-Tuesday morning last as the Esturion enter-ed Drummond's bay on the downward trip it was observed that several scows moored close inshore were on fire. Capt. Lane stopped the vessel, and securing axes and pails rowed over to the barges with half a dozen volunteers from among the passengers. After an hour's hard work the fiames were extinguished, but not till one of the barges were badly damaged. They were the property of Mr. Fremont Crandell. The fire is attributed to sparks from a passing

Again we are pleased to record that two more verandahs have disappeared from our main thoroughfare. The enterprising landlord in this instance is Mr. John Duck, who has placed neat awnings on his block, tenanted by Messrs. Perkins and Cathro, Several other merchants would like to put up awnings, but their landlords tyrannically refuse to allow the old relics of twenty years ago to be touched. Its about time the council developed spirit enough to compel the removal of the few that now expose our town to the ridicule of all visitors.

Friday evening last Mrs. James Bryson of Ops met with an unpleasant experience on Kent-st. She was driving a spirited young horse when a sudden plunge of the animal snapped the gearing connecting the front and hind wheels, and he ran away. The back portion of the covered buggy fell forward upon Mrs. Bryson, completely covering her, but she was quickly rescued from her unpleasant position by some bystanders, having sustained but a few scratches The horse, dragging the front wheels of the vehicle, was caught near the residence of Mr. Graham, Ops.

—Monday afternoon last a barn-raising contest took place on the farm of Mr. John Tully, adjoining the Ope swing bridge. Mr. Wm. Miller of the east ward had the contract for the building, which is 40x60 in size, on a stone foundation, and all the timbers fitted perfectly. About seventy-five of Mr. Tully's neighbors had gathered, and they formed into two gangs under George Maloney, captain for the east, and J. A. Fitzpatrick, captain for the west. When the word "go" was given the men jumped to their work, and never were timbers handled in livelier fashion. In just twenty-eight minutes from the fashion. In just twenty-eight minutes from the time of starting the last tap was given the completed structure. Mr. Fitzpatrick's gang came off victorious, as they have many times before. The C. L. A. excursion to Port Perry last
Tuesday was one of the most successful yet held
under the auspices of that society. Calls were
made at the various up-river landing places,
and when the last had been made about four
hundred people were on board the barge in tow
of the Alice-Ethel. A stiff gale retarded progress somewhat, but as all were enjoying themselves little grumbling was heard at the prospect of a shorter stay at the Port than was contemplated. An hour was spent seeing the templated. An hour was spent seeing the "sights" of the village, and Lindsay was reached again at 9.30. The trip down the river "in the gloaming" was particularly pleasant. Nothing occurred to mar the pleasure of the outing, and the various committees deserve great credit. The net proceeds amounted to a handsome

Since the visit of Mr. Guelich of the Ingersell Paving Co to our town some ten days ago considerable interest has been evinced by a number of our leading citizens in the matter of asphalt walks. As will be remembered Mr. Ross, manager of the Dominion bank, asked the council to put down a walk made of that material about the new bank building, and enquiries made of Mr. Guelich showed that an asphalt walk could be put down from Hopkin's law office to Carr's hotel for about \$1,300 At this rate both sides of Kent st. could be so constructed for about \$4,000. The material resembles pre'ty closely the payement in front of the post office; is guaranteed for five years, and will remain good long after Lindsay has and will remain good long after Lindsay has blossomed into a city. The frontage assessment plan is recommended by all.

—An unique event in the runsway line occur-red in town Monday last. About 11 o'clock a son of Mr. John Hickson of Manvers was drivson of Mr. John Connolly of Ops, arrived Tuesday to spend a short holiday with friends.

The maddened runaways in his butcher cart. The maddened runaways reared to leap over the whole outfit, but just as they did so Mr. Bartlett's horse bolted to one side, and in his efforts to restrain his horse he was pulled out of the cart. Salvation Army Notes.

-Capt. Moore, on behalf of the Salvation Army, wishes to say that Mr. Crandell and his aids spared no pains to make the excursion very enjoyable one for those on board, and that the greatest kindness was shown to all; also as regards the cettlement of finances there was not the slightest difficulty. This testimony is un-

—A large crowd assembled at the Lindsay-st. wharf on Tuesday evening as the Crandella returned from Bobcaygeon with her load of 250 happy excursionists, who had spent a most enjoyable day with the Salvation Army. Everything had been arranged with a view to the comfort, convenience and entertainment of those who attended, and all returned well pleased with the day's outing. With brass band, organ and various other instruments, good music was the order of the day, varied by an immense mass meeting in the park, led by D. O. Sharpe of Toronto. The army scores another success.

Victoria County Council. The June session of the Victoria county coun cil opened Tuesday. The usual routine business has been under consideration. Report

A correspondent suggests that a moderate allowance should be placed at the command of the county treasurer and the chairman of the county property committee for the improve-ment of the court house grounds. Some general scheme of improvement should be adopted, and an allowance voted each year. A small amount judiciously expended would greatly beautify the grounds. This is done in many other coun-

Another correspondent suggests that a fine photograph should be taken of each warden, suitably framed and hung in the council chamber or corridors. If all ex-wardens now living were photographed a very interesting series would be provided, and as time went on they would be historically valuable. The fact that we have this year a very good-looking warden is one reason why this suggestion should be acted upon—but "unbeknownst" to him.

It is expected that Patrons from other counties will take advantage of the cheap railway rates to Lindsay and attend in large numbers. Steamers will meet the trains

The Salvation Army people of Lindsay and their friends enjoyed a pleasant trip to Bobcay-geon Tuesday last, when their annual excursion was held. There is reason to believe that the conciences of some of the residents were quickened at the prayer meeting held in the park—if so the usual crop of fish stories may come within the bounds of probability.

Church Notes. -The Rev. Robt. Johnston, paster of St. Andrew's church, will occupy his own pulpit next Sunday, having returned from the meeting of the general assembly at Montreal-

-Next Sunday evening Rev. Newton Hill, pastor of the Queen-st. Methodist church, will preach, by request, on the "Immortality of the Soul. Service at 7 p.m. as usual. -Mr.Wm. —Sunday morning last 26 young girls and 27 boys made their first communion at St. Mary's church, at the 8 o'clock mass. The girls wore white veils and wreaths, and the boys were tastefully dressed for the occasion. In the afternoon at 3 o'clock the children were invested with the scapular of Mount Carmel in the presence of a large congregation. Vicar-General Laueent de ivered an impressive instruction to the children.

-A very pleasant and profitable meeting of the W. F. M. S. of St. Andrew's church was held at the old price, without regard to the recent all value.

sth. Mrs. Shortreed, home secretary of the general society, addressed the meeting. Advantage was taren of her visit to invite the members of the other missionary societies be longing to the different churches in town to an "At home." After devotional exercises by Mrs. McLennan, the precident, asolo was beautifully rendered by Miss Aggle Jackson, after which the reports of the secretary and treasurer were given. Mrs. Shortreed then addressed the meeting, and her carnest, stimulating words will not soon be forgotten by those who had the urivilege of hearing her. She first spoke of the Peterboro were in town Monday making at the excursion of St. Peter's reachments for the moment he feared that some of his senses had left him, but happening to glance up King-st.
