CARDEN. Special to THE POST. SCHOOL REPORT.- The following are the names of the pupils of Carden No. 1 who

obtained the highest marks for the month of Msy:—Fourth class.—Jeseph McElroy, 420; Joho Strachan, 245 Third class.—Willie Wha-lee, 280; Lizzie Hamel, 220; Rebecca Crawford, Second class - Ella Munro, 290; Wesley Munro, 2:0; Rachel McCuaig, 200. Pt. sr. second class. John Whalen, 355; John Crawford, 240 Pr. jr. second class.—Roseanna Whalen, 250; Neil McInnes, 135. First class.— Johnnie Hamel, 240; Maggie Munro, 150; Tom

BALLYDUFF. [Correspondence of The Post.] THE JUNE TEA. - The Methodist tea on June 9th was a success. The day being fine, the number present was large. game of base-ball between Janetville and Blackstock was intensely interesting. The play was sharp on both and seldom has there been a more friendly game. It resulted in a victory by a few runs for Blackstock.....The social and concert on the following Tuesday evening was also a success. The music by Messrs. L. Mc-Gill, F. and J. Porter, and S. Somerville, was well received. The proceeds of tea and social amounted to \$70. VISITOR .- Mr. Stott spent last week visiting friends in this part.

WOODVILLE.

[Correspondence of THE POST.] STORM. - A severe thunder storm took its course through here on Sabbath last. It took the roof clean off Mr. Geo. Smith's barn on the old Irish estate; levelled several fences and destroyed Arch. Carmichael's bush, also Mr. Thomas' bush; Duncan McDougell's barn was badly damaged-it a wreck; John Spence's barn was also BABY

FARMERS' EXCURSION.-The farmers damaged. Friday, was a success. The weather was A Nourishing and Health-Giving fine and hot, and train connections were good, there being about 45 minutes to wait in Toronto, which gave a chance to the excursionists to get their dinners. They reached Guelph at 3 p. m. and went straight to the farm, where they were cordially received and were shown over the experimental farm, guided by Messrs. Rennie and Savage, who gave explanations on the different kinds of grain and the mode of testing them. After examining this department they were then escorted to see the cattle and swine, and explained the different qualities of each breed and plan of feeding them. At 5.30 p. m. they were invited to a sumptuous luncheon, which consisted of sandwiches, buns, scda biscuits, cheese, tes and water, which was very much reliabed. Mr. Mills then escorted the party to the dairy department, where they were delighted with hints and tests that were given. They saw the now famous calf, Duchess No. 5, and she looks healthy and plump. Some of the party expressed the wish to get her, also the silver-medal bull was seen. S. S. OUTING.—The Presbyterian Sunday school intends to have an excursion to

Bobcaygeon on 5th Ju y. BOBCAYGEON. THE NORTH SHORE .- A unmter of the young men who were at work on the Spanish river, near Webbwood, having returned home, details of the drowning of Christy Anderson have been received. It appears the men were engaged in what is called tailing up, that is in pushing out from the shores and eddles logs which have stuck after the main body of the "drive" has passed. On the North Shore waters the lumbermen use what are called pointers, instead of the broad ended punts in use here. They are built something similiar to our punts, with the exception that they are longer, and pointed at both Long Rapids, in which are three chutes. Between each chute is a considerable third has to be portaged around, Ander tion,-85. son, Wm. Patterson and two others had run the first chute and tailed out the logs along the shore, and then proceeded to run the second chute. A jam of logs had in running over, the men had to keep as | Extractor is applied. It does its work so collected in an eddy under this chute, and close to the logs as possible to avoid being quickly and without pain that it seems Boulone-sur-Mer, France on Tuesday of carried by the rapids into the third chute, magical in action. In Memoriam. [Lines written in memory of Mrs. Thomas

Smith, aged 70 years and 8 months.] We can't tell when death will want us-Long hence or just forthwith, But we know when it came and took Our neighbor, Mrs. Smith.

Nor did he come by sickness first, And say "I'll want you soon," But came and snapped her thread of life Yesterday afternoon. She'd done her work and then sat down

To muse the time away, When inside of three minutes Her life just elipped away. The father lost a loving wife,

The family a good mother, The neighbors lost a true, true friend-Have they got such another It's very hard for all around here To that sudden call to bow,

But God says "she's Mine - I've owned her And why not take her now?" It's true she had a home down here

With all earth's comforts blessed, But now she's gone to where she will Forever be at rest. Where she shall have a mansion fair, The streets are shining gold, With Christ for a companion, and

More joys than can be told. Now since she's trod the way with ease And steered clear of all downfalls, We should all in her footsteps tread And be ready when He calls

Us for to lay our burthens down, And leave this world of care, To go possess that mansion, Christ Has gone for to prepare.

Rosedale, March 6tn; 1894.

Diet is Necessary.

TUTE FOR MOTHER'S MILK.

Baby must be weaned. The change is often fraught with great danger to the little darlings. Hundreds of babies die a few weeks after they have been deprived of nature's fount of life. No wonder we hear of so many deaths at weaning time; It is sheer nonsense to expect a weak and delicate stomach to retain prepared foods that would give indigestion to an adult. When baby is about to be weared, it is absolutely necessary to provide a food that | Ontario Natural Gas Co., was instantly contains the principal constituents of killed at Belton Monday by a working nother's milk. Science has given mothers train on the Lake Eric and Detroit River California Fig Syrup Co. the celebrated Lactated Food which is a perfect substitute for breast train, but his clothing caught and he was milk. It is nourishing, strengthening, drawn under the wheels, five cars passing

When Lactated Food is used, bables can be weaned safely and easily in the heat of summer. This scientific Food aids and corrects digestion, and protects from all the dangerous and deadly summer com-
