COUNTY HOSPITAL.

SCHEME DISCUSSED AT LAST TUESDAY'S PUBLIC MEETING.

Representative Men of the Town Endorse the Proposal-An Energetic Brought Before the County Council and Reeves of the Townships at an Early Date - Haliburton County Council Will be Asked to Assist

displayed at Tuesday night's meeting, called for the purpose of discussing the erection of a county hospital in Lindsay in commemoration of the diamond jubilee of her above scheme cannot be diverted and important bearing upon the town's future.

F. O'Boyle, R. Touchburn, Judge Dean, J. B. Knowlson, J. A. Barron, R. Ken-nedy, A. D. Mallon, E. Bowes, Rev. J. W. Macmillan, Dr. Herriman, John McSweyn, Jos. Staples, and many others. Mrs. Keenan and several other ladies also Mr. Thos. Stewart was the first called said, had been discussing the hospital question for a long time, and the council had at one time proposed to erect an isola-tion hospital and home for the aged, but pital, with a ward attached for infectious ing jubilee of Queen Victoria. The building might be called the Jubilee Hospital,

people should now be marked by the erection of a building for the sick and suffering in our midst-death often steps lack of proper nursing or isolation when the disease is infectious. The proposal to erect a hospital meant a great deal of hard start. He had he day man had left a another county where a man had left a him of the necessity of such an institution. him of the necessity of such an institution. He hoped all would give "a long pull, a legacy of a few thousand dollars to aid in he hoped all would give "a long pull, a legacy of a few thousand sum, but

wealthy person in this vicinity had granted \$5,000 towards a town hospital, but we have few men in our midst able to do as much; he had no doubt, however, that when the scheme was properly defined many citizens would aid it liberally, and a scheme, to complise members of the county council, the reeves of the various municipalities, and representative citizens burton county would no doubt assist, the townships interested should be asked to grant reasonable amounts, and finally, the people of the two counties should be asked to contribute. That night be done through

the churches, perhaps. When the building had been erected it would no doubt be found that wards would be fitted up or beds maintained by the G.T.R. employees, the Masons, Oddfellews, and other societies and organizations. To a certain extent the scheme would thus develop itself, and he felt confident that success would crown their eferts.

Col. Deacon followed Mr. Stewart. sald he had already given his views on the subject, and they had been reported in the public press. Nearly all the cities and towns of the Dominos, and many of the villages and hamlets, had planned to do something to commencrate her majesty's able indeed if the County of Victoria, be deemed best to secure the erection and maintenance named after her mijesty, failed in its event should be maked, as her majesty to express his views. He was indifferent, had suggested, by peviding some means he said, as to the reasons people gave for proposal to establish a hospital was a ence whether it was to commemorate the most commendable oe. In order to make | queen's or any other jubileeso long as all a proper start a circuar should be drafted assisted in attaining the result aimed at, and sent to the county councillors, reeves, which was the establishment of a county and persons likely o take an interest in hospital in the town of Lindsay. He had the schemes. The hepital should be built attended the meeting because he had long in Lindsay. In somelowns the physicians been convinced of the great need for such attended the patientin the hospital week of or month about, it arranged, free of had agitated it when a member of the Doughty, all carrying general stocks. The charge, and no doubt he local doctors town council over 30 years ago, but up to fire apparently started in the rear of A. would be equally thankable, at least the present public opinion had never B. Carl's premises, and spread with such the present public opinion had never B. Carl's premises, and spread with such the during the early days of the institution. There would of course be constant for the importance of hardens. There would, of corse, be quarters for the importance of having a county paying patients whoould be attended by house of refuge, where the aged their own physicia. Perhaps \$5,000 poor who are now exposed to the ignomtheir own physical. Perhaps color poor who are now exposed to the ignor. At Mr. At. Carl's residence adjoining, would be sufficient tomake a start, as the iny of being sent to gaol like criminals and also to Mr. Doughty's flour and feed building could be slarged as necessity might find a comfortable home; the presdemanded. The vinge of Mattawa, 200 ent system was a disgrace, and reflected owned by Mr. wm. Jackson, and a black-miles north of Lineay, possesses a well upon the intelligence and humanity of the smith shop adjoining, had a narrow ing, and surely Lindsy and the counties | volunteered to fit up a ward in the proof Victoria and Haburton could do as posed hospital, and he was willing to fit up a ward, (applete), and if necessary and perhaps would increase the amount

he felt convinced he ould, during a short canvass of Kent-st. usiness men, obtain subscriptions sufficiat to fit up a dozen. Mr. D J. McIntyrssaid the value and utility of a hospital fould never be really understood until de was established. Peterboro possesses to ar three hospitals, where he sick of theown and county are well car d for, and mny from this section receive treatment lere. No doubt the promoters of the schne under discussion

