

A BOMB TO SCATTER HARD TIMES.

Here is Where Your Dollar Will Buy a Big Dollar's Worth.

5,000 SUITS 5,000

WE BEGIN JUNE WITH THIS LOT:
1100 Boys Suits. 758 Big Boys Suits. 457 Youth's Suits. 866 Men's Suits

Shipped to a house in British Columbia, stopped in transit on account of failure of the B. C. men, bought by Gough Bros. at exactly half price. The goods are New, Bright and Well Manufactured. Every line a King. We can afford to sell at prices that no dealers have ever reached. Come in and ask for our British Columbia Stock, and see how low we have made prices.

PRICES THAT WILL TELL.

1100 BOYS' SUITS—\$1.50 to \$4.00. Cut the price in two and you have our Sale Price.
758 BIG BOYS' SUITS—3 pieces \$2.50 to \$8.00. Cut the price in two and you have the exact figure paid by us to McKenna & Thompson for this great stock.
458 YOUNG MEN'S SUITS—This lot consists of the Very Finest of Fine Goods. Consider what a snap when you can get a \$10 Suit for \$5.

866 MEN'S SUITS—Mostly all Fine French Worsted Suits, Black, Grey and Fawn, made in Sack Straight Cut and Morning Coats. This is probably the finest lot of Ready-to-wear Garments ever brought to Lindsay. Suits made for the Western trade, sold there from \$15 to \$30. Don't lose track of the fact that we have bought them at half price, you know the rest. TAKE IN THE BIG SALE.

GOUGH BROTHERS,

THE WONDERFUL CHEAP MEN, LINDSAY AND PETERBOROUGH.

THE WEATHER.

Report for week ending Saturday night, June 2nd, 1894.
Temperature.
Highest—72.6—Sunday.
Lowest—52.6—Tuesday.
Warmest day, mean of—69.0—Tuesday.
Coldest—42.9—Tuesday.
The week—52.3.
Precipitation in inches.
Greatest fall of rain in one day, 0.88, Saturday.
Rain fell on 6 days.
Total rain-fall, 2.03.
The average rain-fall for May month in this locality for the past 14 years was 2.51 inches. The largest quantity during that time was 4.5 inches, in 1880. During the month now passed there fell the unprecedented quantity of 7.68 inches, or nearly 80 tons weight—113,776 gallons—on each acre of land.
T. BEALL.

LINDSAY, FRIDAY, JUNE 8, 1894.

TOWN JOTTINGS.

Militia Notes.
The following changes were gazetted in the last military general orders, issued June 2nd—
The Prince of Wales Canadian Dragoons, Cobourg—Veterinary Surgeon J. W. Bland has been permitted to retire; to be veterinary surgeon, Thomas Johnston, vice Bland, retired, Cobourg company garrison—Capt. David McNaughton is permitted to retire, retaining rank; to be captain, Lieutenant Nell F. MacNaughtan, vice D. McNaughtan, retired; to be lieutenant, second Lieutenant Edmund A. MacNaughtan, N. F. MacNaughtan, promoted.
An important innovation, as affecting the militia of Canada, has been brought about by the minister of militia. For those members of the Canadian militia force who desire to have the benefit of instruction in soldiering with her majesty's forces, arrangements have been effected whereby courses of training may be taken at Halifax; either in artillery or infantry drill duties and interior economy. All ranks will be entitled to avail themselves of the new arrangements. The courses of infantry instruction will be as follows: (a) Two courses annually of three months each, which may be extended by half ranks; (b) six courses of one month for officers only.
Lieut. Col. Laxer, in command of the 18th Battalion at Belleville for the past 20 years, has been dismissed by Gen. Herbert, and his name removed from the list of active militia. The colonel's offense was in granting the use of the militia drill hall to Mr. Corby, the conservative M. P., for a great demonstration in honor of Sir John Thompson and colleagues. The incident will likely lead to a peak of trouble for Mr. Corby if he resigns his seat in the House unless Mr. Patterson, minister of militia, intervenes with Gen. Herbert's order then the incident will result in a sharp bit of discipline, but then an officer of 20 years' standing should know his duty by this time, and duty is the guiding star of the true soldier.

