### **NOW FOR THE JUBILEE**

It is worth your while to remember that everything about this store is new and stylish. No sensible man wants a last year's Hat or Suit and no mother with any sense of pride will buy old Clothing for her boy. The new styles for this season are particularly attractive. We never remember anything to compare with them for elegance, and that applies to

New Hats! New Suits!

New Neckwear! New Furnishings!

Men are becoming more and more particular in regard to dress, and the best is none too good for the trade we're after. We keep to the front in style, and the more you compare the more you'll be satisfied to spend money here,

\*\*\*\*\*\*

## CLOTHING.

We're making things up as never before. The electric current of trade is generating a larger interest in this store and more people are spending money here. But everybody doesn't know yet how much we're doing to make Lindsay headquarters for fine Clothing.

We prepared for bigger business and we're getting it. This has been the best spring in our experience and money never had equal buying power in Clothing of every sort. Trade traditions are being reversed, varieties increased, goods cheapened and service improved. All the stocks are marked at very low prices and in every department are things of extraordinary cheapness.

Keep this store in mind whatever the need. Those who take the trouble to investigate will see abundant reason for the success of this business.

With the growing craze for Bicycles comes a still bigger craze for
