Stock Notes.

—By an oversight the name of Mr. P. O'Neil was committed from the list of purchasers at the recent J. C. Smith sale of high-class equine stock. Mr. O'Neil purchased a fine year-old colt by Fred Henry; dam, Ida Wild. Price, $50.

Lindsay Board of Education.

The regular monthly meeting of the board of education was held Tuesday evening in the council chamber. The members present were: Chairman, J. R. McNeillie, and Messrs. J. D. Flavelle, R. Kennedy, J. Kennedy, P. G. Pilkie, R. J. McLaughlin, D. R. Anderson, J. D. Macmurchy and Col. Deacon. After the minutes of the last regular meeting had been read and confirmed a communication was read from Mr. Harrington of the collegiate staff, asking that his salary as commercial master be raised to $950; also one from Mr. J. Head, likewise requesting an increase partly on the ground of extra work done in the monthly collection of fees from pupils. Both applications were referred to the finance committee.....A report from Inspector Knight was read, detailing the results of recent examinations in the different rooms and calling attention to various repairs and additions to furnishings required. It was referred to the managing committee.....Mr. McNeillie stated that Mr. Jos. Pyman of the east ward, a separate school supporter, had asked him to allow his child to attend the public school. The matter was discussed for some little time, and finally Principal Broderick was instructed to interview Mr. O'Brien upon the subject.....A report was read from Headmaster Broderick, calling attention to the crowded condition of the primary classes in the different ward schools. Some 80 children had entered at Easter, and this number would be increased. It was also pointed out that Miss Husband conducted a music class after 4 o'clock with great satisfaction, and for this she should receive some compensation. Permission to dismiss classes on the afternoons of June 30 and 31st in order that teachers may read the papers of the promotion examinations was granted; Miss Husband's case was referred to the finance committee, and the managing committee will deal with the matter of accommodation. The report of the finance committee, read by Mr. J. Kennedy in the absence of the chairman, Mr. Stewart, was adopted.....Principal Harstone reported the average attendance during May at the collegiate Institute to be 220, and asked that the institute formally close on June 24th. Prof. Clarke of Toronto to deliver the closing exercises. This was acceded to. The attendance at the public schools during May was 803. The report of the managing committee was read by Mr. Macmurchy. Items amounting to $34 64, mainly for work done about the institute grounds, were passed; also $43 92 tree planting, improvement of lanes, etc., about the public schools..... During the evening Mr. Anderson called attention to the use of old-fashioned desks in some of the rooms—they were too high for the little children, and caused them to assume unnatural attitudes. He advised that during the holidays the managing committee should consider the question of buying new desks..... Mr. Macmurrony said to make the change would entail an outlay of between $600 and $700. It was decided that the committee should report, after which the board adjourned.

The Waterworks.

Work upon the Lindsay waterworks system is now fairly commenced. The foundations of the building in course of erection at the foot of Mary-st. are nearly completed. The pump-house will be 24x29, the boiler room 24x48, and the coal room 22x29—all under the one roof. About thirty men are at present employed, but as soon as the excavating begins the number will be increased to one hundred or one hundred and fifty. The iron piping, according to contract, must be delivered here by July 1st, and the necessary gates and hydrants for the entire system will be on the ground by the middle of July. The stand-pipe, which will be 110 ft. in height, with a diameter of 16 ft., will be built of steel plates, and will be erected on the height of land near the agricultural grounds.....Mr. Wm. White is superintending the construction of the building, which is a sufficient guarantee that every stone and brick will be "well and truly laid."

Celebrating Dominion Day.

[To the Editor of THE POST.]

SIR,—I notice dodgers calling a meeting to arrange for a Dominion day celebration. In view of the fact that the bulk of the people take advantage of cheap excursion rates offered by railway and steamboat companies on that day, and that the town will be deserted, would it not be well to consider the propriety of spending our money to better advantage. I would suggest letting everyone show their loyalty by a go-as-you-please program for July 1st; and let the citizens arrange for two civic holidays in August. One to bring people to the town on a fixed date, providing creditable amusements for all classes, keeping open the stores and all places of business after the big day, for the benefit of the clerks and employees. We could have a big time in this way, and it would be profitable for all concerned. Let us try something sensible.

WIDE AWAKE.

Personal.

—Mrs. McAmmond of Rochester, N.Y., is visiting friends in town.

—Mrs. J. F. Crowley of Peterboro is at present visiting friends in town.

