HEAD LAKE. (Correspondence of THE POST.) SAD Loss .- Mesers, Con. and Michael Sullivan, of Digby, met with a sad loss last week in the death of a fine young mare. She had been sick but a short time, yet despite the efforts of Dr. Broad, V.S., of Lindsay, she died on Friday, 11th inst. Their loss is a heavy one, as she was without doubt the flaest mare in the north country, her handsome appearance and magnificent proportions making har at once the subject of remark of every one who saw her. Sae was of course the especially pride of her owners and the Messrs. Sullivan have the sympathy of all in the loss of such a noble animal.

fatal accident occurred on Sabbath morning at Zion. Mr. M. Culbert, accompanied by his sister and brother, attended the morning service at that church. When returning home, a bicycle was a little ahead of him, ridden by Willie Girr. All went well until they approached the little sand hill below Mr. A. Heuderson's. Here Girr found riding heavy, and accordingly jumped off his wheel. This action frightened the horse, and instantly it turned round and ran the other way. In turning the buggy was upset, and so great was the force of the swing that the whole box was lifted from the gearing with the occupants. All three were thrown out, but beyond a few scratches, no person was injured. The horse ran wildly back to the church with the skeleton, and in turning into the shed struck the lamp post, smashing the glass. collision alarming the inmates of the church. The buggy, which was a new one, was a sorry spectacle, being a complete wreck. Even the top part of the springs were wrenched off with the body of the vehicle. No doubt the tep saved the young couple a serious or even a fatal collision with the hard ground. Excitement ran high for awhile until Mahlon arrived with the good news that all were safe. We do not think anyone was to blame, all being purely accidental; but it

Dodging the Issue. [To the Editor of THE POST.] SIR,-The improving of Kent-st. west has no doubt attracted a great deal of attention. One thing I have noticed seems to show that the sensible advice of Road Inspector Campbell has not been followed.

Mr. Campbell pointed out in a most emphatic manner that the gravel from the pit should be screened, and that it did not pay to cart earth and large round stone to put on the roads. However, the town committee knows much batter about it than Mr. Campbell, and the result is that unscreened gravel, the bulk of it large stones and earth is, being spread over the road. Would it not be well to have a few loads of gravel screened just to show there is no hard feeling against Mr. Campbell? Good Roads. -Yours, etc.,

# HOGG BROS., Oakwood

The Masons at Church. The Masonic turn-out last Sunday morning was a notable one, brethren from Fenelon Falls, Oakwood, Little Britain and Omemee being present. They march. ed to St. Paul's church, where an elequent sermon was preached by Rev. William Farncemb, of Fenelon Falls. The Lindsay band headed the possession, plaping appropriate music. There were over 100 Masons in line. We regret that space forbids more extended mention of the interesting occasion.