Excursion Notes.

Owing to the unfavorable weather the canoe club trip to Ball lake, announced for Tuesday last, had to be postponed.
The annual picnic of the farmers of Verdun and Fenelon will take place tomorrow (Saturday), to Jacob's Island, as of yore.
Remember the Mechanics' Institute excursion to Burleigh Falls on Thursday, June 14th. Five hours' sail through the grandest scenery in the world. See posters for hour and prices.
The Independent order of F. Mesters of Bridgforth and Selwyn will "picnic" at Jacob's Island on Tuesday of next week. They may rely upon the most hospitable treatment from Mr. Galvin, the genial proprietor of the summer hotel at that beautiful resort.
The excursion to Boboogoon Wednesday, under the auspices of the Janesville Methodist Sabbath school, was largely attended. The Columbian made the trip in fast time, and Capt. McCamus pleased all by his courtesy and evident solicitude for their comfort.
Don't forget the excursion tomorrow, (Saturday), to Jacob's Island, per Ste. Crandelle, under the auspices of Hartley Council No. 537. R. T. of T. Pleasant sail, good programme on board, and plenty of amusements on the island. Boat leaves the new wharf at 9 o'clock a. m.
The annual excursion under the auspices of the Oakwood Council No. 30, Canadian Order, (Saturday), will take place on Friday, June 22nd, at Chemong, per Ste. Crandelle, calling at Sturgeon Point and Boboogoon. A good time is expected. The Oakwood brass band will be in attendance. Boat leaves new wharf at 8:30 a. m., returning in the evening at 6:30. See posters.

Bicycling Notes.

John S. Johnson will attempt to break the one mile record on June 23rd.
T. W. Cooper, of Detroit, broke the ten mile bicycle record at a road race held at Richmond, Mich., a few days ago. He covered the distance in 36 minutes and 10 seconds, being nearly a minute and a half better than the former record.
Rev. Dr. Sudder, pastor of the Jersey City Tabernacle, last Sunday advised his congregation that the bicycle is an excellent aid to health, and may be used with advantage on Sunday by those living at a distance.
A French bicyclist has just crossed the Alps, by the Mont Cenis pass, on his bicycle. The weather was unfavorable, and the road was made slippery by snow and rain. This is the first time the feat has been accomplished on a bicycle.
A bicycle dealer says that in his opinion there will be no women's wheels constructed in three or four years, for all women riders will then be wearing "bloomers" or something corresponding thereto, and will mount their wheels just as men do. At present, on account of the difference in the frames, women's bicycles are heavier than men's.
"In answer to 'Cyclist' and others interested, the best defense against attacks of ferocious dogs is a small squirt gun charged with liquid ammonia. Give it to them in the face and they will remember it for a long time. It can be made of an old rubber bulb, fitted with a fine nozzle, and is easily carried in the right-hand coat pocket. If 'Cyclist' will send address to Box 203, Orléans, I will give him instructions about how to make it. We are afraid B.M. is doing a doubtful service in indiscriminately arming people with a weapon liable to such cruel abuse."

An Old Battle Recalled.

Toronto Evening Star, Wednesday.—When the Grand Orange Lodge was meeting in Lindsay a week ago the members took a trip down the lake, and Major Sam Hughes felt that he stood on the hurricane deck and his coat-tails flared out to the breeze, and waving his hand as majestically as Alexander Selkirk ever could, spoke thus:
"Behold how fine a land we have captured from the grits. We can tell you, gentlemen, it took Hughes, of fighting stock, to win such a victory."
Many times did he repeat this. At first it was interesting, then it became amusing, and at last it palled on everyone, and it is said one good Tory Orangeman called him to one side and asked for a description of the bout with Reeve Kyle.
Sam was loath to talk, but he faltered out that "We took one hand from our overcoat pocket and slapped him across the face."
But in another corner of the boat an eye-witness of the now historic event told a story something like this:
"Some words passed and Hughes, white with rage, struck Kyle twice in the face. Then Kyle drew off and struck the major on the nose and sent him reeling on the ground."
"In order to avoid a second blow in the face from the brassy arm of the blacksmith, Sam crawled away on all fours, and would have been crawling yet had friends not interfered with the reeve to let the M.P. for North Victoria live."