—Mr. Percy Soanes of this town has passed his first year's exam. at Wycliffe.

—Mrs. (Dr.) Burrows is at present in Millbrook visiting her brother, Mr. Geo. Needler.

—Mr. T. J. Anderson of Toronto was in town Sunday visiting his cousin, Miss Murray, of the public school staff.

—Mr. N. A. McLean of Toronto is holidaying in town, the guest of his brother, Mr. H. R. McLean of THE POST.

—Mr. W. Farquharson of Toronto spent Sunday in town. Will. is now on the road for Robt. Thompson, wholesale grocer.

—Mr. George Newton, editor of the Canadian Press, Campbellford, spent Saturday and Sunday last in town with friends.

—Mr. A. V. R. Young, J.P., of Peterboro, was in town Tuesday on business connected with the Standard Life Assurance Co.

—Miss Morris of Chicago, who has been attending Whitby ladies' college, spent a few days in town last week with her friend, Miss Gregory.

—Mr. John Kells was in Millbrook Saturday last on a brief visit to his sons, Messrs. R. H. and J. C. Kells, two of the leading business men of that burg.

—Mr. Wm. Flavelle, of Dundas & Flavelle Bros., leaves town this week on his annual trip to the great dry goods marts of England and the continent.

—Mrs. Cowdry and Miss Cowdry of Simcoe have decided to reside in Lindsay for the summer. Mrs. Cowdry is mother of Mr. W. H. Cowdry, the well-known grain buyer.

—Mr. A. B. Goldie left town Monday evening last for Montreal, from which port he sails for England this week. It is his intention to return to Lindsay again early next summer.

—Mr. R. H. Jarvis, inspector of agencies for the Ontario Mutual Life Ins. Co. of Waterloo, has been in town for a few days past looking over the town in company with Mr. T. A. Middleton, local agent.

—Mr. L. O'Connor, jun., son of Mr. O'Connor of this town, passed his third year's exam. at Toronto university, taking honors in several subjects. Mr. O'Connor is receiving cordial congratulations on his very creditable work.

—Mr. T. A. Middleton, district agent of the Ontario Mutual Life Ins. Co., was at the annual meeting of the company on the 26th, and reports a most satisfactory year and a very pleasant meeting. Mr. Middleton is one of the most effective agents in the company's service.

—Mr. Fred. Bigelow, son of Mr. Silas Bigelow of this town, has passed his second year's examinations at Toronto university most creditably in every subject. His success is all the more creditable as he was suffering from an attack of rheumatism during the progress of the examinations.

—Dr. W. E. Tilley, P.S.I., has been laid aside for over a week, the result of a kick in the leg from a horse in Cartwright. It is a wonder the limb was not broken, as he got a forceful blow. He is still confined to bed on account of the accident. Drs. Beith and McDonald lanced his leg Saturday and removed a quantity of clotted blood. The wound is doing well and he hopes to be around again soon.—[Bowmanville Statesman.

Hymeneal.

—A Belleville despatch of Tuesday says: "Miss Maria Cummins, one of Belleville's wealthiest citizens, was quietly married in St. Michael's Church here to-day by Rev. Monsignor Farrelly to Alex Blanchard, principal of the Peterboro business college, formerly of this city. Miss Dolan acted as bridesmaid, while Mr. Blanchard, medical student, Toronto, brother of the groom, did the honors of groomsman. The happy couple went west." We extend our congratulations to the fortunate bridegroom as well as to the bride. Mr. Blanchard is a brother-in-law of Mr. J. A. Gilloogly of this town.

—Tuesday evening last Mr. T. F. Matthews, son of Mr. George Matthews of this town, and manager of the Peterboro branch of the business, was united in marriage with Miss Ella Stratton, sister of Mr. J. R. Stratton, M.P.P. The ceremony was performed by Rev. J. E. Trotter at "Ardyn," the residence of the bride's mother. The bridesmaids were Miss Nellie Creighton and Miss Mary Stratton; the groom was supported by his brother, Mr. R. C. Matthews of Lindsay, and Mr. A. R. Stratton. The bride looked charming in white bengaline silk, trimmed with thread lace, and wore a veil with orange blossoms, and diamond ornaments, the gift of the groom. After a reception and elaborate wedding supper the happy couple left on a lengthy honeymoon trip, to extend as far south as Richmond, Va.