the county should aithe enterprise liberally the town count would do its share, and the citizens wol be generous in the way of private befactions and gifts. Many people wouldo doubt endow the firstitution when meng their wills—as a lawyer he could state many clients sought such opportantes. The scheme should be fally dissed with the county should be fally dissed with the county was an own free of debt, another present was an opportune time to poss the exection of a county house of a county house of the incorporated wit a county house of the county house of the

refuge. Mr. Stewart had referred to a proposition should appeal to the philan-possible danger in removing infected per. throphy, the charity, and the good-will possible danger in removing infected per of all. Mr. Kylie said the hospital scheme had sons to the hospital from a distance, but been before the council several times during his term of office. It was then propos-

that was done in Toronto and elsewhere without risk. The outlook for the hospital was very encouraging. ed to erect a building to serve as an isolation and general hospital and home for the aged combined, but it fell through His honor Judge Dean aroused the enthusiasm of all present by his patriotic and sensible remarks. By reason of his frequent visits to all parts of the county he had been led to realize the great neces-Committee Appointed to Look After sity of a hospital. There are communities in the north country where diphtheria the Preliminaries—The Matter to be has lurked for years as a result of lack of a ward for infectious cases, as there was a would be a grave risk in removing infected persons and treating them in the same building with other patients. He had pening all about us, and every physician isolation hospital during the past three

the pleasure of presiding over a body of families were exposed to the contagion patients for treatment. ratepayers whose proceedings were mark- owing to the impossibility of securing ed by the earnestness and enthusiasm proper isolation. As Col. Deacon had remarked, it was fitting that the people of had there been one in the town he would this royally named county should comlife and the alleviation of suffering. There tion ward might stand for the present. majesty Queen Victoria. Pity it is that a mark the jubiles as a special event, but molety of the interest manifested in the they would really be celebrating the gloriinfused into other matters having an greater than any accomplished during the important bearing upon the town's future. previous 500 years. After all, there should Among those present were Col. Deacon,

Norman and the fierce light that beats wo nan—and the fierce light that beats in her who is justly regarded as the best in her who is justly regarded sympathy with the project, and said the to all. He felt that the people of the county of Heliburton should not be overlooked-they are poor, but not abjectly poor, and perhaps suffer more owing to their situation and circumstances than the people of Victoria. In concluding, In all his experience he could not showing the necessity for an hospital, and said that if the scheme received free and had ever falled through lack of popular

> in favor of a hospital, and now the opportunity seemed ripe. The great bug- bequests from charitably disposed persons bear had always been the cost. He knew the people of Lindsay were heavily taxed, but there is such a thing as false economy, tional liability if necessary. Even if the a deserving charity in our midst it will to making a grant he would advise going

government recognized the value of human first to take advantage of a well-equipped hospital if established. For his part he would be willing to have his taxes doubled others felt the same. He did not think any man would suffer because he gave a

little money to aid such a cause-it was Mr. John Kenredy said the scheme com-the addresses he had heard had convinced legacy of a rew thousand donars to aid in establishing a hospital—a small sum, but it served as a nucleus; by-and-bye the county made a grant for the object, the county made a grant for the object, the strong pull, and a pull all together" to advance the cause they were advocating.

Dr. Herriman said he had long been of opinion that a hospital was sorely needed nty made a grant for the object, the rounding townships became interested helped in the good work, citiz ns helped in the good work, citiz ns helped in the good work, citiz ns to day the county in question has a following to their ability, and the county. At the outset he would say he was not sure that it would be wise to day the county in question has a to day the county in question has a to include the treatment of infectious that was a point that could well be settled later. There would, of course, be a they could not receive proper attention. amount of 200 per day for each patient. be appointed to consider the details of the By a return sent to him he saw that the Ontario hospitals-part of that money was ours, from which we are deriving no of the towr. Persinally, he thought the benefit. The speaker applauded Judge county should make a very liberal grant— Dean's patriotic remarks, and said they Dean's patriotic remarks, and said they lit assumed the full cost of the institution, but that could hardy be hoped for. Halibut that could hardy be hoped for. precisely the state of affairs in which the his hearty sympathy and assistance in people of Lindsay found themselves-they wanted a hospital, and had made up their mind to treat themselves to one in honor of the queen's jubilee. He might truly say that the people of Lindsay had never felt the burthen of medical attendance for the poor, owing to the fact that by a species of rivalry doctors were always found willing to treat the sick poor for

almost nothing. The establishment of a hospital was a necessity in the interests of humanity as well as economy. At this stage of the proceedings the following resolution was introduced and

Squire McDonell was next called upon

Mr. Hopkins said he felt confident that sufficient funds could be obtained to make every reason for hoping that both the county council and town council would make yearly grants towards the maintengeneral public would aid the scheme liberally-perhaps an hospital Sanday might be adopted by the ministers of the two hold back for grants from the town or county councils-they would come in good