South Victor a Agricultural Society.

A meeting of the directors of the South Victoria agricultural society was held in the council chamber, Lindsay, on Saturday last, June 2nd. Members present: Wm. Lowmabrough, president; W. H. Hunter, Jr., secretary; P. S. Mark, T. Conolly, Wm. Thornyky, T. H. McQuade, absent; T. Robertson, John B. Graham, E. H. Hopkins, Robert Bryans, Eugene Shine. The president gave a verbal report of the meeting of the Fair Association held in Toronto last spring. A motion was then moved and carried requesting the government to stop the annual grant to the Agricultural and Arts Association of \$5,000. They also tried to stop the extra grant of \$100 to each county society, but the motion was declared lost. A communication from the governor-general, and also one received by Mr. Charles Fairbairn, M. P., from his secretary, were read. The directors, in general, expressed their disapproval of the grant to the Agricultural and Arts Association of \$5,000, but they will try and keep up in view for another time. On motion the communication was received and filed. On motion the use of the grounds was granted to the students of the College for the annual sports, to be held on June 6th, for the sum of one dollar.
On motion the committee who had the sports on the grounds on the 4th of May was granted the use of the grounds to finish their sports on the 14th of June for the sum of one dollar.
Moved by Thomas Connolly, seconded by Wm. Thornyky, that the following be a committee on printing: Messrs. W. D. Hunter, Jos. Rickaby, the secretary, president and the mover.—Carried.—Moved by W. D. Hunter, seconded by P. S. Mark, that the following be a committee to revise the prize list: T. H. McQuade, Wm. Thornyky, John B. Graham, Jos. Rickaby, Thos. Conolly and Thos. Robertson.—Carried.—Moved by W. Thornyky, seconded by Jos. Rickaby, that the committee on sports for our exhibition be composed of the following gentlemen: Messrs. R. Bryans, E. Shine, E. H. Hopkins, P. S. Mark, T. Conolly and the secretary.—Carried.—Moved by Wm. Thornyky, seconded by P. S. Mark, that the following gentlemen be a committee to solicit subscriptions for the Central exhibition: Messrs. F. S. Mark, Jos. Rickaby, T. H. McQuade, Thos. Conolly and the president.—Carried.—The meeting then adjourned.

Mr. Hughes' Patent Ventilator.

The following paragraph is taken from the report of the parliamentary proceedings at Ottawa on Thursday of last week: "The committee returned to railway estimates, and during the discussion Mr. McMillen extracted some trouble from Mr. Haggart that interested him very much. The minister of railways of Mr. Sam Hughes, member for North Victoria. The government had not purchased the invention, nor come to any decision with regard to it. The expense to the country, the minister said, was only two or three hundred dollars."...The minister of railways had made an expenditure of three hundred dollars for the purpose of helping the North Victoria representative to push his patent. It is quite safe to say that three thousand dollars would be more like the sum that has been stolen from the public chest to assist Mr. Hughes in his private enterprise.

General Sporting Notes.