—The many friends of Mr. Neil Carmichael of Toronto, brother of Mr. Alex. Carmichael, and some years ago a member of Mr. A. Campbell's staff, will be pleased to learn that he has become a benedict. The happy event took place Wednesday evening of last week at 22 Costingham-st., the bride being Miss Jeannie Kirkwood, only daughter of Mr. Alex. Crawford, court reporter. Mr. Alex. Carmichael supported his brother on the occasion. The presents were exceptionally numerous and valuable, many coming from Dakota and other far away points. The Saturday evening previous the other travellers connected with the firm of Messrs. H. P. Eckhardt & Co. presented Mr. Carmichael with a handsome silver tea set of six pieces as an earnest of their good-will. Many friends here wish the young couple every happiness.

—One township lost another of its fair daughters Tuesday in the person of Miss Minnie Corrigan, daughter of Mr. and Mrs. Owen Corrigan, who has been wooed and won by Mr. J. J. Martin, a well-to-do farmer residing near Stratford. The marriage took place Tuesday morning at 7 30, in St. Mary's church, Vicar-General Laurent performing the interesting and impressive ceremony. The bridesmaid was Miss Mary Martin, sister of the groom, while Mr. Bernard Murray of Emily, cousin of the bride, lent his assistance throughout the happy couple, and a large number of friends drove to the residence of the bride's parents, who are among the oldest and most respected residents of the township, where the wedding breakfast was awaiting them, after which the day was spent in general jollity. Mr. and Mrs. Corrigan left by the evening train for Stratford, carrying with them the wishes of a host of friends for their future happiness. The presents were numerous, as the bride had a large circle of friends.

Local Brevities.

—Bass and maskalonge fishing commences Thursday next, 16th June.

—Church's Cold Water Alabastine in new colors or walls and ceilings at W. A. GOODWIN'S.—104-tf.

—Sturgeon Point hotel will open for the season on June 20th. Already a number of applications for rooms have been received by Mr. Simpson.

—Monday last was the first anniversary of the death of Sir John Macdonald, and flags were at half mast on the public buildings and on many private residences.

—SOANES' is the place as usual to get reliable Pot Flowers, Pot Tomatoes, Celery. Flowers of all kinds. Give us a call. Opposite the Bank of Montreal.—103-tf.

—If you have not seen the new style in Hats call at CARTER'S, where you always depend on securing the very latest and cheapest. CARTER, The Cheap Man.—96-tf.

—Mr. Geo. Buskin, missionary, desires to acknowledge through our columns the receipt of $17.04, contributed in Lindsay in aid of Algoma and Northwest evangelical and colportage missions.

—The man Thomas Shouldice, who was brought up from Bobcaygeon on Thursday last by Constable Blewett charged with indecent assault, received his trial before County Magistrate Deacon, and was sentenced to six months in the central prison.

—Wednesday a break was made in the solid line of antiquated verandahs extending from Carter's dry goods store to Gregory's drug store, and now Mr. John Kennedy's block stands out in pleasing relief, the fronts graced by two of Turner's handsome awnings.

—The Citizens' band intend giving their second promenade concert Friday evening next, June 17th, in the skating rink. The members are practising assiduously, and the program will comprise some musical gems. The small admission fee, ten cents, should attract a large attendance.

—Saturday last a base ball match took place on the high school grounds between the Peterboro and Lindsay collegiate teams, resulting in a victory for the home team, the score standing 25 to 3. Some of the visitors played good ball, but the team as a whole was too light to hope to overcome our champions.

—The Lindsay horticultural society intend holding an exhibition of flowers and small fruits in the council chamber on Dominion day, for which a liberal prize list has been arranged. Strawberries and cream, pretty flowers and choice music should and no doubt will attract our citizens in large numbers.

—It may not be generally known that at the last session of the Ontario legislature an important amendment was made to the landlord and tenant act, by which the clause exempting certain articles from seizure is eliminated. Heretofore necessary articles, such as a stove, six chairs, personal clothing, etc., could not be seized for rent, but now "everything goes."

—At the last meeting of council the clerk was authorized to make out a list of all children of school age for the use of the headmasters. It is suspected there are a number of children who are either kept at home by their parents or are guilty of systematic "scheming." With the new list to work upon the truant officer, Mr. D. C. Trew, will make it decidedly hot for both parents and children.

—Mr. J. B. Knowlson and his sons Arthur and Harry, accompanied by Mr. E. S. Martin, spent a couple of days this week whipping a trout stream near Bethany, and returned with 196 beauties." Fact. Mr. Knowlson, sen., who is an experienced angler, succeeded in catching the even one hundred, while the other three made up the ninety-six between them, honors being about equal.

