiance of the law but deems it best to be on the safe side by guarding against such a con-

An Interesting Judgment.

single men. It will be a game worth Monetary Times, Toronto, May 5th: At the last division court at Glencoe the case of the Free Press Co. 7. Edwards was tried. It was an action on account to recover three years' subscription to the Daily Free Press. Catarrnal Powder is Used to Prevent Plaintiff proved that defendant had taken the paper regularly from the The wife of a prominent physician of post-office, and was therefore entitled to pay for it. Defendant alleged that he never subscribed for the paper; that one Carson Adair, who lived in the and in whose name it had been sent, had ordered the paper; that when he went away he had made a present of the paper to defendant, and had insrtucted the postmaster to deliver it to the defendant, who had imagined that Adair had paid for it, otherwise he would not have taken it. The judge held that defendant, having taken the paper, got the benefit of it, and should have stopped it if he did not want it. Judgment for plaintiff.

work-loving people. But you must get the genuine-imitations are always a source of disappointment, and a waste of money.

Nervous Debility

WEAK AND NERVOUS.

Mr. Austin Fancy is a well known blacksmith living at Baker Settlement, a hamlet about ten miles from Bridgewater, N. S. Mr. Fancy is well known in the locality in which he lives. He is another of the legion whose restoration to health adds to the popularity of Dr. Williams' Pink Pills. Mr. Fancy related his story of illness and renewed health to a reporter of the Enterprise as follows :- " During the last winter, owing I suppose to overwork and impure blood, I became very much reduced in flesh, and had severe pains in the muscles all over my body. I felt tired and nervous all the time, had no appetite and often felt so low spirited that I wished myself in another world. Some of the time, necessity compelled me to undertake a little work in my blacksmith shop, but I was not fit for it, and after doing the job, would have to lie down; indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes, I felt a decided relief. The pains began to abate, and I felt again as though life was not all dreariness. By the time I had used six boxes I was as well as ever, and able to do a hard day's work at the forge without fatigue, and those who know anything about a blacksmith's work will knew what this means. Those who are not well will make no mistake in looking for health through the medium of Dr.

Pink colored pills in glass jars, or in any loose form, or in boxes that do not bear the full name "Dr. Williams' Pink Pills for Pale People, are not Dr. Williams'.

The genuine are put up in packages resembling the engraving on the left, with wrapper printed in red.

Sold by all dealers in medicine or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.