—Oobour and Bowmanville club played ball Tuesday last, the former winning by 17 runs to 3.
—The sum of \$500,000 would hardly purchase the train-load of horses that left the Woodbine track at Toronto last week for the Hamilton meet.
—The great English race, the Derby, was run on Wednesday last. Lord Rosebery's Ladas was the winner, as predicted, with Matchbox second, and Reindeer third.
—Mr. Martin Connors, proprietor of the Hub hotel, Peterboro, won the Toronto Mail's \$50 Queen's plate prize, having been successful in guessing the three winners for 1894. Over 35,000 guesses were sent in.
—Jak's Grandeur, the champion carman, who recently returned from the Austin (Texas) regatta with \$2,000 of winnings in his pocket, has issued a challenge to any carman in the world to row three miles with a turn for \$2,000.
—The Jackson-Corbett fight is still in the clouds. Each have \$10,000 of a side bet up, but cannot agree upon where the "mill" shall take place. Jacksonville, Fla., athletic club offers a purse of \$35,000, and the Californians want to fight there.
—Professional association football will be tried in the United States. The baseball managers have held it and clubs will be placed in Boston, New York, Brooklyn, Baltimore, Washington and Philadelphia. Several English professionals will be imported.
—The down-trodden worm has turned. During a recent baseball match at Fodeeah, Ky., the umpire became exasperated owing to the taunts and jibes hurled at him because of his decisions, and going behind the catcher, blew his brains out with a revolver. He was acquitted.

June Wedding.

are always popular. A. B. Terry has at present in his window no less than five of the choicest and latest in bed wedding cases. Don't fail to see them—1

The Ontario Elections.

Will take place on 26th of June, and in all probability the Dominion elections will be on the fall, therefore it behooves all who are not already subscribers of THE POST to send in their names once, that they may keep them to vote intelligently. Remember, we will send THE POST from present date to Jan. '95 for only 50 CENTS.

Lindsay Town Council.

A regular meeting of the town fathers was held Monday evening in the council chamber, all the members being present. In the temporary absence of Mayor Walters, Dep. reeve Crandell acted as chairman, and reports were read as follows: From E. Maxson, calling attention to a defective drain on Adelaide-st.—Referred to street and bridge committee....An account from H. Workman for \$8 for three days' work on sidewalk, and another from W. D. Hunter, \$5.25, for a ladder, were also referred to the street and bridge committee....Chief Bell's report for May, showing that \$29.15 had been collected and paid into the treasury, was sent to the police committee as usual....Coun. Staples, chairman of finance, presented a report recommending payment of the following accounts: G. A. Little, sundries, \$8.40; W. Chipman, account, \$290.71; Kells, account, \$11; Jas. Little, sundries for fire hall, \$1.50; J. Feury, W. Eakins and G. Foster, special constables for 24th, \$1.50 each.—The report was adopted....Coun. Touchburn, streets and bridges, said he had no written report. With reference to requests for the town, as people had obtained title in the past and used them for other purposes....Moved by Dep. reeve Crandell, seconded by Coun. Robinson, that the chairman of the town property committee be authorized to expend \$5 in completing the kalsomining and repainting of the town hall interior.—Carried. Moved by Dep. reeve Johnston, seconded by Coun. Keith, that the chairman of the town property committee be authorized to have the house occupied by Mr. Syer, owned by the town, reshipped and a couple of the rooms re-plastered, at a cost of not more than \$20.—Carried....Dep. reeve Crandell gave notice that at next meeting he would bring in a bill by law to amend the market by-law by doing away with free days, and also to impose a small fee on baskets, etc....Coun. Anderson also gave notice that he would bring in a by-law to amend the carrier's by-law....Moved by Coun. Keith, seconded by Dep. reeve Johnston, that when council adjourns it should adjourn till the second Monday in July, and that hereafter this council only meet once a month during the summer....Carried....Dep. reeve Crandell referred to his responsibility re town property, and said he had been spoken to about gravel pit matters. Some persons had been taking sand and loam out of the pit, and so do not Coun. Touchburn could explain....Coun. Touchburn said no doubt the lot was under Dep. reeve Crandell's supervision, but he thought he (Touchburn) controlled the gravel. To get at the gravel it had been found necessary to shovel back the loam and sand, and he thought it better to dispose of it at once rather than leave it where it would have to be handled again. The loam had been given away but the sand had been sold for 10c, a load—the usual price when it was not delivered. He had asked just price when it would have been owned the gravel property....Dep. reeve Crandell said the pit was not sunk in the right spot at all. In a certain corner no loam or sand would be found in larger quantities....Coun. Bland thought as the gravel pit was the property of all the citizens no one should be allowed to take anything from it free of cost....Coun. Robinson upheld Coun. Touchburn's action in the matter.