—Complaint is made by property owners in town who have spent time and money in planting choice flower and fruit trees to beautify their premises at the manner in which passers-by break and destroy these trees in their eagerness to appropriate the choicest bunches of flowers on the overhanging branches. We understand an example is to be made of some of these flower thieves, and it is high time. Patience has ceased to be a virtue.

—Wednesday evening as the excursion from Scugog Island was leaving the locks for home some young scamps threw a handful of gravel at the people on the deck of the barge. Some one jumped off to chastise him and his friends rallying to the rescue a very pretty row was soon in progress. As the scow was moving out the Scugog Islanders were compelled to give up the struggle and leap aboard before they could revenge the slight put upon them. One of the urchins who threw the gravel was caught by a policeman, but was let off with a warning.

—The excursion next Tuesday to Port Perry under the auspices of the Catholic literary society will no doubt be largely attended. The passage will take about four hours, but the beautiful scenery en route—just now at its loveliest—will charm the attention constantly and make the trip one to be remembered. The committee in charge will have a well-stocked refreshment booth on board, and those not wishing to look after a basket can be supplied with appetizing lunches. The steamer will take on excursionists at the various landings above the town.

—In compliance with a petition signed by a large majority of the business firms of the town dealing in dry goods, clothing, millinery and fancy goods, and duly presented to the town council, that body, as directed by statute, have passed the necessary by-law making it compulsory to close all establishments engaged in the above businesses at six o'clock in the evening, except on Saturday and the days preceding any public holiday. It will be well for purchasers to make a note of the above, as an infraction of the by-law involves a serious penalty. The by-law is now in force.

—A regular meeting of the town fathers was held Monday evening in the council chamber, all the members being present No business of importance awaited attention, and an early hour adjournment took place in order to allow the members to scan the waterworks hydrant plan. Reeve R. Kylie presented a report giving the tenders sent in for street lighting by the gas company, the Victoria Electric Light Co. and the Lindsay Electric Light Co., and after a short discussion the report was referred back for further consideration. An adjourned meeting will be held probably this evening (Friday).

—Lovers of boating are again wrestling with the old bathing grievance. Almost any evening the various bathing places, both down and up the river, boys and young men may be seen disporting themselves in nature's garb, despite a by-law backed up by a force of three police officers, and boating parties not only have their sight offended but are exposed to various ribald remarks while running the gauntlet past these places. During the pleasant summer evenings many young ladies employed in stores club together in several parties and take their lunch up the river, and the experience they have to undergo at times is most unpleasant. The authorities both of Ops and Lindsay should give this matter prompt attention.

—Wannamaker's True Irish Hearts Co. reached town Saturday last from Omemee, somewhat in distress through playing hard luck. The manager hails from Trenton, and having in some manner obtained certain rights in a circus band wagon and pavilion tent took the road confident that he would scoop in the shekels easily. Saturday evening, owing to wet weather, the company played in the opera house, and at 2 a.m. Sunday Wanney mounted one of his horses and leading the other spurred briskly out of town in the direction of home, abandoning his company and wagon. By a lucky accident one of the members succeeded in making the raise of $100, and generously applied it in liquidating the hotel bills of his fellow artists, who have decided to still try and hold together as a company.

—The powerful new Wheelock Cross-Compound engine purchased by the Sadler, Dundas and Flavelle Milling Co. from the makers, Goldie & McCulloch of Galt, was started up for the first time Tuesday last. That it worked smoothly from the first turn of the massive flywheel is much to the credit of Mr. Jas. Buchanan of Galt, under whose superintendence the "setting up" has been done. Owing to his superior management the work of preparing the massive stone foundations and placing the engine went on busily without interfering with the output of the mill, while at the same time the engine house was being enlarged. The new engine is of 300 h. p., with high and low pressure cylinders and condenser, is handsomely nickel plated and weighs about 25 tons. The boge driving wheel alone weighs 1,3000 lbs. In order to demonstrate the total absence of jar Mr. Buchanan stood a cent on edge on top of the low pressure cylinder with the greatest ease. Power is imparted to the main shaft by means of a "rope drive" instead of the usual belting, the wheels being grooved to receive and hold the ropes. The new boiler is not yet connected, but Mr. Wm. Hungerford is at work upon the fittings. The old engine and boiler will hereafter be used to drive the machinery in the saw mill.

Any Size Window fitted with shades and patent self-rollers by W. A. GOODWIN.—104-tf.

Old Bottles! Old Bottles! The highest price paid for old bottles—pints and quarts—flasks, etc., at the Auction Mart, opposite Benson house.—109-2.

General Sporting Notes.

—The Barrie-Orillia bicycle road race that was set down for this week has been unavoidably postponed until June 22nd. Entries can be made up to the 18th.

—The popular trotting mare, Minnie Moore, met with an accident, that may necessitate her retirement from the turf, after winning two heats in the open race at Dundas last week.

Railway Notes.

—Train service on the Chemong branch commences Monday next.

—Freight business is not very brisk at present. Very little grain is passing through from the Midland elevator.

—The Grand Trunk railway has offered a reward of $500 for the discovery of the person or persons who placed the obstruction on the Grand Junction track that wrecked Conductor Fair's train.

Furnaces. The J. F. PEASE FURNACE Co. of Toronto, Ont., are putting in one of their celebrated Economy Heaters in the new bank building of the Dominion bank in this town. This company is prepared to supply WARM AIR FURNACES, Hot Water and Steam Heaters placed complete in your house ready to light a fire at the lowest prices. No dust, no dirt, and no inconvenience to have these furnaces put in old houses as well as new. Write the above company for circulars describing these furnaces. Estimates made and tenders given without charge.—106 8.

Building Notes.

—On Simcoe-st., south ward, Mr. E. McGrath is erecting a comfortable two-storey frame residence.

—Mr. John Kells has the contract for an addition to the house occupied by Mr. Robt. Bell, on Francis-st.

—Mr. J. Dovey is building two brick-veneered dwellings on his lot on Lindsay-st., east ward, adjoining the railway track. They will be 19x26 in size, with kitchens 12x20 attached. Mr. Robert Egan has the contract for the foundation work.

Lake and River Notes.

—The Port Perry Standard says: "Capt. Crandell's new boat, the Crandella of Lindsay, arrived at this port Wednesday afternoon of last week and in the evening she ran an excursion down the lake which was largely patronized by the people."

—Dr. McCamus's new steamer is rapidly assuming a "ship shape" appearance. Carpenters are now framing the upper works, and painters and calkers are at work upon the hull, the lines of which call forth the warm praise of local boatmen. The engine and boiler have not yet arrived, and the delay is causing some inconvenience.

Salvation Army Notes.

—The Salvation Army excursion to Bobcaygeon on Tuesday next should be largely patronized. Complete arrangements have been made for the comfort and convenience of those who attend. A carter will be on hand to meet the boat and bring the baskets to the grounds, where hot and cold water can be had. D. C. Sharpe of Toronto will be present and hold a meeting in the park in the afternoon. With good music and pleasant weather an enjoyable trip is anticipated. It would be wise to secure your tickets early, as only a limited number have been issued. The Crandella will leave the Lindsay-st. wharf at 8 30 a.m., returning early in the evening. A cordial invitation is again extended to the public to attend. For further particulars see posters.

Y. M. C. A. Topics.

—The young men's meeting will be held next Sunday as usual at 4.15. All young men are cordially invited.

—Notwithstanding the heavy rain last Sunday afternoon the young men's meeting was a very profitable one. Rev. Mr. Adams of Haliburton gave a very interesting and practical address on on the words "Quit you like men." It is to be hoped that the young men of our town will have an opportunity of hearing him again ere long.

—Preparations are already being made for the removal of the association to the new rooms. The ladies committee has undertaken to provide the additional furnishings which will be required because of the larger number of rooms. The assistance and co-operation of the ladies of the town is necessary to the accomplishment of this task. To this end a public meeting will be held on Thursday evening next, the 16th instant, at 8 p.m. sharp, in the association rooms, to which all ladies are invited. Brief addresses will be given, setting forth the nature and scope of the Young Men's Christian Association work, and the valuable assistance ladies may render in carrying it on. Let all keep the date in mind and please to attend.

Obituary.

—Many friends in this district will learn with deep regret of the death of Joseph Williams, head miller in the Victoria mills of this town, which took place Wednesday last at the age of 47 years. Deceased was born in Ludlow, England in 1845. Eight years later he came to America with his parents, who settled in Watertown, N. Y., when his father engaged in the milling business, he assisting. About 1860 he came to Canada and married Miss Mary Anne Thompson, who survives him with four children. Mr. Williams was well known in this and adjoining counties, having held positions in some of the best mills. He was in the employ of Mr. Finlay for about ten years, who esteemed him highly as a good, honest, trustworthy man and a fine workman. Mr. Williams was a consistent member of the Methodist church, and in politics was a liberal-conservative, but always willing that every man should enjoy his privileges without hindrance. He was a member in good standing of Britain lodge A. O. U. W., the members of which attended the funeral of their deceased brother in a body. The bereaved widow and children have the sympathy of many friends in their hour of trouble.

Christian Endeavor Notes.

—A meeting of the local union of Christian Endeavor will be held in the Queen-st. Methodist church on Monday evening next, June 13th, at 7 30 o'clock. All interested in Christian Endeavor work should try and attend the local union meetings, as they are of great spiritual benefit, and afford an opportunity for the members of the various societies to become better acquainted.

—The Young People's Societies of Christian Endeavor in Victoria county will hold their first annual excursion from Fenelon Falls and Lindsay to Washburn's Island. The steamer Crandella will leave Fenelon Falls at 7.15 a.m., calling at Ball Point at 7.45 a.m. and at Lindsay at 9 30, arriving at the Island about 12 o'clock. Returning the boat will leave at 4 p.m., arriving in Lindsay at 6.30 and in Fenelon Falls at 8.30 p.m., thus giving excursionists about four hours to explore the Island and admire its beauty. Arrangements have been made to hold a meeting during the afternoon which will not last more than an hour, where methods of carrying on the work in the country will be discussed. No effort will be spared to make this meeting both enjoyable and instructive. Let all endeavorers come and enjoy a pleasant day with their friends. Tickets for the round trip from all points, only 25 cents.

Excursion Notes.

—The Crandella has a "moonlight" excursion from Fenelon Falls to Sturgeon Point this (Friday) evening.

—Wednesday the steamer Stranger passed through to Sturgeon Point with a large party of excursionists from Scugog Island. While on board and barge was being locked through they took advantage of the opportunity to "do" Kent-st. and rifle the candy shops.

—The excursion to Sturgeon Point Tuesday, under the auspices of the Young Men's Association of St. Paul's Church, was very poorly attended, owing no doubt to the morning having opened somewhat cool. The Allen-Ethel conveyed the party, the barge being left behind.

—A real hallelujah time is promised on the occasion of the Salvation Army excursion to Bobcaygeon next Tuesday. A grand mass-meeting will be held in the park upon arrival in order that spiritual as well as bodily benefit may accrue from the outing.

—The Sons of England Societies of Campbellford, Peterboro and Lindsay announce a joint excursion to Toronto and Niagara Falls on Tuesday next, June 14th. Fare from Lindsay and return, $1.70, giving choice of route by steamer or rail to the Falls from Toronto.

—Beaverton Lodge No. 249, I. O. O. F., announce an attractive trip for Wednesday, June 15th, to Bala, Lake Muskoka. An excursion train will leave Lindsay at 6 30 a.m. and run via Blackwater to Gravenhurst, where the party will embark on one of the fine steamers plying on those waters and proceed to Bala, at the outlet of Lake Muskoka, where the waters enter Georgian Bay by the River Muskoka. The low fare of $1.50 should attract a large crowd from Lindsay and vicinity.

With the philanthropic object in view of reducing the amount of cooking to be done throughout the country during the approaching hot weather we have laid in a large assortment of

SUPERIOR CANNED GOODS.

These are all first-class articles, well put up and thoroughly reliable. Housekeepers will do well to look over the partial list given below:

Canned Ox Tongue, Canned Beef, Boneless Pigs Feet,
Boneless Turkey and Chicken, Sardines, Lobsters, Mackerel, Salmon and Condensed Milk.

Canned Tomatoes, Canned Corn, Canned Peas and Peaches.

SPECIAL INDUCEMENTS TO CAMPING PARTIES.

CARPETS! CARPETS!

A new lot bought at a reduction of 20 per cent. will be sold 20 per cent. less than regular prices. This is a Genuine Bargain and now is the time to take advantage of it.

OUR COTTONADES, TICKINGS, SHIRTINGS

and all Colored Cottons were bought before the manufacturers' combine, which raised the price of these Goods 15 per cent., but we are selling at the old price, without regard to the recent advance.

GENT'S FURNISHINGS.

We have a nobby lot of Tweeds and Trouserings. Call and see them. See our assortment of Shirts, Collars, Cuffs and all kinds of Neckwear. We have the latest and our Stock is complete.

DONT FORGET THE PLACE. TERMS CASH.
